Item 1.01. Entry Into a Material Definitive Agreement

Sale of Series A Preferred Stock

On November 5, 2008, Macatawa Bank Corporation (the “Company”) completed the sale of \$26.190 million of equity securities of the Company (the “Capital Investment”), as described in more detail below.

Terms of the Series A Preferred Stock

In connection with the Capital Investment, the Company established a newly authorized series of preferred stock, designated as Series A Noncumulative Convertible Perpetual Preferred Stock (the “Series A Preferred Stock”). The Company filed the Certificate of Designations for the Series A Preferred Stock (the “Certificate of Designations”) with the State of Michigan on October 30, 2008, which sets forth the preferences, limitations, voting powers and relative rights of the Series A Preferred Stock, and is attached hereto as Exhibit 4.1.

Dividends on the Series A Preferred Stock are payable quarterly in arrears if, when and as declared by the Company’s Board of Directors, at a rate of 12.00% per year on the liquidation preference of \$1,000 per share. Dividends on the Series A Preferred Stock will be non-cumulative. If the Company’s Board of Directors or any duly authorized committee thereof does not declare a dividend on the Series A Preferred Stock for any dividend period prior to the related dividend payment date, that dividend will not accrue, and the Company will have no obligation to pay, and holders shall have no right to receive, a dividend for that dividend period on the related dividend payment date or at any future time, whether or not dividends on the Series A Preferred Stock or any other series of preferred stock or common stock are declared for any subsequent dividend period with respect to Series A Preferred Stock, junior stock or any other class or series of authorized preferred stock of the Company. With certain limited exceptions, if the Company does not pay full cash dividends on the Series A Preferred Stock for the most recently completed dividend period, the Company may not pay dividends on, make any distributions relating to, or redeem, purchase, acquire or make a liquidation payment relating to its common stock or other stock ranking equally with or junior to the Series A Preferred Stock. The Series A Preferred Stock is not redeemable by the holders or the Company.

The initial conversion price for the Series A Preferred Stock is \$8.95 per share of common stock. Holders of the Series A Preferred Stock may convert their shares into common stock at any time. The Company shall have the right, at its option, to cause some or all of the Series A Preferred Stock to be converted into shares of common stock at any time after a Mandatory Conversion Event, which is any time on or after October 31, 2011, in the event that (i) the closing price of the company’s common stock equals or exceeds one hundred thirty percent (130%) of the then prevailing conversion price for at least twenty (20) trading days in a period of thirty (30) consecutive trading days, and (ii) the Company has paid in full all dividends on the shares of Series A Preferred Stock for four (4) consecutive dividend periods. However, no holder of Series A Preferred Stock will be entitled to receive shares of common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a “beneficial owner” (within the meaning of Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder) of more than 19.9% of the voting power of the Company, following such conversion, unless the Company obtains the requisite shareholder approval under NASDAQ Marketplace Rules. Additionally, no holder of Series A Preferred Stock will be permitted to receive common stock upon conversion of its Series A Preferred Stock to the extent such conversion would cause such holder to beneficially own more than 9.9% of the Company’s common stock outstanding at such time.

Holders of the Series A Preferred Stock generally do not have any voting rights, except as required by Michigan law. However, the Company may not amend its articles of incorporation in a manner adverse to the rights of the Series A Preferred Stock, issue capital stock ranking senior to or pari passu with the Series A Preferred Stock or take certain other actions without the approval of the holders of the Series A Preferred Stock. Notwithstanding the foregoing, the consent of the holders of the Series A Preferred Stock shall not be necessary for the Company to participate in the U.S. Department of Treasury’s TARP Capital Purchase Program announced on October 14, 2008.

The above summary of the Certificate of Designations does not purport to be a complete description of the Certificate of Designations and is qualified in its entirety by reference to the Certificate of Designations attached hereto as Exhibit 4.1.

Terms of the Subscription Agreement

On November 5, the Company completed a private placement of 26,190 shares of Series A Preferred Stock to several accredited investors (the "Investors"), for an aggregate purchase price of \$26,190,000.00. Between October 31, 2008 and November 4, 2008, in connection with the private placement, the Company entered into Subscription and Purchase Agreements with the Investors (collectively, the "Subscription Agreement").

As described in more detail above, the Series A Preferred Stock can be converted into common stock of the Company at any time by the holders, or by the Company in certain circumstances, at an initial conversion price of \$8.95 per share of common stock, subject to adjustment and certain limitations.

Pursuant to the Subscription Agreement, at any time following the first year anniversary of the closing of the Subscription Agreement, the holders of the Series A Preferred Stock or shares of the Company's common stock delivered in respect of the Series A Preferred Stock may exercise demand registration rights with respect to the common stock, subject to certain limitations. The holders of the Series A Preferred Stock or shares of the Company's common stock delivered in respect of the Series A Preferred Stock may also exercise customary piggyback registration rights.

The above summary of the Subscription Agreement does not purport to be a complete description of such agreement and is qualified in its entirety by reference to the form of Subscription Agreement attached hereto as Exhibit 10.1.

Board Representation Agreement

Effective November 5, 2008, the Company entered into a Board Representation Agreement (the "Board Representation Agreement") with White Bay Capital LLC, a Michigan limited liability company ("White Bay"). Pursuant to its Subscription Agreement with the Company, White Bay subscribed for and purchased 20,000 shares of Series A Preferred Stock for an aggregate purchase price of \$20 million. Under the Certificate of Designations for the Series A Preferred Stock, White Bay may convert its Series A Preferred Stock into common stock, subject to the limitation that at no time may it beneficially own more than 9.9% of the Company's common stock outstanding at such time.

Under the Board Representation Agreement with White Bay, the Board of Directors has agreed to take all action necessary to cause Mark Bugge, the designee of White Bay, to be elected to the Board of Directors of the Company. The Company currently has six directors and, in connection with the Subscription Agreement with White Bay and the Board Representation Agreement, has expanded the Board of Directors by one member to now include seven members, effective as of November 5, 2008.

The Company has further agreed to cause Mr. Bugge to be elected and maintained as a member of the Board of Directors of Macatawa Bank, a Michigan banking corporation and wholly owned subsidiary of the Company.

The Designee will have the same rights and duties and the same compensation, indemnification and insurance as other non-employee directors of the Company.

The foregoing description is qualified in its entirety by reference to the full text of the Board Representation Agreement filed as Exhibit 10.2 hereto, which is incorporated herein by reference.

Item 3.02 Unregistered Sales of Equity Securities.

On November 5, 2008, pursuant to the Subscription Agreement, the Company sold 26,190 shares of Series A Preferred Stock to the Investors at a purchase price of \$1,000 per share. The aggregate offering price was \$26,190,000.00. The Series A Preferred Stock was offered and sold to accredited investors in an offering exempt from the Securities Act registration requirements under Section 4(2) of the Securities Act of 1933, as amended. As described above in Item 1.01, the Series A Preferred Stock can be converted into common stock of the Company at any time by the holders, or by the Company in certain circumstances, at an initial conversion price of \$8.95 per share of common stock, subject to adjustment and certain limitations. The information provided in Item 1.01 is incorporated by reference herein.

Item 3.03 Material Modification to Rights of Security Holders

As part of the Capital Investment, the Company issued 26,190 shares of its Series A Preferred Stock, the terms of which are more fully described in the Certificate of Designations attached hereto as Exhibit 4.1.

The holders of the Series A Preferred Stock have preferential dividend and liquidation rights over the holders of the Company's common stock. Further, the Company's ability to declare or pay dividends with respect to, or to redeem, purchase or make a liquidation payment with respect to the Company's common stock is limited by the terms of the Series A Preferred Stock. The applicable terms and preferences attached to the Series A Preferred Stock are more fully described in Item 1.01 above, and are contained in the Certificate of Designations attached hereto as Exhibit 4.1.

The above summary is qualified in its entirety by reference to the Certificate of Designations attached hereto as Exhibit 4.1.

Item 5.02 Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers

Effective November 5, 2008, the Board of Directors of the Company expanded the number of directors serving on the Board from six members to seven members. The Company appointed Mark Bugge to the Board of Directors of the Company to fill the resulting vacancy, and Mr. Bugge will serve for a term expiring at the 2011 annual meeting of shareholders. At this time, Mr. Bugge has not been appointed to serve on any committees.

