Questions and Answers about the Proxy Materials and Our 2022 Annual Meeting

Q. Why am I receiving these materials?

A. The Company's Board of Directors is providing these proxy materials to you in connection with its solicitation of proxies for use at the Macatawa Bank Corporation 2023 annual meeting of shareholders. The meeting will take place on Tuesday, May 2, 2023, at 9:00 a.m., local time, at The Pinnacle Center, 3330 Highland Drive, Hudsonville, Michigan 49426. You are invited to attend the meeting and are requested to vote on the proposals described in this proxy statement.

Q. What information is contained in these materials?

A. The information included in this proxy statement discusses the proposals to be voted on at the meeting, the voting process, the compensation of named executive officers and directors, and other important information. Your proxy, which you may use to vote on the proposals described in this proxy statement, is also enclosed.

Q. When did the Company begin sending and delivering this proxy statement to shareholders?

A. We began sending and delivering this proxy statement to our shareholders on approximately March 17, 2023.

Q. What proposals will be voted on at the annual meeting?

A. Three proposals will be voted on at the annual meeting:

- (1) Election of three directors to hold office for a three year term;
- (2) Advisory approval of executive compensation ("Proposal 2"); and
- (3) Ratification of the appointment of BDO USA, LLP as independent auditors for the year ending December 31, 2023 ("Proposal 3").

In addition, any other business that properly comes before the meeting will be considered and voted on at the meeting. As of the date of this proxy statement, we are not aware of any other matters to be considered and voted on at the meeting.

Q. How does the Company's Board of Directors recommend that I vote?

A. Your Board of Directors recommends that you vote, as follows:

- (1) FOR election of all director nominees;
- (2) FOR Proposal 2;
- (3) FOR Proposal 3.

Q. Who may vote?

A. You may vote at the annual meeting if you were a shareholder of record of Macatawa common stock at the close of business on March 7, 2023. Each shareholder is entitled to one vote per share of Macatawa common stock on each matter presented for a shareholder vote at the meeting. As of March 7, 2023, there were 34,297,302 shares of Macatawa common stock outstanding.

Q. How do I vote?

A. If you properly sign and return the enclosed proxy, the shares represented by that proxy will be voted at the annual meeting and at any adjournment of the meeting. If you specify a choice on the proxy, your shares will be voted as specified. If you do not specify a choice, your shares will be voted for election of all director nominees, for Proposal 2, and for Proposal 3. If any other matter comes before the meeting, your shares will be voted in the discretion of the persons named as proxies on the proxy.

Q. How do I vote if I hold my shares in “street name”?

A. If you hold your shares in “street name,” which means that your shares are registered in the name of a bank, broker or other nominee (which we collectively refer to as your “broker”), your broker must vote your street name shares in the manner you direct if you provide your broker with proper and timely voting instructions. Please use the voting forms and instructions provided by your broker or its agent. These forms and instructions typically permit you to give voting instructions by telephone or Internet if you wish. If you are a street name holder and want to change your vote, you must contact your broker. Please note that you may not vote shares held in street name during the annual meeting unless you request and receive a valid proxy from your broker.

Q. Can I change my mind after I return my proxy?

A. Yes. You may revoke your proxy at any time before it is voted at the meeting by doing any of the following three things:

- by delivering written notice of revocation to Macatawa’s Secretary, Jon W. Swets, at 10753 Macatawa Drive, Holland, Michigan 49424;
- by delivering a proxy bearing a later date than the proxy that you wish to revoke; or
- by attending the meeting and voting your shares during the meeting.

Merely attending the meeting will not, by itself, revoke your proxy. Your latest dated valid vote that we receive is the vote that we will count.

Q. Does my broker have discretionary authority to vote my shares?

A. If you do not provide your broker with voting instructions, then your broker has discretionary authority to vote your shares on certain “routine” matters. We expect that Proposal 3 will be considered a routine matter and your broker will have discretionary authority to vote your shares on that proposal. Your broker will not have discretionary authority to vote your shares on election of directors and Proposal 2 as these are not considered routine matters. **It is important that you promptly provide your broker with voting instructions if you want your shares voted on the election of directors, Proposal 2 and Proposal 3.**

Q. What are broker non-votes?

A. Generally, broker non-votes occur when shares held by a broker in street name for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote those shares.

Q. What is the quorum requirement for the annual meeting?

A. To conduct business at the annual meeting, a quorum of shareholders must be present. The presence in person or by properly executed proxy of the holders of a majority of all issued and outstanding shares of Macatawa common stock entitled to vote at the meeting is necessary for a quorum. To determine whether a quorum is present, we will include shares that are present or represented by proxy, including abstentions and shares represented by a broker non-vote on any matter.

Q. What vote is necessary to approve the proposals?

A. *Election of Directors.* A plurality of the shares voting is required to elect directors. This means that, if there are more nominees than positions to be filled, the nominees who receive the most votes will be elected to the open director positions. Broker non-votes and other shares that are not voted in person or by proxy will not be included in the vote count.

Advisory Approval of Executive Compensation Proposal 2 will be approved if a majority of the shares that are voted on the proposal at the meeting are voted in favor of the proposal. Abstentions, broker non-votes and other shares that are not voted on Proposal 2 in person or by proxy will not be included in the vote count.

Ratification of Appointment of BDO USA, LLP as Independent Auditors. Proposal 3 will be approved if a majority of the shares that are voted on the proposal at the meeting are voted in favor of the proposal. Abstentions, broker non-votes and other shares that are not voted on Proposal 3 in person or by proxy will not be included in the vote count.

