Plan Administrator
Macatawa Bank 401(k) Plan
Holland, Michigan

We have audited the accompanying statement of net assets available for benefits of the **Macatawa Bank 401(k) Plan** (the "Plan") as of December 31, 2004, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of **Macatawa Bank 401(k) Plan** as of December 31, 2003, and for the year then ended, were audited by other auditors whose report dated May 4, 2004, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2004 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The December 31, 2004 supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2004 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2004 financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Macatawa Bank 401(k) Plan* ("Plan") provides only general information. Participants should refer to the Plan agreement, or Summary Plan Description for a more complete description of the Plan's provisions. Macatawa Bank is a 100% owned subsidiary of Macatawa Bank Corporation.

Description of the Plan

General

The Plan is a defined contribution plan covering all full-time employees of the Macatawa Bank Corporation ("Plan Sponsor") who have attained the age of 21, or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute from pretax annual compensation, as defined in the Plan, up to the maximum amount permissible under Internal Revenue Code Section 402(g). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan's Sponsor contributes an amount equal to 100% of the first 3% and 50% of the second 3% of base compensation that a participant contributes to the Plan. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants, plus Macatawa Bank Corporation common stock which was added as an investment option to the Plan in 2003.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor match, and an allocation of Plan earnings. Plan earnings are allocated based on the ratio of each participant's account balance to the total account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is immediately vested in employee and employer matching contributions, plus actual earnings thereon.

MACATAWA BANK
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Participant Loans

Participant loans, although not permitted by the Plan, result from participant rollovers from predecessor plans. Loan balances are secured by the balance in the participant's account, have interest rates ranging from 5.75% to 10.50%, and expected maturities through March 2007. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account as defined by the Plan agreement. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. Money market fund investments and participant loans are reported at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

The Plan Sponsor pays substantially all administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan's investment in participant loans as of December 31, 2004 and 2003 represent party-in-interest investments.

Macatawa Bank, through its trust department, serves as trustee, custodian and recordkeeper for the Plan. Therefore, all transactions between the Plan and Macatawa Bank constitute party-in-interest transactions.

The 21,361 and 7,103 shares of Macatawa Bank Corporation common stock held by the Plan as of December 31, 2004 and 2003 represents approximately 0.24% and .08% of the Corporation's outstanding shares as of December 31, 2004 and 2003, respectively.

NOTES TO FINANCIAL STATEMENTS

4. INCOME TAX STATUS

The Macatawa Bank 401(k) Plan is a prototype plan, and uses a standardized Plan document. The Internal Revenue Service has determined and informed the Plan by letter dated January 12, 2004, that the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) for tax exempt status. The Plan Administrator believes the Plan is being operated in accordance with the terms of the Plan document and continues to qualify for tax-exempt status.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, Macatawa Bank Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. RISKS AND UNCERTAINTIES

The Plan provides for investment options in various mutual funds and Macatawa Bank Corporation common stock. Investment securities are exposed to various risks, such as, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.