Mr. Bugge was appointed to the Board of Directors as the representative of White Bay pursuant to the Subscription Agreement and the Board Representation Agreement between White Bay and the Company, effective as of November 5, 2008. The Board Representation Agreement requires the Company to use its best efforts to cause a representative of White Bay to be elected to the Company's Board of Directors. The Company's obligation will continue so long as White Bay beneficially owns at least 3% of the outstanding shares of the Company's common stock, on an as-converted basis. Mr. Bugge was also appointed as a member of the Board of Directors of Macatawa Bank, a Michigan banking corporation and wholly owned subsidiary of the Company.

The foregoing description is qualified in its entirety by reference to the full text of the Board Representation Agreement filed as Exhibit 10.2 hereto, which is incorporated herein by reference.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year

On October 30, 2008, the Company filed the Certificate of Designations with the State of Michigan for the purpose of establishing the preferences, limitations, voting powers and relative rights of the Series A Preferred Stock. The Certificate of Designations became effective with the State of Michigan upon filing.

The applicable terms and preferences attached to the Series A Preferred Stock are more fully described in Item 1.01 above, and are contained in the Certificate of Designations. This description is qualified in its entirety by reference to the copy of the Certificate of Designations, which is attached hereto as Exhibit 4.1.

The period from and including the date of issuance of the Series A Preferred Stock or any Dividend Payment Date to, but excluding, the next Dividend Payment Date is a "Dividend Period." Dividends on each share of Series A Preferred Stock will accrue on the liquidation preference of \$1,000.00 per share at a rate per annum equal to twelve percent (12.0%). The record date for payment of dividends on the Series A Preferred Stock will be the 15th day of the calendar month immediately preceding the month during which the Dividend Payment Date falls (each, a "Dividend Record Date"). Any such day that is a Dividend Record Date will be a Dividend Record Date whether or not such day is a Business Day. The amount of dividends payable will be computed on the basis of a 360-day year of twelve 30-day months. Dividends shall be payable in cash.

(b) **Non-Cumulative Dividends.** If the Company's Board of Directors or any duly authorized committee thereof does not declare a dividend on the Series A Preferred Stock for any Dividend Period prior to the related Dividend Payment Date, that dividend will not accrue, and the Company will have no obligation to pay, and Holders shall have no right to receive, a dividend for that Dividend Period on the related Dividend Payment Date or at any future time, whether or not dividends on the Series A Preferred Stock or any other series of preferred stock or common stock are declared for any subsequent Dividend Period with respect to Series A Preferred Stock, Junior Stock or any other class or series of authorized preferred stock of the Company. References herein to the "accrual" of dividends refer only to the determination of the amount of such dividend and do not imply that any right to a dividend arises prior to the date on which a dividend is declared.

(c) **Priority of Dividends.** So long as any share of Series A Preferred Stock remains outstanding, unless as to a Dividend Payment Date, full dividends on all outstanding shares of the Series A Preferred Stock have been declared and paid or declared and a sum sufficient for the payment of those dividends has been set aside for the Dividend Period then ending, the Company will not, and will cause its subsidiaries not to, during the next succeeding Dividend Period that commences on such Dividend Payment Date, declare or pay any dividend on, make any distributions relating to, or redeem, purchase, acquire or make a liquidation payment relating to, any Junior Stock or Parity Stock, or make any guarantee payment with respect thereto, other than:

(i) purchases, redemptions or other acquisitions of shares of Junior Stock or Parity Stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or consultants of the Company or any of its subsidiaries;

(ii) purchases of shares of Common Stock pursuant to a contractually binding requirement to buy stock existing prior to the commencement of the then-current dividend period, including under a contractually binding stock repurchase plan; or

(iii) as a result of an exchange or conversion of any class or series of Junior Stock or Parity Stock for any other class or series of Junior Stock or Parity Stock, respectively.

The foregoing restriction, however, will not apply to any Junior Stock or Parity Stock dividends paid by the Company where the dividend stock is the same stock as that on which the dividend is being paid.

Except as provided below, for so long as any share of Series A Preferred Stock or Parity Stock remains outstanding, if dividends are not declared and paid in full upon the shares of Series A Preferred Stock and Parity Stock, all dividends declared upon shares of Series A Preferred Stock and Parity Stock will be declared on a proportional basis so that the amount of dividends declared per share will bear to each other the same ratio that accrued dividends for the then-current Dividend Period per share of Series A Preferred Stock and Parity Stock bear to each other.

Subject to the foregoing, and not otherwise, such dividends payable in cash, stock or otherwise, as may be determined by the Company's Board of Directors or any duly authorized committee thereof, may be declared and paid on any Junior Stock or Parity Stock from time to time out of any assets legally available for such payment, and Holders will not be entitled to participate in those dividends.

(d) Conversion Following A Record Date. If a Conversion Date for any shares of Series A Preferred Stock is prior to the close of business on a Dividend Record Date for any declared dividend for the then-current Dividend Period, the Holder of such shares will not be entitled to any such dividend. If the Conversion Date for any shares of Series A Preferred Stock is after the close of business on a Dividend Record Date for any declared dividend for the then-current Dividend Period, but prior to the corresponding Dividend Payment Date, the Holder of such shares shall be entitled to receive such dividend, notwithstanding the conversion of such shares prior to the Dividend Payment Date. However, such shares, upon surrender for conversion, must be accompanied by funds equal to the dividend on such shares; provided that no such payment need be made (i) if the Company has issued a notice of a Sale Transaction during the then-current Dividend Period, or (ii) if the Company has issued a notice of conversion at its option of the Series A Preferred Stock.

5. **Liquidation Rights.**

(a) Liquidation. In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company (a "Liquidation Event"), Holders shall be entitled, out of assets legally available therefor, before any distribution or payment out of the assets of the Company may be made to or set aside with respect to any Junior Stock and subject to the rights of the Company's creditors and holders of Senior Stock and Parity Stock, to receive in full a liquidating distribution in the amount of the liquidation preference of \$1,000.00 per share, plus an amount equal to any accrued dividends thereon from the last Dividend Payment Date to, but excluding, the date of the Liquidation Event if and to the extent declared. Holders shall not be entitled to any further payments in the event of any such Liquidation Event other than what is expressly provided for in this Section 5.

(b) Partial Payment. If the assets of the Company are not sufficient to pay in full the liquidation preference plus any dividends which have been declared but not yet paid to all Holders and holders of Parity Stock, the amounts paid to the Holders and holders of Parity Stock shall be pro rata in accordance with the respective aggregate liquidating distributions to which they would otherwise be entitled.

(c) Residual Distributions. If the respective aggregate liquidating distributions to which all Holders and holders of Parity Stock are entitled have been paid, the holders of Junior Stock shall be entitled to receive all remaining assets of the Company according to their respective rights and preferences.

6. **Sale Transaction.**

(a) Liquidation Event. A Sale Transaction shall not be deemed to be a Liquidation Event for purposes of these Designations.

(b) Notices. In case at any time or from time to time:

- (i) the Company shall declare a dividend (or any other distribution) on its shares of Common Stock; or
- (ii) the Company shall enter into a binding, definitive agreement with respect to a Sale Transaction;

then the Company shall mail to each Holder of shares of Series A Preferred Stock at such holder's address as it appears on the transfer books of the Company, as promptly as possible but in any event at least 30 days prior to the applicable date hereinafter specified, a notice stating (A) the date on which a record is to be taken for the purpose of such dividend, distribution or, if a record is not to be taken, the date as of which the holders of Common Stock of record will be entitled to such dividend or distribution or (B) the date on which such Sale Transaction is expected to become effective.

(c) Opportunity to Convert Series A Preferred Stock. Notwithstanding anything contained herein to the contrary, each Holder shall have the right, at such Holder's option, to convert all or any portion of such Holder's Series A Preferred Stock at any time prior to the consummation of a Sale Transaction into shares of Common Stock as set forth in (and limited by) Section 7 and subject to the conversion procedures of Section 8.