Required Vote for Other Matters. We do not know of any other matters to be presented at the meeting. Generally, any other proposal to be voted on at the meeting would be approved if a majority of the shares that are voted on the proposal at the meeting are voted in favor of the proposal. Abstentions, broker non-votes and other shares that are not voted on the proposal in person or by proxy would not be included in the vote count.

Q. May the annual meeting be adjourned?

A. Yes. The shareholders present at the meeting (including by proxy) may, by a majority vote, adjourn the meeting despite the absence of a quorum.

In addition, our Bylaws allow the Chairman of the Board to adjourn the meeting if a quorum is not present, if disorder arises or if he determines that no further matters may properly come before the meeting.

If a quorum is not present at the meeting, or if the necessary votes to approve any of the proposals described in this proxy statement have not been obtained, we expect to adjourn the meeting to solicit additional proxies.

Q. What does it mean if I receive more than one proxy or voting instruction card?

A. It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxies and voting instruction cards you receive.

Q. Where can I find the voting results of the annual meeting?

A. We will announce preliminary voting results at the annual meeting and publish final results in a Current Report on Form 8-K that we will file with the Securities and Exchange Commission (“SEC”) within four business days after the date of the annual meeting.

Use of Terms

In this proxy statement, “we,” “us,” “our,” the “Company” and “Macatawa” refer to Macatawa Bank Corporation, the “Bank” refers to Macatawa Bank, and “you” and “your” refer to each shareholder of Macatawa Bank Corporation.

Proposal 1

Election of Directors

The Governance Committee and the Board of Directors have nominated the following individuals for election as a director of Macatawa for a three-year term expiring at the 2026 annual meeting of shareholders:

*Nicole S. Dandridge
Birgit M. Klohs
Thomas P. Rosenbach*

Biographical information concerning the nominees appears below under the heading “The Board of Directors.” With respect to Ms. Klohs’s nomination, in addition to her biographical information, please see “Corporate Governance – Retirement.”

The proposed nominees are willing to be elected and to serve as a director. If any nominee becomes unable to serve or is otherwise unavailable for election, which we do not anticipate, the incumbent Board of Directors may select a substitute nominee. If a substitute nominee is selected, the shares represented by your proxy will be voted for the election of the substitute nominee. If a substitute is not selected, all proxies will be voted for the election of the remaining nominees.

*Your Board of Directors and Governance Committee,
which consists entirely of independent directors,
recommend that you vote FOR election of each nominee as a director.*

Proposal 2

Advisory Approval of Executive Compensation

Section 14A of the Securities Exchange Act of 1934 requires that the Company provide its shareholders with the opportunity to cast a non-binding, advisory vote on the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K in this proxy statement.

This proposal gives you as a shareholder the opportunity to approve or not approve the compensation of the named executive officers through the following resolution:

“Resolved, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.”

The Company believes that our executive compensation programs appropriately align our named executive officers’ incentives with shareholder interests and are designed to attract and retain high quality, executive talent. We believe that our executive compensation policies are and have been conservative within the industry and in comparison with the compensation policies of competitors in the markets that we serve. We also believe that both the Company and shareholders benefit from responsive corporate governance policies and dialogue.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy and compensation programs described in this proxy statement.

The vote is advisory and not binding upon the Company, the Board of Directors or the Compensation Committee, and may not be construed as overruling a decision by the Board or creating an additional fiduciary duty of the Board. However, the Board of Directors and Compensation Committee value the opinions of our shareholders and will take into account the outcome of the vote when making future decisions regarding executive compensation.

The Company’s current policy is to provide shareholders with an opportunity to approve the compensation of the named executive officers on an annual basis. The next such vote will occur at the 2024 annual meeting of shareholders.

***Your Board of Directors and Compensation Committee,
which consists entirely of independent directors,
recommend that you vote FOR Proposal 2.***

Proposal 3

Ratification of Appointment of Independent Auditors

The Audit Committee has appointed BDO USA, LLP as the Company's independent auditors to audit the financial statements of the Company and its subsidiaries for the year ending December 31, 2023, and to perform such other appropriate audit services as may be approved by the Audit Committee. The Board of Directors and the Audit Committee propose and recommend that shareholders ratify the appointment of BDO USA, LLP to serve as the Company's independent auditors for the year ending December 31, 2023.

More information concerning the relationship of the Company with its independent auditors appears below under the headings "Audit Committee," "Independent Auditors" and "Audit Committee Report."

If the shareholders do not ratify the appointment of BDO USA, LLP, the Audit Committee will consider a change in auditors for the next year.

***Your Board of Directors and Audit Committee,
which consists entirely of independent directors,
recommend that you vote FOR Proposal 3.***

Board of Directors

General

The Board of Directors currently consists of nine directors. The Board of Directors is divided into three classes, with each class as nearly equal in number as possible. Each class of directors serves a three-year term, with the term of one class expiring at the annual meeting in each successive year.

Qualifications and Biographical Information

The Governance Committee has not established specific, minimum qualifications for director nominees. The Governance Committee will consider candidates for director who have the skills, experiences (whether in business or in other areas such as public service or academia), particular areas of expertise, and other characteristics to enable them to best contribute to the success of the Company. Director nominees should possess the highest personal and professional ethics, integrity and values and must be committed to representing the long-term interests of shareholders. Additionally, director nominees should have sufficient time to effectively carry out their duties.

Biographical information concerning the directors and the nominees for election to the Board of Directors, and the specific experience, qualifications, attributes and skills that led to the conclusion of the Governance Committee and the Board of Directors that the person should serve as a director, is presented below. Except as otherwise indicated, each of these persons has had the same principal position and employment for over five years.