7. **Right of the Holders to Convert**

(a) General. Each Holder shall have the right, at such Holder's option, to convert all or any portion of such Holder's Series A Preferred Stock at any time into shares of Common Stock at the Conversion Rate per share of Series A Preferred Stock (subject to the conversion procedures of Section 8 and the other provisions hereof), plus cash in lieu of fractional shares.

(b) Beneficial Ownership Limitation (Federal Reserve). Notwithstanding anything to the contrary contained in these Designations, no Holder will be entitled to receive shares of Common Stock upon conversion pursuant to these Designations to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a "beneficial owner" (within the meaning of Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder) of more than 9.9% of the shares of Common Stock outstanding at such time. Any purported delivery of shares of Common Stock upon conversion of Series A Preferred Stock shall be void and have no effect to the extent (but only to the extent) that such delivery would result in the converting Holder becoming the beneficial owner of more than 9.9% of the shares of Common Stock outstanding at such time. The limitations contained in this Section 7(b) shall apply to any successor Holder of shares of Series A Preferred Stock.

(c) Beneficial Ownership Limitation (NASDAQ). Notwithstanding anything to the contrary contained in these Designations, no Holder will be entitled to receive shares of Common Stock upon conversion pursuant to these Designations to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a "beneficial owner" (within the meaning of Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder) of more than 19.9% of the voting power of the Company, following such conversion, unless the Company obtains the requisite shareholder approval under NASDAQ Marketplace Rule 4350(i)(1)(B) (the "Issuance Limitation"), in which case, the Issuance Limitation under this Section 7(c) shall no longer apply to such Holder. The Company shall have no obligation to obtain (or attempt to obtain) such requisite shareholder approval. For purposes of this Section 7(c), the aggregate number of shares of Common Stock beneficially owned by the Holder shall include the shares of Common Stock issuable upon the conversion of its Series A Preferred Stock, subject in all cases to the Issuance Limitation. Upon the written request of the Holder, the Company shall promptly, but in no event later than two (2) Business Days following the receipt of such notice, confirm in writing to the Holder the number of shares of Common Stock then outstanding. The number of shares of Common Stock issuable upon conversion of the Series A Preferred Stock and the Conversion Price shall be subject to adjustment as described in these Designations.

8. **Conversion Procedures.**

(a) **Conversion Date.** Effective immediately prior to the close of business on any applicable Conversion Date, dividends shall no longer be declared on any such converted shares of Series A Preferred Stock, and such shares of Series A Preferred Stock shall represent only the right to receive shares of Common Stock issuable upon conversion of such shares, as set forth in Section 7, in each case, subject to the right of Holders to receive any declared and unpaid dividends on such shares and any other payments to which they are otherwise entitled pursuant to the terms hereof.

(b) **Rights Prior to Conversion.** No allowance or adjustment, except pursuant to Section 10, shall be made in respect of dividends payable to holders of the Common Stock of record as of any date prior to the close of business on any applicable Conversion Date. Prior to the close of business on any applicable Conversion Date, shares of Common Stock issuable upon conversion of, or other securities issuable upon conversion of, any shares of Series A Preferred Stock shall not be deemed outstanding for any purpose, and Holders shall have no rights with respect to the Common Stock or other securities issuable upon conversion (including voting rights, rights to respond to tender offers for the Common Stock or other securities issuable upon conversion or rights to receive any dividends or other distributions on the Common Stock or other securities issuable upon conversion) by virtue of holding shares of Series A Preferred Stock.

(c) **Record Holder as of Conversion Date.** The Person or Persons entitled to receive the Common Stock issuable upon conversion of Series A Preferred Stock shall be treated for all purposes as the record holder(s) of such shares of Common Stock as of the close of business on any applicable Conversion Date. In the event that a Holder shall not by written notice designate the name in which shares of Common Stock and/or cash, securities or other property (including payments of cash in lieu of fractional shares) to be issued or paid upon conversion of shares of Series A Preferred Stock should be registered or paid or the manner in which such shares should be delivered, the Company shall be entitled to register and deliver such shares, and make such payment, in the name of the Holder and in the manner shown on the records of the Company.

(d) **Conversion Procedure.** On the date of any conversion, if a Holder's interest is in certificated form, a Holder must do each of the following in order to convert:

- (i) complete and manually sign an irrevocable conversion notice in the form provided by the Conversion Agent (a "Conversion Notice"), or a facsimile of such Conversion Notice, and deliver such Conversion Notice to the Conversion Agent;
- (ii) surrender the shares of Series A Preferred Stock to the Conversion Agent;
- (iii) if required, furnish appropriate endorsements and transfer documents;
- (iv) if required, pay any stock transfer, documentary, stamp or similar taxes not payable by the Company pursuant to Section 19(a); and

- (v) if required, pay funds equal to any declared and unpaid dividend payable on the next Dividend Payment Date to which such Holder is entitled.

Notwithstanding the foregoing, a Conversion Notice given by any Holder in contemplation of a Sale Transaction or a public offering of Common stock may be revocable and conditional upon the consummation of such Sale Transaction or public offering, as applicable.

The term "Conversion Date" means the earlier of (x) the Conversion at the Option of the Company Date (as defined in Section 9(c)), or (y) the date on which a Holder satisfies all of the requirements of this Section 8(d). The Conversion Agent shall, on a Holder's behalf, convert the Series A Preferred Stock into shares of Common Stock, in accordance with the terms of the notice delivered by such Holder described in clause (i) of this Section 8(d) above.

9. Conversion at the Option of the Company.

(a) Company Conversion Right. The Company shall have the right, at its option, to cause some or all of the Series A Preferred Stock to be converted into shares of Common Stock at the then-applicable Conversion Rate at any time after a Mandatory Conversion Event.

(b) Partial Conversion. If the Company elects to cause less than all the shares of the Series A Preferred Stock to be converted under clause (a) above, the Conversion Agent shall select the Series A Preferred Stock to be converted on a pro rata basis.

(c) Conversion Procedure. In order to exercise the conversion right described in this Section 9, the Company shall provide notice of such conversion to each Holder (such notice, a "Notice of Conversion at the Option of the Company"). The Conversion Date shall be a date selected by the Company (the "Conversion at the Option of the Company Date") and shall be no more than 20 days after the date on which the Company provides such Notice of Conversion at the Option of the Company. In addition to any information required by applicable law or regulation, the Notice of Conversion at the Option of the Company shall state, as appropriate:

- (i) the Conversion at the Option of the Company Date;

- (ii) the aggregate number of shares of Series A Preferred Stock to be converted; and

- (iii) the number of shares of Common Stock to be issued upon conversion of each share of Series A Preferred Stock and, if fewer than all the shares of Series A Preferred Stock of a Holder are to be converted, the number of such shares to be converted.

10. **Anti-Dilution Adjustments.**

(a) **General.** If the Company at any time after the effective date hereof subdivides (by any stock split, stock dividend, recapitalization or otherwise) its outstanding shares of Common Stock into a greater number of shares, the Conversion Price in effect immediately prior to such subdivision will be proportionately reduced and the number of shares of Common Stock obtainable upon exercise of the Series A Preferred Stock will be proportionately increased. If the Company at any time after the effective date hereof combines (by combination, reverse stock split or otherwise) its outstanding shares of Common Stock into a smaller number of shares, the Conversion Price in effect immediately prior to such combination will be proportionately increased and the number of shares of Common Stock obtainable upon exercise of the Series A Preferred Stock will be proportionately decreased.

(b) **No Fractional Shares.** No fractional shares of Common Stock will be issued to holders of the Series A Preferred Stock upon conversion. In lieu of fractional shares otherwise issuable, holders will be entitled to receive an amount in cash equal to the fraction of a share of Common Stock, calculated on an aggregate basis in respect of the shares of Series A Preferred Stock being converted, multiplied by the Closing Price of the Common Stock on the Trading Day immediately preceding the applicable Conversion Date.

11. **Voting Rights.** The Holders shall not be entitled to vote on any matter except as required by Michigan law.

12. **Consents; Exception for Participation in TARP Capital Purchase Program.** Except as otherwise required by applicable law, the consent of the Holders of a majority of the number of shares of Series A Preferred Stock at the time outstanding, given in person or by proxy, either in writing or by vote, at a special or annual meeting, voting or consenting as a separate class, shall be necessary to: (i) authorize or issue, or obligate the Company to issue, any Senior Stock or Parity Stock or right convertible or exchangeable for Senior Stock or Parity Stock; (ii) increase the authorized number of shares of the Series A Preferred Stock; (iii) enter any agreement, contract or understanding or otherwise incur any obligation which by its terms would violate or be in conflict in any material respect with the rights or preferences of the Series A Preferred Stock designated hereunder; (iv) amend the Articles of Incorporation or Bylaws of the Company, if such amendment would alter or change the powers, preferences or special rights of the holders of the Series A Preferred Stock so as to affect them adversely; or (v) amend or waive any provision of these Designations. Notwithstanding anything in these Designations to the contrary, the consent of the Holders shall not be necessary to authorize or issue, or obligate the Company to issue, any Senior Stock or Parity Stock, or right convertible or exchangeable for Senior Stock or Parity Stock, to the United States Department of the Treasury pursuant to the federal Troubled Asset Relief Program (TARP) Capital Purchase Program, or any successor thereto.

13. **No Redemption.** Shares of Series A Preferred Stock shall not be redeemable at the option of either the Company or any Holder. The Series A Preferred Stock shall be perpetual, subject to conversion in accordance with the terms set forth herein.

14. **Unissued or Reacquired Shares.** Shares of Series A Preferred Stock that have been issued and converted, redeemed or otherwise purchased or acquired by the Company shall be retired upon their acquisition, shall not be reissued as shares of Series A Preferred Stock and, upon the taking of any action required by law, shall be restored to the status of authorized but unissued shares of preferred stock without designation as to series.

15. **No Sinking Fund.** Shares of Series A Preferred Stock are not subject to the operation of a sinking fund.

16. **Reservation of Common Stock.**

(a) **Sufficient Shares.** The Company shall at all times reserve and keep available out of its authorized and unissued Common Stock or shares acquired by the Company, solely for issuance upon the conversion of shares of Series A Preferred Stock as provided in these Designations, free from any preemptive or other similar rights, such number of shares of Common Stock as shall from time to time be issuable upon the conversion of all the shares of Series A Preferred Stock then outstanding (without giving effect to the Section 7(b)). For purposes of this Section 16(a), the number of shares of Common Stock that shall be deliverable upon the conversion of all outstanding shares of Series A Preferred Stock shall be computed as if at the time of computation all such outstanding shares were held by a single Holder (without giving effect to Section 7(b)).

(b) **Use of Acquired Shares.** Notwithstanding the foregoing, the Company shall be entitled to deliver upon conversion of shares of Series A Preferred Stock, as herein provided, shares of Common Stock acquired by the Company and held as treasury shares (in lieu of the issuance of authorized and unissued shares of Common Stock), so long as any such acquired shares are free and clear of all liens, charges, security interests or encumbrances (other than liens, charges, security interests and other encumbrances created by the Holders).

(c) **Free and Clear Delivery.** All shares of Common Stock delivered upon conversion of the Series A Preferred Stock shall, upon issuance, be duly authorized, validly issued, fully paid and non-assessable, free and clear of all liens, claims, security interests and other encumbrances (other than liens, charges, security interests and other encumbrances created by the Holders).

(d) **Compliance with Law.** Prior to the delivery of any securities that the Company shall be obligated to deliver upon conversion of the Series A Preferred Stock, the Company shall use its reasonable best efforts to comply with any federal and state laws and regulations thereunder requiring the registration of such securities with, or any approval of or consent to the delivery thereof by, any governmental authority.

17. **Transfer Agent, Conversion Agent, Registrar and Paying Agent** The duly appointed Transfer Agent, Conversion Agent, Registrar and paying agent for the Series A Preferred Stock shall be Registrar and Transfer Company. The Company may, in its sole discretion, remove the Transfer Agent in accordance with the agreement between the Company and the Transfer Agent; provided that the Company shall appoint a successor transfer agent that shall accept such appointment prior to the effectiveness of such removal. Upon any such removal or appointment, the Company shall send notice thereof by first-class mail, postage prepaid, to the Holders.

18. **Replacement Certificates.**

(a) Mutilated, Destroyed, Stolen and Lost Certificates. If physical certificates are issued, the Company shall replace any mutilated certificate at the Holder's expense upon surrender of that certificate to the Transfer Agent. The Company shall replace any certificate that becomes destroyed, stolen or lost at the Holder's expense upon delivery to the Company and the Transfer Agent of satisfactory evidence that the certificate has been destroyed, stolen or lost, together with any indemnity and bond that may be required by the Transfer Agent and the Company.

(b) Certificates Following Conversion. If physical certificates are issued, the Company shall not be required to issue any certificates representing the Series A Preferred Stock on or after the applicable Conversion Date. In place of the delivery of a replacement certificate following the applicable Conversion Date, the Transfer Agent, upon delivery of the evidence and indemnity described in clause (a) above, shall deliver the shares of Common Stock pursuant to the terms of the Series A Preferred Stock formerly evidenced by the certificate.

19. **Taxes.**

(a) Transfer Taxes. The Company shall pay any and all stock transfer, documentary, stamp and similar taxes that may be payable in respect of any issuance or delivery of shares of Series A Preferred Stock or shares of Common Stock or other securities issued on account of Series A Preferred Stock pursuant hereto or certificates representing such shares or securities; provided, however, that the Company shall not be required to pay any such tax that may be payable in respect of any transfer involved in the issuance or delivery of shares of Series A Preferred Stock, shares of Common Stock or other securities in a name other than that in which the shares of Series A Preferred Stock with respect to which such shares or other securities are issued or delivered were registered, or in respect of any payment to any Person other than a payment to the registered holder thereof, and shall not be required to make any such issuance, delivery or payment unless and until the Person otherwise entitled to such issuance, delivery or payment has paid to the Company the amount of any such tax or has established, to the satisfaction of the Company, that such tax has been paid or is not payable.

(b) Withholding. All payments and distributions (or deemed distributions) on the shares of Series A Preferred Stock (and on the shares of Common Stock received upon their conversion) shall be subject to withholding and backup withholding of tax to the extent required by law, subject to applicable exemptions, and amounts withheld, if any, shall be treated as received by the Holders.

20. **Notices.** All notices referred to in these Designations shall be in writing, and, unless otherwise specified herein, all notices hereunder shall be deemed to have been given (i) upon receipt, when delivered personally; (ii) one Business Day after deposit with an overnight courier service; or (iii) three Business Days after the mailing thereof if sent by registered or certified mail (unless first class mail shall be specifically permitted for such notice under the terms of these Designations) with postage prepaid, in each case addressed: (x) if to the Company, to its office at 10753 Macatawa Drive, Holland, Michigan 49424 (Attention: Corporate Secretary) or to the Transfer Agent at its office at 10 Commerce Drive, Cranford, New Jersey 07016 (Attention: Corporate Trust Office), or other agent of the Company designated as permitted by these Designations, or (y) if to any Holder, to such Holder at the address of such Holder as listed in the stock record books of the Company (which may include the records of the Transfer Agent), or (z) to such other address as the Company or any such Holder, as the case may be, shall have designated by notice similarly given.

2. **ACCEPTANCE.** This Agreement is made subject to the Company's discretionary right to accept or reject the subscription herein. Following action by the Company, the Subscriber will be notified as to whether the subscription has been accepted or rejected. 3. **REPRESENTATIONS AND WARRANTIES OF SUBSCRIBER.** The Subscriber hereby represents and warrants to the Company as follows, recognizing that the information contained herein is being furnished to the Company in order for the Company to determine whether the Subscriber's subscription to purchase Shares should be accepted by the Company in light of the requirements of Section 4(2) of the Securities Act of 1933 (the "Act") and the rules and regulations promulgated thereunder, similar sections of the securities laws of various states, and other relevant factors. Subscriber hereby acknowledges and agrees that Keefe, Bruyette & Woods, Inc. has acted as financial advisor to the Company (and not as an underwriter or placement agent for the Shares) and has not acted as an advisor to, and does not represent, Subscriber.