He served on the Board of Directors of AboveNet, Inc. (NYSE: ABVT), where he was a member of the Audit Committee, Compensation Committee, and Strategy Committee. AboveNet, Inc. was sold and delisted by way of a sale to Zayo Communications in July of 2012. He has also served as Co-Chairman and Chief Executive Officer of U.S. Xchange, LLC and has previously served on the Board of Directors and the Audit Committee of Choice One Communications, Inc. (NYSE: CWON). Since joining our Company, Mr. Postma has been working very closely with other directors and the Bank's leadership team to provide strategic direction, improve shareholder value and grow Company profitability. In nominating Mr. Postma, the Governance Committee considered as important factors his extensive business experience, his reputation as a respected business leader in our community, his experience working with public companies, his familiarity with and ability to understand financial statements, and his extensive community involvement.

Audit Committee

The Board of Directors has established the Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 to assist the Board in fulfilling its duties with respect to accounting, auditing, financial reporting, internal control, and legal compliance. The Audit Committee oversees management and the independent auditors in the Company's accounting and financial reporting processes and audits of the Company's financial statements. The Audit Committee serves as a focal point for communication among the Board, the independent auditors, the internal auditor and management with regard to accounting, reporting, and internal controls. During 2022, the Audit Committee met eight times.

The Audit Committee represents the Board of Directors in oversight of:

- the integrity of the financial reports and other financial information disclosed by the Company;
- the Company's systems of disclosure controls and procedures and internal controls over financial reporting;
- legal compliance and the establishment of a code of ethics;
- independence and performance of the Company's independent auditors (who are ultimately responsible to the Board of Directors and the Audit Committee);
- the Company's auditing, accounting and financial reporting processes generally;

- the Bank's risk management and loan review functions; and
- compliance with orders, agreements, understandings, resolutions or similar commitments or with regulatory agencies with authority over the Company or the Bank.

The Audit Committee has the full power and authority to perform the responsibilities of a public company Audit Committee under applicable law, regulations, stock exchange listing standards, generally accepted accounting principles, and public company custom and practice. The Audit Committee may establish subcommittees of the Audit Committee and delegate authority and responsibility to subcommittees or any individual member of the Audit Committee. The Audit Committee has the authority to engage consultants, advisors and legal counsel at the expense of the Company.

The Audit Committee must be composed of three or more directors appointed by the Board of Directors, one of whom must be designated by the Board of Directors as the Chair. Each member of the Audit Committee must be independent of the management of the Company and free of any relationship that, in the opinion of the Board of Directors, would interfere with his or her exercise of independent judgment as an Audit Committee member. Each member of the Audit Committee must be an "independent director" as defined by Nasdaq Listing Rules and as required under rules and regulations of the SEC. A director may not be a member of the Audit Committee if he or she participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years. Each member of the Audit Committee must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement.

At least one member of the Audit Committee must be a person whom the Board has determined has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication and is an "audit committee financial expert" as that term is defined by applicable regulations of the SEC. The Board of Directors has determined that Messrs. Herr and Rosenbach are each an "audit committee financial expert" under rules and regulations of the SEC.

The Audit Committee operates under a charter adopted by the Board of Directors. A copy of the Audit Committee Charter is available in the "Investor Relations/Company Overview/Governance Documents" section of our website, www.macatawabank.com.

Compensation Committee

The Compensation Committee assists the Board of Directors in fulfilling its responsibilities relating to compensation of the Company's executive officers and the Company's compensation and benefit programs and policies. The Compensation Committee has full power and authority to perform the responsibilities of a public company compensation committee under applicable law, regulations, stock exchange rules and public company custom and practice. The Compensation Committee may establish subcommittees of the committee and delegate authority and responsibility to subcommittees or any individual member of the committee. The Compensation Committee has the authority to engage consultants, advisors and legal counsel at the expense of the Company. The Compensation Committee did not engage any compensation consultant in 2022. The Compensation Committee met two times in 2022.

The Compensation Committee must be composed of three or more directors appointed by the Board of Directors, one of whom must be designated by the Board of Directors as the Chair. Each member of the Compensation Committee must be independent of the management of the Company and free of any relationship that, in the opinion of the Board of Directors, would interfere with his or her exercise of independent judgment as a Compensation Committee member. Each member of the Compensation Committee must be an "independent director" as defined by Nasdaq Listing Rules and as required under rules and regulations of the SEC. In addition, each member of the Compensation Committee must be a "non-employee director" as defined by SEC Rule 16b-3. Each member of the Compensation Committee must be free of any "compensation committee interlock" that would require disclosure by the Company under SEC Regulation S-K, Item 407.

The Compensation Committee operates under a charter adopted by the Board of Directors. A copy of the Compensation Committee Charter is available in the "Investor Relations/Governance/Governance Documents" section of our website, www.macatawabank.com.

Governance Committee

The Governance Committee assists the Board of Directors in fulfilling its responsibilities by providing independent director oversight of nominations for election to the Board of Directors and leadership in the Company's corporate governance. The Governance Committee has full power and authority to perform the responsibilities of a public company nominating and governance committee under applicable law, regulations, stock exchange rules and public company custom and practice. The Governance Committee may establish subcommittees of the committee and delegate authority and responsibility to subcommittees or any individual member of the committee. The Governance Committee has the authority to engage consultants, advisors and legal counsel at the expense of the Company. During 2022, the Governance Committee met one time.

The Governance Committee must be composed of three or more directors appointed by the Board of Directors, one of whom must be designated by the Board of Directors as the Chair. Each member of the Governance Committee must be independent of the management of the Company and free of any relationship that, in the opinion of the Board of Directors, would interfere with his or her exercise of independent judgment as a Governance Committee member. Each member of the Governance Committee must be an "independent director" as defined by Nasdaq Listing Rules.

The Governance Committee operates pursuant to the Governance Committee Charter, a copy of which is available at the Company's website, www.macatawabank.com, under the "Investor Relations/Governance/Governance Documents" section.

Corporate Governance

Corporate Governance Policy

As part of its continuing efforts to improve corporate governance, the Board of Directors has adopted a comprehensive Corporate Governance Policy. The policy is designed to promote accountability and transparency for the Board of Directors and management of the Company. The policy contains guidelines regarding the responsibilities, membership, and structure of the Board of Directors, including policies addressing:

- Board leadership;
- Director independence, qualifications, diversity, education, retirement, evaluation and conflicts of interest; and
- Majority vote requirement for uncontested elections

The policy also contains guidelines for other significant corporate governance matters, such as the Board of Directors' responsibility for risk management and succession planning. The Corporate Governance Policy is available at the Company's website, www.macatawabank.com, under the "Investor Relations/Company Overview/Governance Documents" section.

Meetings of the Board of Directors

The Company's Board of Directors had twelve meetings in 2022. During 2022, each director attended at least 75% of the aggregate number of meetings of the Board and Board committees on which he or she served. The Company encourages members of its Board of Directors to attend the annual meeting of shareholders. All of the directors serving at May 3, 2022 attended the Company's 2022 annual meeting held on that date.

Meetings of Independent Directors

The Company's independent directors meet periodically in executive sessions without any management directors in attendance. If the Board of Directors convenes a special meeting, the independent directors may hold an executive session if the circumstances warrant.

Director Nominations

The Governance Committee is responsible for identifying and recommending qualified individuals to serve as members of the Company's Board of Directors. The Governance Committee has not established any specific, minimum qualifications for director nominees. The Governance Committee will consider candidates for director who have the skills, experiences (whether in business or in other areas such as public service or academia), particular areas of expertise, and other characteristics to enable them to best contribute to the success of the Company. Director nominees should possess the highest personal and professional ethics, integrity and values and must be committed to representing the long-term interests of shareholders. Additionally, director nominees should have sufficient time to effectively carry out their duties. The Governance Committee considers candidates based on their experience and expertise as well as demographics to appropriately reflect the diversity and makeup of our community and shareholders. At least annually, the Governance Committee must assess the specific experience, qualifications, attributes, skills and contributions of each director and nominee to determine whether each director and nominee should serve, or continue to serve, as a director in light of the Company's business and structure.

The Company's Articles of Incorporation contain certain procedural requirements applicable to shareholder nominations of directors. Shareholders entitled to vote in the election of directors may nominate a person to serve as a director if they provide written notice to the Company not later than sixty nor more than ninety days prior to the first anniversary date of the preceding year's annual meeting, in the case of an annual meeting, and not later than the close of business on the tenth day following the date on which notice of the meeting was first mailed to shareholders, in the case of a special meeting. The notice must include (1) the name and address of the shareholder who intends to make the nomination and of the person or persons nominated, (2) a representation that the shareholder is a current record holder of stock entitled to vote at the meeting and will continue to hold those shares through the date of the meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (3) a description of all arrangements between the shareholder and each nominee and any other person pursuant to which the nomination is to be made by the shareholder, (4) the information regarding each nominee as would be required to be included in a proxy statement filed under Regulation 14A of the Securities Exchange Act of 1934 had the nominee been nominated by the Board of Directors, and (5) the consent of each nominee to serve as a director of the Company if elected. Shareholders may propose nominees for consideration by submitting the required information in writing to: Jon W. Swets, Secretary, Macatawa Bank Corporation, 10753 Macatawa Drive, Holland, MI 49424-3119.

The Governance Committee will consider every shareholder nomination of a director that complies with the procedural requirements of the Company's Articles of Incorporation and report each such nomination and the Governance Committee's recommendation to the full Board of Directors. The Governance Committee may also, in its discretion, consider shareholders' informal recommendation of possible nominees.

The Board of Directors and Governance Committee do not currently use the services of any third party search firm to assist in the identification or evaluation of board member candidates. However, the Governance Committee has the authority to use such a firm in the future if it deems necessary or appropriate.

Leadership Structure

Currently, the Company's Chairman of the Board and Chief Executive Officer are separate positions in recognition of the difference between the two roles. The Chairman of the Board leads the Board of directors in adopting an overall strategic plan for the Company, sets the agenda for the meetings of the Board of Directors, presides over all meetings of the Board of Directors, and provides guidance to the Chief Executive Officer. The Chief Executive Officer implements the strategic plan for the Company as adopted by the Board of Directors and leads the Company, its management and its employees on a day-to-day basis. Because of these differences, the Company currently believes keeping the Chairman of the Board and Chief Executive Officer as separate positions is the appropriate leadership structure for the Company.

Oversight of Risk Management

The Company is exposed to a variety of risks and undertakes at least annually an enterprise risk management review to identify and evaluate these risks and to develop plans to manage them effectively. During 2022, the Bank's enterprise risk management responsibilities were managed by the Chief Operating Officer, Chief Financial Officer, Chief Credit Officer and the Chief Risk Officer.