H. *Investment Risks.* The Subscriber understands that the purchase of the Shares is subject to risks as stated in the Risk Factors included as Exhibit B hereto, the Risk Factors disclosed in the Company's SEC filings or as otherwise may be applicable to similar investments. MACATAWA BANK CORPORATION
RISK FACTORS

Investors should carefully consider the following risk factors and all risk factors disclosed by the Company in its Annual Report on Form 10-K for year ended December 31, 2007, filed with the SEC on March 14, 2008, before deciding to buy Preferred Stock. You should also consider other information provided by authorized representatives of the Company.

Risk Factors Related to the Company and Its Business

Recent Negative Developments in the Financial Industry and U.S. and Global Credit Markets May Continue to Adversely Impact Our Operations and Results.

Negative developments in 2007 and 2008 in the subprime mortgage market and the securitization markets for such loans have resulted in uncertainty in the financial markets in general with the expectation of the general economic downturn continuing throughout 2008 and beyond. Commercial as well as consumer loan portfolio performances have deteriorated at many institutions and the competition for deposits and quality loans has increased significantly. In addition, the values of real estate collateral supporting many commercial loans and home mortgages have declined and may continue to decline. Bank and bank holding company stock prices have been negatively affected as has the ability of banks and bank holding companies to raise capital or borrow in the debt markets compared to recent years. As a result, there is a potential for new federal or state laws and regulations regarding lending and funding practices and liquidity standards, and bank regulatory agencies are expected to be very aggressive in responding to concerns and trends identified in examinations, including the expected issuance of many formal enforcement orders. Negative developments in the financial industry and the impact of new legislation in response to those developments could negatively impact our operations by restricting our business operations, including our ability to originate or sell loans, and adversely impact our financial performance.

The Company is Affected by General Economic Conditions in the State of Michigan

The Company is affected by general economic conditions in the U.S., although most directly within Michigan. A further economic downturn or continued weak business environment within Michigan could negatively impact household and corporate incomes. This impact may lead to decreased demand for both loan and deposit products and increase the number of customers who fail to pay interest or principal on their loans.

Future Regulatory Actions Might Have a Material Adverse Effect on Us.

The Company is subject to regulation and supervision by the Federal Reserve Bank of Chicago and, ultimately, the Board of Governors of the Federal Reserve System. Macatawa Bank is primarily subject to regulation and supervision by the State of Michigan Office of Financial and Insurance Regulation ("OFIR") and by the Federal Deposit Insurance Corporation ("FDIC"). Although the 2008 annual on-site regulatory examination has been completed for Macatawa Bank, the regulatory agencies have not yet issued their final Report of Examination. Federal regulations restrict the disclosure of the contents and ratings included in regulatory examinations. Upon issuance of the Report of Examination and depending on the results and ratings included in that report, it is possible that the FDIC or OFIR may seek to enter into a mutually agreed upon Memorandum of Understanding or Cease and Desist Order with Macatawa Bank. A formal agreement with regulators, if one were to be agreed upon, would likely include actions that bank agrees to do and restrictions on certain activities, some of which may have a material adverse effect. For example, certain regulatory actions and agreements may result in an increase in FDIC deposit insurance assessments and may restrict the use of brokered deposits.

Risk Factors Related to the Preferred Stock

The Shares of Preferred Stock Are Subordinate to All Financing of the Company.

The shares of Preferred Stock will be subordinate to the Company's bank financing with respect to amounts distributable upon the Company's dissolution, liquidation, or winding up. Furthermore, the terms of the Preferred Stock will not limit the amount of indebtedness or other obligations that the Company may incur. Any future indebtedness incurred will rank senior to the Preferred Stock.

The Shares of Preferred Stock are Subject to Resale Restrictions.

Shares of the Company's common stock currently trade on the NASDAQ stock market under the symbol MCBC. However, the shares of Preferred Stock are not registered under federal or state securities laws and will, therefore, be subject to resale restrictions. Please refer to the Term Sheet and Preferred Stock Designation for additional terms of the Offering.

The Shares of Preferred Stock are Subject to Future Dilution.

The Company may issue additional equity interests in the future which will reduce a shareholder's percentage ownership in the Company. Future equity sales could be at a price less than the price at which the shares of the Preferred Stock may be purchased in this Offering.

The Company's Ability to Issue Stock With Different Terms in the Future Could Adversely Affect the Rights of Holders of the Shares.

Except as provided in the Term Sheet and Preferred Stock Designation, the Company is authorized to issue additional common and/or preferred stock in one or more series on terms that may be determined at the time of issuance by the Company's Board of Directors. In some instances, a series of common and/or preferred stock could include voting rights, preferences as to dividends and liquidation, and/or conversion and redemption rights that will rank senior to the Preferred Stock and the common stock into which the Preferred Stock is convertible. The future issuance of common and/or preferred stock could effectively diminish or supersede the dividends and liquidation preferences of the Preferred Stock and adversely affect such Preferred Stock.

The Dividends Payable on the Shares of Preferred Stock are Non-Cumulative.

Dividends on the Preferred Stock are non-cumulative. If the Company's Board of Directors does not declare a dividend on Preferred Stock in respect of any dividend period, the holders will have no right to receive any dividend for that dividend period, and the Company will have no obligation to accrue or pay a dividend for that dividend period. However, if the Company fails to declare and pay the quarterly dividend on the Preferred Stock, then the Company may not declare or pay a dividend on its common stock until quarterly dividends on the Preferred Stock are resumed.

The Shares of Preferred Stock are Not Redeemable.

The shares of Preferred Stock are not redeemable at the option of either the Company or any holder. The Preferred Stock is perpetual unless converted or liquidated.

The Shares of Preferred Stock are Non-Voting.

The shares of Preferred Stock are non-voting except with respect to matters affecting the rights and preferences of such shares, or as otherwise required by Michigan law.

The Conversion of the Shares of Preferred Stock into Shares of Common Stock is Subject to a Quantitative Limitation.

No holder of Preferred Stock will be permitted to receive common stock upon conversion of his Preferred Stock to the extent such conversion would cause such holder to beneficially own more than 9.9% of the Company's common stock outstanding at such time, unless such holder receives the approval of the Federal Reserve.

The Company Is Not Obligated to Register the Shares of Common Stock into which the Preferred Stock are Convertible Absent Sufficient Demand.

The shares of common stock into which the Preferred Stock are convertible ("Registrable Securities") will not be subject automatically to an effective registration statement. As a result, such shares will be deemed restricted securities. However, subject to certain conditions and limitations, at any time following the first anniversary of the closing of the Offering, holders of Preferred Stock may request in writing that the Company effect the registration of all or any part of the Registrable Securities held by such holders no more than once per calendar year. Promptly thereafter, the Company will use its reasonable best efforts to register all Registrable Securities that have been requested to be registered in such registration request; provided, however, that the Company will not be required to effect a registration unless the value of Registrable Securities is at least \$5 million.

There are No Guaranteed Dividends Payable on the Shares of Common Stock.

The Company is not obligated to pay any dividends on the shares of common stock issuable upon conversion of the Preferred Stock. Dividends, if any, on the shares of common stock will be paid only when and if declared by the Company's Board of Directors.

MACATAWA BANK CORPORATION
REGISTRATION RIGHTS AND OBLIGATIONS

A. Demand Registration

1. Definition of Investors. For purposes of this Exhibit C to the Subscription Agreement, “Investor” shall mean each person or entity who has purchased Series A Noncumulative Convertible Perpetual Preferred Stock from the Company.