The Board of Directors, and the Audit Committee under authority and responsibility delegated by the Board of Directors, play a key role in the oversight of the Company's risk management. To that end, the Board of Directors or the Audit Committee must periodically require and receive direct reports from the persons holding the following positions (which may be combined):

- Chief Operating Officer
- Chief Financial Officer
- Chief Risk Officer
- Independent Auditor
- Chief Credit Officer

The Audit Committee, which is composed entirely of independent directors, has authority and responsibility to oversee the Company's internal audit function, and the risk management and loan review functions of the Bank. Specifically, the Committee has the authority and responsibility to:

- Oversee each function, including its personnel, resources, organizational structure, and relationship to the Company's overall business objectives.
- Review the independence of the officers responsible for each function.
- Inquire into whether the officers responsible for each function have sufficient authority, support, resources, and the necessary access to Company personnel, facilities and records to carry out their work.
- Review reports of significant findings and recommendations and management's corrective action plans.
- Establish and maintain channels for the officers responsible for each function to communicate directly with the Committee.
- Review the performance of the officers responsible for each function.

The Chief Operating Officer, Chief Financial Officer, Chief Credit Officer and Chief Risk Officer meet with the Audit Committee on a quarterly basis to discuss the risks facing Macatawa, and highlight any new risks that may have arisen since they last met.

The Company has appointed the Chief Risk Officer as the key individual within the Company responsible for independent oversight of the Risk Management process, with direct functional and administrative reporting to the Audit Committee. The Chief Risk Officer attends all Audit Committee and Board of Directors meetings to discuss and report on the risks facing Macatawa. The Chief Risk Officer works closely with members of management, including the President and Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Chief Credit Officer, Chief Retail Banking Officer, Chief Technology Officer, Human Resources Manager, outside legal counsel, and others.

The Chief Operating Officer, Chief Financial Officer, Chief Wealth Management Officer, Chief Retail Banking Officer and Chief Risk Officer attend all regular, monthly meetings of the Board of Directors and report on credit metrics and risks facing the Bank.

The Loan Review function reports functionally to the Audit Committee and administratively to the Chief Risk Officer.

Majority Voting

The Board believes that the Company and its shareholders are best served by having directors who enjoy the confidence of the Company's shareholders. If any director receives a greater number of votes "withheld" than votes "for" election in an uncontested election at an annual meeting of shareholders (a "Majority Withheld Vote"), then the Board will presume that such director does not have the full confidence of the shareholders. A director receiving a Majority Withheld Vote must promptly offer his or her resignation from the Board to the Governance Committee upon certification of the shareholder vote. The resignation will be effective if and when accepted by the Governance Committee.

The Governance Committee, which consists entirely of independent directors, will promptly consider the acceptance of the director's offer of resignation. The director at issue will not participate in the consideration of or the vote on the offer of resignation.

The Governance Committee is expected to consider and vote upon acceptance or rejection of the offer of resignation in its sole discretion not later than the day of the next regularly scheduled meeting of the Board, which is held more than one week after the annual meeting of shareholders. The Governance Committee is expected to evaluate whether or not the Majority Withheld Vote represented a failure of confidence in the director by the shareholders. Examples of reasons why the Governance Committee may decline to accept a resignation include, but are not limited to, a conclusion that votes were withheld because of an identifiable cause that has subsequently been adequately addressed or a belief that the Majority Withheld Vote is attributable to technical issues or deficiencies in the proxy solicitation process.

The Company will disclose the Governance Committee's decision regarding the director's offer of resignation (and the reasons for rejecting the resignation offer, if applicable) in an appropriate filing with the SEC.

Term Limits

The Company does not have predetermined term limits for directors. The Governance Committee will evaluate each director's continued services on the Board annually. In connection with each nomination for re-election, each director will have an opportunity to confirm his or her desire to continue as a member of the Board.

Retirement

The Board of Directors believes that it is generally appropriate for directors to retire before the age of 70. The Board of Directors recognizes, however, that the wisdom, experience and contribution of a director aged 70 years or older could benefit the Board and the Governance Committee may, in its discretion, nominate a director for re-election after his or her 70th birthday.

In 2023, the Governance Committee and the Board of Directors specifically considered that director Birgit M. Klohs would be greater than 70 years of age at the date of the annual meeting of shareholders to be held on May 2, 2023. The Governance Committee and the Board of Directors concluded that the wisdom, experience and contribution of Ms. Klohs will continue to benefit the Board of Directors and determined that it was appropriate to nominate her for re-election. Therefore, Ms. Klohs has been nominated for election to an additional three year term of service as director ending in 2026. Among other reasons for this determination and nomination was the fact that Ms. Klohs is a member of the Audit Committee. The Governance Committee and the Board of Directors believe that her business experience and expertise make her uniquely situated to serve the Company in these roles, particularly in light of her significant institutional knowledge. Moreover, Ms. Klohs remains a very active member in the local business community, as evidenced by her continued service on the boards of several local business organizations. For more information regarding Ms. Klohs's background and qualifications, please see "Board of Directors – Qualifications and Biographical Information."

Change in Employment or Independence

Directors recognize that they have been chosen for nomination or appointment to the Board of Directors in part because of the knowledge and insight they gain on a continuing basis from their active employment in their current positions and for the public respect they bring to the Company and its Board of Directors because of the positions they hold in the business community. A director who experiences a material change in his or her employment status must inform the Governance Committee as soon as practicable and is expected to promptly offer his or her resignation as a director to the Governance Committee. The Governance Committee will consider and vote upon acceptance or rejection of the director's offer in its sole discretion, excluding the affected director from consideration of and voting on acceptance of the resignation.

An independent director who ceases to be an independent director under Nasdaq Listing Rules for any reason must inform the Governance Committee as soon as practicable and is expected to promptly offer his or her resignation as a director to the Governance Committee. The Governance Committee will consider and vote upon acceptance or rejection of the director's offer in its sole discretion, excluding the affected director from consideration of and voting on acceptance of the resignation.

Other Board Memberships

Each executive officer of the Company must notify the Governance Committee before serving as a member of the board of directors of any other business organization. The Governance Committee will review executive officers' membership on external boards of directors at least annually. The Governance Committee may limit the directorships for any executive officer if it believes that they will interfere with the executive officer's responsibilities to the Company.

Shareholder Communication with Directors

The Company provides a process for shareholders to send communications to the Board of Directors. Such communications should be directed to Jon W. Swets, Secretary, Macatawa Bank Corporation, 10753 Macatawa Drive, Holland, Michigan 49424. The Secretary of the Company, or the Secretary's delegates, have discretion to adopt policies and procedures to implement and administer this communication process. Shareholder communications may be directed to the Board of Directors, a committee of the Board of Directors or to specific individual directors. The Secretary has discretion to screen and not forward to directors, communications which the Secretary determines in his or her discretion to be communications unrelated to the business or governance of the Company and its subsidiaries, commercial solicitations, offensive, obscene or otherwise inappropriate. The Secretary must, however, collect and organize all shareholder communications which are not forwarded, and such communications must be available to any director upon request.

External Communications

The Board believes that the Chairman of the Board and management of the Company should speak for the Company. Individual Board members who are not the Chairman of the Board or officers should not communicate with outside parties regarding corporate matters unless authorized by the Board, the Chairman of the Board or management. If so authorized, Board members may communicate with various constituencies that are involved with the Company, subject to applicable law and the Company's policies regarding the disclosure of information.

Code of Ethics

The Board of Directors has adopted a comprehensive Code of Ethics. The code is intended to deter wrongdoing and to promote:

- Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- Full, fair, accurate, timely and understandable disclosure in documents the Company files with, or submits to, the SEC and in all public communications made by the Company;
- Compliance with applicable governmental laws, rules and regulations; and
- Prompt internal reporting to designated persons of violations of the code.

The Code of Ethics is available upon request by writing to the Chief Financial Officer, Macatawa Bank Corporation, 10753 Macatawa Drive, Holland, Michigan 49424 and is also available on the Company's website, www.macatawabank.com, under the "Investor Relations/Company Overview/Governance Documents" section.

Problem Resolution Policy

The Company strongly encourages employees to raise possible ethical issues. We maintain a problem resolution hotline to receive reports of ethical concerns or incidents, including, without limitation, concerns about accounting, internal controls or auditing matters. Users of the hotline may choose to remain anonymous. We prohibit retaliatory action against any individual for raising legitimate concerns or questions, or for reporting suspected violations.

Anti-Hedging Policy

The Company has an anti-hedging policy that prohibits the Company's employees, officers, and directors from, directly or indirectly, purchasing any financial instrument or entering into any transaction that is designed to hedge or offset any decrease in the market value of the Company's stock (including but not limited to, short-selling, equity swaps, collars, exchange funds, put or call options, or prepaid variable forward contracts).

Insider Trading Policy

The Company has adopted an insider trading policy that prohibits directors, officers, employees or any of their immediate family members from purchasing, selling, or offering to purchase or sell, any Company security while in possession of material nonpublic information about the Company. The policy also prohibits such individuals from communicating that information to any other person without the Company's authorization. As part of the policy, the Company has instituted blackout periods for directors, officers, and certain other employees, and requires pre-clearance of all transactions in any Company security by such persons.

Board Diversity

The Board believes that the Company and its shareholders are best served by having a Board of Directors that brings a diversity of education, experience, skills, and perspective to Board meetings. The Governance Committee and the Board of Directors will consider such diversity in identifying director nominees. There are no specific or minimum qualifications or criteria for nomination for election or appointment to the Board.

Social Responsibility and Environmental Sustainability

The Company understands the growing investor focus on environmental, social and governance issues (“ESG”). Our values and principles that were set when the Company was established in 1997 and encouraged throughout our history embrace concepts consistent with this more recent investor focus. These core values and principles are as follows:

Focus on our Customer

- We will strive to exceed customer expectations.
- We will act with integrity, honesty, and consistency in all customer interactions.
- Through a focus on the total relationship, we will understand our customer’s needs and be proactive in finding solutions.
- We will provide value-based products and services that meet the needs of the markets we serve.
- We will follow through with an appropriate and timely response to customer requests.
- We will drive decision making as close to the customer as possible.
- We will train our employees to understand the rationale behind our policies to avoid the phrase “because it’s policy”.

Focus on our Co-Workers

- We will respect and support each other.
- We will embrace teamwork and accept accountability to achieve the Bank’s strategies.
- We will provide appropriate education, training, and opportunity to develop our employees both professionally and personally.
- We will trust each other and respectfully challenge one another.

Focus on our Community

- We will be sensitive to the needs of our markets by maintaining local management authority in the communities we serve.
- We will maintain an awareness of activities and issues facing our communities, and respond as appropriate within our capabilities.
- We will contribute financial support to, and encourage employee involvement in, community initiatives that mirror our values and ideals.

Focus on our Shareholders

- Our shareholders will share in the success of the Bank through the increased value of their investment and dividends.
- We will enhance shareholder value by maintaining local management authority.
- We will encourage a strong overlap of “customer and shareholder” base.

We recognize that the work to better understand the needs and interests of all of our constituencies, particularly those individuals, businesses, organizations and communities we serve as clients, is never finished. Rather, this requires a commitment that extends well beyond the present to living our shared values, to better understanding societal needs and the impacts of our actions, and to making continuous improvements in order to deliver our services today better than we did yesterday.