2. Requests for Registration. At any time following the first year anniversary of the closing of the transaction, any Investor (or permitted transferees) may request in writing that the Company effect the registration of all or any part of the Registrable Shares (as defined below) held by that Investor (a “Registration Request”). Promptly after its receipt of any Registration Request but no later than 10 days after receipt of such Registration Request, the Company will give written notice of such request to all other Investors (and any known transferees). Within 10 days after receipt of such notice by any Investor, such Investor may request in writing that its Registrable Shares be included in such registration and the Company shall include in the Registration Request the Registrable Shares of any such Investor to be so included. The Company will use its reasonable best efforts to register, in accordance with the provisions of this Agreement, all Registrable Shares that have been requested to be registered in the Registration Request; *provided*, that the Company will not be required to effect a registration pursuant to this Section unless the value of Registrable Shares included in the Registration Request is at least \$5 million. The Company will pay all Registration Expenses incurred in connection with any registration pursuant to this Section. Any registration requested by the Investors pursuant to this Section is referred to in this Agreement as a “Demand Registration.” For purposes of this Agreement, “Registrable Shares” means all Common Stock issued or issuable pursuant to the conversion of the Shares and any equity securities issued or issuable directly or indirectly with respect to the Common Stock issued or issuable pursuant to the conversion of the Shares by way of conversion or exchange thereof or share dividend or share split or in connection with a combination of shares, recapitalization, reclassification, merger, amalgamation, arrangement, consolidation or other reorganization. As to any particular securities constituting Registrable Shares, such securities will cease to be Registrable Shares when (i) a registration statement with respect to the sale by the holder thereof shall have been declared effective under the Securities Act and such securities shall have been disposed of in accordance with such registration statement, (ii) they have been sold to the public pursuant to Rule 144 or Rule 145 or other exemption from registration under the Securities Act, (iii) they have been acquired by the Company or (iv) they are able to be sold by the Investor or transferee holding such securities without restriction as to volume or manner of sale pursuant to Rule 144 under the Securities Act as specified in a legal opinion to such effect rendered by counsel to the Company at its sole expense and acceptable to the affected holders and the Company’s Common Stock transfer agent. In addition, for purposes of this Agreement, “Registration Statement” means the prospectus and other documents filed with the SEC to effect a registration under the Securities Act.

3. Limitation on Demand Registrations. Investors, collectively, will be entitled to initiate no more than one (1) registration under the Securities Act in each calendar year of all or part of the Registrable Shares owned by them, and the Company will not be obligated to effect more than one Demand Registration in any calendar year. Upon filing a Registration Statement, the Company will use its reasonable best efforts to keep such Registration Statement effective with the SEC at all times until each Investor who would require such registration to effect a sale of the Registrable Shares no longer holds the Registrable Shares. No request for registration will count for the purposes of the limitations in this Section if (i) the Investor determines in good faith to withdraw the proposed registration prior to the effectiveness of the Registration Statement relating to such request due to marketing conditions or regulatory reasons relating to the Company (provided that this clause shall cease to apply if the Investor has previously withdrawn a proposed registration), (ii) the Registration Statement relating to such request is not declared effective within 210 days of the date such Registration Statement is first filed with the SEC (other than by reason of the Investor having refused to proceed or provide any required information for inclusion therein) and the Investor withdraws the Registration Request prior to such Registration Statement being declared effective, or (iii) prior to the sale of at least 85% of the Registrable Shares included in the applicable registration relating to such request, such registration is adversely affected by any stop order, injunction or other order or requirement of the SEC or other governmental agency or court for any reason and the Company fails to have such stop order, injunction or other order or requirement removed, withdrawn or resolved to the Investor’s reasonable satisfaction within thirty days of the date of such order. Notwithstanding the foregoing, the Company will pay all Registration Expenses in connection with any request for registration pursuant to Section (A)(2) regardless of whether or not such request counts toward the limitation set forth above.

4. **Short-Form Registrations.** The Company may effect any registration using Form S-3 or any comparable or successor form or forms or any similar short-form registration ("Short-Form Registration") unless it is not then eligible to utilize such form.

5. **Restrictions on Demand Registrations.** If the filing or initial effectiveness of a registration statement with respect to a Demand Registration would require the Company to make a public disclosure of material non-public information, which disclosure in the good faith judgment of the Board of Directors (i) would be required to be made in any Registration Statement so that such Registration Statement would not be materially misleading, (ii) would not be required to be made at such time but for the filing, effectiveness or continued use of such Registration Statement, (iii) would in the good faith judgment of the Board of Directors reasonably be expected to materially adversely affect the Company or its business if made at such time, or (iv) would reasonably be expected to interfere with the Company's ability to effect a planned or proposed acquisition, disposition, financing, reorganization, recapitalization or similar transaction, then the Company may upon giving prompt written notice of such action to the participants in such registration (each of whom hereby agrees to maintain the confidentiality of all information disclosed to such participants) delay the filing or initial effectiveness of, or suspend use of, such Registration Statement; provided, that the Company shall not be permitted to do so (i) for more than 90 days for a given occurrence of such a circumstance, (ii) more than three times during any twelve-month period or (iv) for periods exceeding, in the aggregate, 180 days during any twelve-month period. In the event the Company exercises its rights under the preceding sentence, the Investor or such transferees agree to suspend, promptly upon its receipt of the notice referred to above, its use of any prospectus relating to such registration in connection with any sale or offer to sell Registrable Shares. If the Company so postpones the filing of a prospectus or the effectiveness of a Registration Statement, the Investor will be entitled to withdraw such request and, if such request is withdrawn, such Registration Request will not count for the purposes of the limitation set forth in Section (A)(3). The Company will pay all Registration Expenses incurred in connection with any such aborted registration or prospectus.

6. **Effective Registration Statement.** A registration requested pursuant to Section (A)(2) shall not be deemed to have been effected unless it is declared effective by the SEC or is automatically effective upon filing pursuant to Rule 462 of the Securities Act and remains effective for the period specified in Section (A)(3).

B. Piggy-Back Registrations

1. **Right to Piggyback.** Whenever the Company proposes to register any of its securities, other than a registration pursuant to Section (A)(2) or a Special Registration (as defined below), and the registration form to be filed may be used for the registration or qualification for distribution of Registrable Shares, the Company will give prompt written notice to the Investors and all known transferees of its intention to effect such a registration (but in no event less than 10 days prior to the anticipated filing date) and, subject to Section (B)(3), will include in such registration all Registrable Shares with respect to which the Company has received written requests for inclusion therein within 10 business days after the date of the Company's notice (a "Piggyback Registration"). Any such person that has made such a written request may withdraw its Registrable Shares from such Piggyback Registration by giving written notice to the Company and the managing underwriter, if any, on or before the fifth business day prior to the planned effective date of such Piggyback Registration. The Company may terminate or withdraw any registration under this Section prior to the effectiveness of such registration, whether or not the Investor or any transferees have elected to include Registrable Shares in such registration. "Special Registration" means the registration of (i) equity securities and/or options or other rights in respect thereof solely registered on Form S-4 or Form S-8 (or successor form) or (ii) shares of equity securities and/or options or other rights in respect thereof to be offered to directors, members of management, employees, consultants, customers, lenders or vendors of the Company or its direct or indirect subsidiaries or in connection with dividend reinvestment plans.

2. **Piggyback Registration Expenses.** The Company will pay all Registration Expenses in connection with any Piggyback Registration, whether or not any registration or prospectus becomes effective or final.

3. **Priority on Primary Registrations.** If a Piggyback Registration relates to an underwritten primary offering on behalf of the Company, and the managing underwriters advise the Company that in their reasonable opinion the number of securities requested to be included in such registration exceeds the number which can be sold without adversely affecting the marketability of such offering (including an adverse effect on the per share offering price), the Company will include in such registration or prospectus only such number of securities that in the reasonable opinion of such underwriters can be sold without adversely affecting the marketability of the offering (including an adverse effect on the per share offering price), which securities will be so included in the following order of priority: (i) first, the securities the Company proposes to sell, (ii) second, Registrable Shares of the Investor and any transferees who have requested registration of Registrable Shares pursuant to Sections (A) or (B), *pro rata* on the basis of the aggregate number of such securities or shares owned by each such person and (iii) third, any other securities of the Company that have been requested to be so included, subject to the terms of this Agreement.

C. **Registration Procedure.** Subject to Section (A)(5), whenever the Investor or any transferees of Registrable Shares have requested that any Registrable Shares be registered pursuant to Section (A) or (B) of this Agreement, the Company will use its reasonable best efforts to effect the registration and sale of such Registrable Shares as soon as reasonably practicable in accordance with the intended method of disposition thereof and pursuant thereto. If and whenever the Company is required to use its best efforts to effect a Registration, then as expeditiously as possible the Company shall:

1. **Filing of Registration Statement.** Prepare and file with the Securities and Exchange Commission the appropriate registration statement to effect such Registration and use its best efforts to cause such registration statement to become and remain effective for the period set forth in Section (A)(3).