Here are some of the ways we address important ESG issues for the benefit of our various constituencies:

Our Communities – We believe it is our responsibility to give back and support the communities in which we live and work. The following represents a few of the ways we engage with the communities we serve beyond merely delivering our financial services according to our standards of excellence.

- Giving our time and financial resources to the United Way has become a proud tradition at our Company. Doing so is consistent with our core value that, “We will contribute financial support and encourage employee involvement in community initiatives that mirror our values and ideals.” Last year the majority of our employees provided financial support to the United Way. In addition, many of our team members participate in the “United Way Day of Caring” when we give our time to support a wide variety of community needs. In 2022, the Company received the distinguished United Way Community Builder Award for the ninth consecutive year. In order to receive this award, companies must succeed in five criteria established by the United Way which are: an increase of employee giving from the previous year, at least \$175 average gift per donor, 50% or more participation in campaign giving, employee volunteer involvement and three or more employees giving at the Lighthouse Leadership Circle level (\$500 and above).
- Building Our Communities: While many of the things we do in our communities fulfill our responsibilities under the Community Reinvestment Act, the Company relishes the opportunity to help meet the credit needs of the communities it serves. This is accomplished by the Company offering banking services to those in low-to-moderate income locations or with low-to-moderate income levels. This is also accomplished by volunteering in our communities and serving the needs of the community. Many of our employees volunteer their time every year in the following ways:
 - Serving on a committee or as a board member for a community development organization
 - Providing financial expertise to low-to-moderate communities through financial literacy training
 - Conducting credit counseling for affordable housing organizations and to low-to-moderate income individuals
- Stuff the Bus Collection Drive: Annually we support our communities through a special collection drive, providing children the tools they need to enter the classroom prepared for success. Donations support students at K–12 schools in Cedar Springs, Kenowa Hills, Wyoming, Grand Rapids, and Sparta. Items donated include the following: backpacks, spiral notebooks, pocket folders, pencils and erasers, crayons, highlighters, scissors, pens, glue sticks, calculators, storage bags, tissues, hand sanitizer, paper towels, printer paper, and dry erase markers.
- Bring the Basics Collection Drive: To help fight poverty, last year the Company participated in United Way’s Bring the Basics collection drive. Benefiting residents across the area, this drive brought together much-needed items that help ease the burden for children, families, seniors, and veterans who are struggling to meet their basic needs. Donated items included soap, shampoo, toothbrushes, combs, tissues, deodorant, toothpaste, all-purpose cleaner, paper towels, disinfectant, scrub brushes, laundry detergent and many other basic household items.

Our People – As a service business, our people are paramount to the success of our Company. As such, we are focused on hiring, retaining, developing and nurturing our people in several different ways. Some of those ways are identified below:

- New Employee Orientation introduces new employees to our history, mission, values and principles.
- We conduct talent review and succession planning every year to reaffirm existing and identify new high potential, talented and diverse individuals as we strive to deepen, enhance, and diversify our leadership bench. In preparation for these reviews we ask our managers and supervisors to consider for their people any upcoming potential career path steps, potential retirements, and those they would classify as top talent or high potential. From there we establish development plans for these individuals.

- Leadership Development: We have established various tools and guides to assist our leaders and future leaders. Some of these tools include time management guides, coaching templates, goal setting guides and worksheets, interviewing guides, critical conversation tips, performance improvement plans, and team assimilation guides.
- Wellness Program: Our wellness program encompasses holistic wellness including physical and emotional health, family support, and work and financial guidance and support. Included in our wellness program is a robust employee assistance program that offers free confidential counseling through either conveniently located outpatient clinics or through online telehealth sessions.
- Diversity, Equity and Inclusion: We attempt to cultivate and encourage diversity in building and maintaining our culture. We are committed to continuous improvement in this area. To this end we provide our employees with Diversity/Inclusion/Implicit Bias training. Diversity and Inclusion are pillars of importance to the Company, and we want our organization to maintain a place where employees want to be at work and feel safe and included at the workplace. The training covers what diversity, equity, and inclusion are, a walkthrough of Maslow's hierarchy of needs to understand what motivates and encourages others (which in turn fosters a healthy workplace), and a discussion of what implicit bias is and how to combat it. All managers and supervisors are required to attend while all other employees are highly recommended to attend.
- Equal Employment Opportunity: Every two years we require our managers to complete EEO Training. This training sets the baseline for how people should treat each other at work and how to prevent discrimination. The training is mandatory for all managers.
- We have worked hard to establish a scalable technology platform to effectively deploy and manage our people, processes, and technologies.
- The Company has developed career paths to serve as a written guide or process to chart a course of career development. This involves understanding what knowledge, skills, personal characteristics and experience are required to progress within certain careers in the Company. Well defined paths exist in the following areas: credit analysis, branch customer service, call center service, mortgage processing, and mortgage underwriting.
- The Company has been recognized for twelve years as one of "West Michigan's 101 Best and Brightest Companies to Work For".

Environmental Sustainability – For many years now, the broad impact of facilities on the environment and potential contributions to climate change has been receiving an increasing amount of awareness and attention. By integrating sustainable thinking into the operation of our facilities, our sustainability efforts have become a natural extension of our day to day facility management practices. By keeping climate change strategy a primary focus of our operations, we have accomplished reduced greenhouse gas emissions through energy conservation and efficiency measures, while lessening the use of natural resources.