2. **Filing of Amendments.** Promptly prepare and file with the Commission such amendments and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective and to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement, until the earlier of such time as all of such securities have been disposed of in accordance with the intended methods of disposition by the seller or sellers thereof set forth in such registration statement or the expiration of 180 days after such registration statement becomes effective (such period of 180 days to be extended one day for each day or portion thereof during such period that such registration statement is subject to any stop order suspending the effectiveness of the registration statement, any order suspending or preventing the use of any related prospectus or any order suspending the qualification of any Registrable Shares included in such registration statement for sale in any jurisdiction).

3. **Furnish Copies.** Promptly furnish to each Investor, in the case of a Demand Registration or a Piggyback Registration in which it participates, advance copies of such Registration Statement and each prospectus included therein or filed with the Commission not more than five business days following the filing thereof with the Commission, and make the Company's representatives available for discussion of such document and in good faith consider such changes in such document prior to the filing thereof as each Investor or its counsel may reasonably request.

4. **Notification.** Immediately notify when or if any Registration Statement, amendment, supplement or prospectus has been filed and furnish to Investors that participate in such Registration, without charge to such Investors, such number of conformed copies of such Registration Statement and each such amendment and supplement thereto, such number of copies of the prospectus contained in such registration statement and any other prospectus filed under Rule 424 of the Securities Act, in conformity with the requirements of the Securities Act, and such other documents as the Investor may reasonably request.

5. **State Approval.** Use its commercially reasonable efforts to cause all Registrable Shares covered by such Registration Statement to be registered with or approved by such other United States state governmental agencies or authorities as may be necessary to enable any Investor that participates in such Registration to sell the Registrable Shares covered by such Registration as intended by such registration statement.

6. **Withdrawal of Stop Order.** Use its best efforts to obtain the withdrawal of any stop order suspending the effectiveness of such Registration Statement, or of any order suspending or preventing the use of any related prospectus or suspending the qualification of any Registrable Shares included in such Registration Statement for sale in any jurisdiction.

7. **Notification of Need to Update.** Immediately notify Investors that participate in such Registration, at any time during which a prospectus relating to such registration statement is required to be delivered under the Securities Act, if the Company becomes aware of any event as a result of which such prospectus, as then in effect, would include an untrue statement of material fact or would omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances under which they were made, and at the request of such Investors promptly prepare and file with the Commission and furnish to such Investors, promptly following a declaration of effectiveness by the Commission, a reasonable number of copies of a supplement to or an amendment of such prospectus as may be necessary so that, as thereafter delivered to the purchasers of such Registrable Shares, such prospectus would not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances under which they were made.

8. **Transfer Agent.** Provide a transfer agent and registrar for all Registrable Shares covered by such Registration Statement not later than the effective date of such Registration Statement.

9. **Listing on Nasdaq.** Use its best efforts to list all Registrable Shares covered by such Registration Statement on any securities exchange on which the same class of securities issued by the Company are then listed or to secure designation and quotation of all Registrable Shares covered by such Registration on the Nasdaq Global Market System.

D. **Registration Expenses.** Except as otherwise provided in this Agreement, all expenses incidental to the Company's performance of or compliance with this Section, including all registration and filing fees, fees and expenses of compliance with securities or blue sky laws, word processing, duplicating and printing expenses, messenger, telephone and delivery expenses, expenses incurred in connection with any road show, and fees and disbursements of counsel for the Company and all independent certified public accountants and other persons retained by the Company (all such expenses, "Registration Expenses"), will be borne by the Company. The holders of the securities so registered shall pay all underwriting discounts, selling commissions and transfer taxes applicable to the sale of Registrable Shares hereunder and any other Registration Expenses required by law to be paid by a selling holder pro rata on the basis of the amount of proceeds from the sale of their shares so registered.

E. **Termination of Registration Rights.** The Investor and any transferee or other person's registration rights as to any securities held by such Investor (and its Affiliates, partners, members and former members) shall not be available unless such securities are Registrable Shares.

F. **Assignment of Registration Rights.** The rights of Investor to registration of Registrable Shares pursuant to Section (A) and (B) may be assigned by Investor to a transferee of Registrable Shares who agrees to be bound by the terms and conditions hereof and to which (i) there is transferred to such transferee no less than \$3,000,000 in Registrable Shares and (ii) such transfer is otherwise not precluded under the terms hereof; provided, however, the transferor shall, within ten days after such transfer, furnish to the Company written notice of the name and address of such transferee or assignee and the number and type of Registrable Shares that are being assigned.

G. Indemnification.

1. Indemnification by the Company. In connection with any Registration, to the extent permitted by law, the Company shall and hereby does indemnify and hold harmless each Investor that participates in such Registration, each such Investor's legal counsel and independent accountants, each other Person who participates as an underwriter in the offering or sale of securities (if so required by such underwriter as a condition to including the Registrable Shares of such Investors in such registration) and each other Person, if any, who controls any such Investor or any such underwriter within the meaning of the Securities Act (collectively, the "Indemnified Parties"), against any losses, claims, damages, liabilities (or actions or proceedings, whether commenced or threatened, in respect thereof) or expenses, joint or several, to which such Investor, underwriter or other Person may become subject under the Securities Act or otherwise, insofar as such losses, claims, damages, liabilities (or actions or proceedings, whether commenced or threatened, in respect thereof) or expenses arise out of or are based upon any untrue statement or alleged untrue statement of any material fact contained in any registration statement under which the offering and sale of such securities were registered under the Securities Act, any registration statement or prospectus, or any document incorporated therein by reference, or any amendment or supplement thereto, or any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein in light of the circumstances in which they were made not misleading, or arise out of any violation by the Company of any rule or regulation promulgated under the Securities Act or state securities law applicable to the Company and relating to action or inaction required of the Company in connection with any such registration. The Company shall reimburse the Indemnified Parties for any legal or any other expenses reasonably incurred by them in connection with investigating or defending any such losses, claims, damages or liabilities (or actions or proceedings, whether commenced or threatened, in respect thereof); provided, however, that the indemnity agreement contained in this Section shall not apply to amounts paid in settlement of any such loss, claim, damage, liability (or action or proceeding, whether commenced or threatened, in respect thereof) or expense if such settlement is effected without the consent of the Company (which consent shall not be unreasonably withheld); and provided, further, that the Company shall not be liable to any Indemnified Party in any such case to the extent that any such loss, claim, damage, liability (or action or proceeding in respect thereof) or expense arises solely out of or is based upon any untrue statement or alleged untrue statement or omission or alleged omission made in such registration statement, prospectus, or any document incorporated therein by reference, or any such amendment or supplement thereto, in reliance upon and in conformity with information furnished to the Company in writing by any Indemnified Party specifically for use therein.

2. Indemnification by Investors. As a condition to including any Registrable Shares in any Registration, to the extent permitted by law, each Investor shall and does hereby indemnify and hold harmless (in the same manner and to the same extent as set forth in Section (G)(1)) the Company, each director of the Company, each officer of the Company and each other Person, if any, who controls the Company within the meaning of the Securities Act, with respect to any statement or alleged statement in or omission or alleged omission from any registration statement under which the offering and sale of such securities were registered under the Securities Act, any preliminary prospectus, final prospectus or summary prospectus contained therein, or any amendment or supplement thereto, if and only if and to the extent that such statement or alleged statement or omission or alleged omission was made in reliance upon and in conformity with information furnished in writing to the Company directly by such Person for use in connection with the registration statement, any preliminary prospectus, final prospectus or summary prospectus contained therein, or any amendment or supplement thereto; provided, however, that the obligation of any such Investor under this Section shall be limited to an amount equal to the gross proceeds received by such Investor upon the sale of Registrable Shares sold in such Registration, unless such liability arises out of or is based upon such Investor's willful misconduct.

F. Contribution. If the indemnification provided for in Section (G) is unavailable or insufficient to hold harmless an Indemnified Party, then each Indemnifying Party shall contribute to the amount paid or payable to such Indemnified Party as a result of the losses, claims, damages or liabilities referred to in Section (G) an amount or additional amount, as the case may be, in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party or Indemnifying Parties, on the one hand, and the Indemnified Party, on the other, in connection with the statements or omissions that resulted in such losses, claims, demands or liabilities as well as any other relevant equitable considerations. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Indemnifying Party or Indemnifying Parties, on the one hand, or the Indemnified Party, on the other, and the relative intent, knowledge, access to information and opportunity of the parties to correct or prevent such untrue statement or omission. The Company and the Investors agree that it would not be just and equitable if contribution pursuant to this Section were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to in the immediately preceding sentence. The amount paid to an Indemnified Party pursuant to this Section shall be deemed to include any legal or other expenses reasonably incurred by such Indemnified Party in connection with investigating or defending any action or claim. No Person guilty of fraudulent misrepresentation within the meaning of Section 11(f) of the Securities Act shall be entitled to contribution from any Person that was not guilty of such fraudulent misrepresentation.

This BOARD REPRESENTATION AGREEMENT ("Agreement") is made this 5th day of November, 2008, by and among **Macatawa Bank Corporation**, a Michigan corporation and registered financial holding company ("Macatawa"), and **White Bay Capital, LLC**, a Michigan limited liability company ("White Bay"). Macatawa and White Bay are each referred to herein as a "Party" and, collectively, as the "Parties."

Background

A. Pursuant to the terms and conditions of a certain Subscription and Purchase Agreement signed on October 23, 2008 (the "Subscription Agreement"), White Bay submitted its irrevocable subscription for twenty thousand (20,000) shares of Series A Noncumulative Convertible Perpetual Preferred Stock of Macatawa ("Preferred Stock") for the aggregate purchase price of Twenty Million Dollars (\$20,000,000) (the "Subscription").

B. The Parties have discussed granting White Bay the contractual right to representation on the Board of Directors of Macatawa and its Bank (as defined below) equal to White Bay's percentage beneficial ownership of Macatawa's common stock, on an as-converted basis, rounded up to the nearest whole director. Macatawa currently has six directors and, in connection with the acceptance of the Subscription, intends to expand the Board of Directors by one member. The Parties have agreed, in accordance with the Marketplace Rules of NASDAQ and the guidance thereunder, to round up this fraction to one director, resulting in White Bay having the contractual right to designate one of the seven board members.

C. Macatawa desires to accept the Subscription as of the date hereof and, in connection therewith, the Parties have agreed to enter into this Agreement.

NOW, THEREFORE, the Parties hereby agree as follows:

1. **Director Designee.** From the date hereof and continuing until such date (if ever) that White Bay ceases to own shares of Preferred Stock and/or shares of Macatawa's common stock that collectively represent more than three percent (3%) of the voting power of Macatawa, on an as-converted basis:

(a) Macatawa shall take all action necessary to cause one person designated by White Bay (such person, together with any successor as set forth in (f) below, the "Designee") to be elected to the Board of Directors of Macatawa;

(b) At each meeting of the shareholders of Macatawa at which directors of Macatawa are to be elected and in each proxy statement relating thereto, Macatawa shall recommend that the shareholders elect the Designee to the Board of Directors of Macatawa;

(c) Macatawa shall cause the Designee to be elected to and maintained as a member of the Board of Directors of Macatawa Bank, a Michigan banking corporation and wholly owned subsidiary of Macatawa (the "Bank");

(d) If the Designee is not an employee of Macatawa and is elected to the Board of Directors of Macatawa, such Designee shall be entitled to and shall receive customary cash, equity and other compensation for board service on the same terms and conditions as other non-employee directors of Macatawa;

(e) Macatawa shall cause Designee to be added to such Macatawa or Bank board committees as White Bay may request; provided that the Designee is eligible to serve on such committees under applicable SEC, NASDAQ, Federal Reserve Board and other regulations applicable to Macatawa or the Bank; and

(f) In the event there is any vacancy on the Board of Directors as a result of the Designee no longer serving as a member of the Board of Directors of Macatawa or the Bank for any reason, Macatawa shall cause such vacancy to be filled by a person designated by White Bay.

2. **Non-Assignability.** The rights of White Bay hereunder shall be deemed personal to White Bay and may not be delegated or assigned to any other party, including by operation of law, without the prior written consent of Macatawa.

3. **Ratification; Entire Agreement.** Except as otherwise specifically provided in this Agreement, the Subscription Agreement is hereby ratified and remains in full force and effect. This Agreement, together with the Subscription Agreement and the Non-Disclosure Agreement previously executed by the Parties and the other documents executed contemporaneously herewith, constitute the entire agreement between the Parties with respect to the matters covered hereby and thereby, and may only be amended by a writing executed by all Parties.

4. **Bank Regulation.** Notwithstanding anything to the contrary in this Agreement, Macatawa's obligations hereunder shall be subject to any applicable banking regulations or orders by regulatory agencies that would prohibit the Designee from serving on the board (or on any committee of such board) of Macatawa or the Bank. Should such a regulatory issue arise, Macatawa will use its reasonable best efforts to resolve the issue to the reasonable satisfaction of White Bay.

5. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

6. **Governing Law.** This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Michigan, excluding those provisions related to the conflict of laws of different jurisdictions if the effect of the application of those provisions will be to require the application of the laws of a jurisdiction other than the State of Michigan. Each Party consents to the jurisdiction of the state of federal courts in Kent County, Michigan, which will be the sole venue for resolution of all disputes related to this Agreement. THE PARTIES EXPRESSLY WAIVE THE RIGHT TO TRIAL BY JURY IN CONNECTION WITH ANY MATTER ARISING OUT OF OR IN CONNECTION WITH THIS ADDENDUM.

7. **Effective Date.** Notwithstanding anything in this Agreement to the contrary, this Agreement shall not be effective until the later of (i) the Company's acceptance of the Subscription pursuant to the Subscription Agreement and (ii) the closing of the transaction contemplated by the Subscription Agreement (the "Effective Date").

IN WITNESS WHEREOF, the Parties have executed this Board Representation Agreement on the day and year first written above.

Macatawa Bank Corp. Raises \$26.2 Million of Equity Capital
West Michigan Investors Underscore Confidence in Community Bank

Holland, Michigan, November 5, 2008 — Macatawa Bank Corp. (Nasdaq: MCBC) today announced that it has sold \$26.2 million of noncumulative convertible perpetual preferred stock in a private transaction. The preferred stock was sold to West Michigan investors.

“We are gratified by West Michigan’s continued confidence in the financial strength and prospects of Macatawa Bank,” said Macatawa Chairman and CEO Ben Smith. “During the third quarter, we announced our intention to raise additional capital in order to maintain our financial strength and enhance our lending capabilities. Our local investors demonstrated their confidence in our bank.”

“The additional capital will improve our capital ratios, liquidity and better position us to take advantage of lending opportunities in our market. We and our investors are confident in the future of West Michigan and are committed to our community for the long term.”

Dividends on the preferred stock are payable quarterly in arrears at a rate of 12.00% per annum, if and when declared by the Company’s Board of Directors. The shares are convertible into common stock at the option of the holder at a price per share of \$8.95. On or after October 31, 2011, the preferred stock will be subject to mandatory conversion into common stock under certain circumstances.

The additional capital will further enhance Macatawa’s capital ratios, which were already above the regulatory requirements for well-capitalized banks. Macatawa intends to use the net proceeds of the transaction to:

- Continue making commercial and consumer loans to businesses, organizations, homeowners and individuals throughout its market area
- Strengthen its balance sheet and maintain its position as a well-capitalized financial institution under regulatory guidelines

The initial closing resulted in gross proceeds of \$26.2 million. Macatawa may hold subsequent closings and issue more preferred stock as additional subscriptions are received. Macatawa is also carefully evaluating the U.S. Treasury Department’s Capital Purchase Program for making equity investments in banks, and may apply to participate in that program.

In a related matter, Mark Bugge has been appointed to the Company’s Board of Directors. Mr. Bugge will serve for a term expiring at the 2011 annual meeting of shareholders. Mr. Bugge has also been appointed as a member of the Board of Directors of Macatawa Bank.

This news release shall not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sales of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities law of any such state or jurisdiction.