Our Company's sustainability initiatives began in 2004 with the completion of the Corporate Center, our Company headquarters. The Corporate Center was built with a geothermal heat pump loop system for heating and cooling, an Energy Recovery Unit (ERU) was installed in the penthouse of the building, and perimeter offices included occupancy sensors to control lighting. In 2008, we committed to build our first USGBC LEED certified branch building. This prompted staff to intentionally think more "green" and become better educated in terms of sustainable facilities and facility operations.

Some of the sustainable operational facilities changes made to date included the following:

- Adjusted the HVAC schedule to better coordinate with building occupancy – the building previously ran 24/7/365. – Corporate Center
- Adjusted exterior lighting schedules. – All locations
- Conversion to LED lighting whenever and wherever possible. – All locations
- Installed additional occupancy sensors for better lighting control in back rooms and stairwells not previously covered. – All locations
- Added moisture sensor control to lawn irrigation in addition to rain sensor (reducing water usage). – Corporate Center
- Reduced “managed” acreage from 15.4 acres to 9.1 acres (improved rain absorption, less emissions from lawn maintenance equipment, etc.) – Corporate Center
- Recognizing that we depend on printed materials for important day-to-day office work, client communications, and acquiring new clients, most of the paper used in our facilities is recycled through our secure shred program.
- We offer customer “Shred it” days, allowing our customers and the community to recycle their sensitive documents at several of our branch locations.
- Ensure document destruction is included in a recycled waste stream and encourage greater use by employees. – Corporate Center
- Added electric vehicle charging spaces to the Corporate Center.
- Changed parking lot maintenance agreements prohibiting the use of coal tar based products (reducing PAH runoff into nearby lakes and streams). – All locations
- Added web based “controllable” thermostats to all branches (prohibits branch staff from using “hold” function and overriding night/weekend/holiday programmed setbacks).
- Added override timers to all the branch locations canopy lighting.
- Applied for, implemented where offered, and received utility rebates for boiler and branch HVAC tune-ups (Energy United) as well as LED conversions in branch canopy lighting.

We are continuing to evaluate and move forward with sustainability concepts and projects that appear to have immediate validity. Included are:

- Given significant recent advances in solar technology, we are currently evaluating supplemental solar power alternatives for several of our locations.
- Constant review of LED lighting options for fixtures and applications where cost effective options are currently unavailable.
- Expansion of the recycling program currently in place at the Corporate Center.
- Implementation/expansion of a recycling program at the branch level.
- Further employ “green cleaning” practices at all locations.
- Occupancy devices installed in private offices and open cubical spaces.
- Continue use of utility company rebate and incentive programs for HVAC tune-ups and replacement.
- From our buildings’ exteriors use thermal imaging to detect areas of heat loss.

As a financial services organization, our direct impact on the environment is relatively low compared to other business sectors. However, we believe we still have a responsibility to use resources wisely. We are committed to continually addressing our environmental impact and taking practical steps to minimize and optimize our use of environmental resources, particularly in the buildings that we own.

Audit Committee Approval Policies

The Audit Committee has direct authority and responsibility to pre-approve all audit and permissible non-audit services provided to the Company by the Company's independent auditors. In accordance with this authority and responsibility, the Audit Committee pre-approved all services performed by the Company's independent auditors during 2022 and 2021.

All pre-approvals of audit and permissible non-audit services granted by the Audit Committee must be reasonably detailed as to the particular services to be provided and must not result in the delegation of the Audit Committee's pre-approval responsibilities to management. Pre-approvals of services granted by the Audit Committee must not use monetary limits as the only basis for pre-approval and must not provide for broad categorical approvals. Any pre-approval policies or practices adopted by the Audit Committee must be designed to ensure that the Audit Committee knows what particular services it is being asked to pre-approve so that it can make a well-reasoned assessment of the impact of the service on the independent auditors' independence.

The Audit Committee may delegate to one or more designated members of the committee the authority to grant pre-approvals of permissible non-audit services. The decisions of any member to whom this authority is delegated must be reported to the full Audit Committee.

Non-audit services provided by the Company's independent auditors must not include any of the following:

Appointment of Independent Auditor

The Audit Committee has direct authority and responsibility for the appointment, compensation, retention and oversight of the work of any accounting firm engaged for the purpose of issuing an audit report and performing other audit, review or attestation services for the Company. The Audit Committee is also directly responsible for the resolution of disagreements between management and the independent auditors regarding financial reporting. The independent auditors report directly to the Audit Committee.

The Audit Committee must review the performance of the independent auditors of the Company at least annually. The Audit Committee must also review the independence, effectiveness and objectivity of the independent auditors of the Company at least annually.

The Audit Committee has direct authority and responsibility to oversee the independence of the independent auditors. The Audit Committee must require receipt of, and must review, a formal written statement of the independent auditors delineating all relationships between the independent auditor and the Company, consistent with the standards of the Public Company Accounting Oversight Board. The Audit Committee must discuss with the independent auditor the independent auditor's independence, including a discussion of any disclosed relationships or services that may impact the objectivity and independence of the independent auditor. If the Audit Committee is not satisfied with the independent auditors' assurances of independence, it must take or recommend to the full Board of Directors appropriate action to ensure the independence of the independent auditors.

The Audit Committee must discuss with the independent auditors the matters required to be discussed by applicable legal, regulatory, and stock exchange listing rule requirements relating to the conduct of the audit and any qualifications in the independent auditors' audit opinion.

The Audit Committee has appointed BDO USA, LLP to serve as the Company's independent registered public accounting firm for the year ending December 31, 2023. BDO USA, LLP has served as the Company's independent registered public accounting firm for each year since the year ended December 31, 2010. Representatives of BDO USA, LLP are expected to be present at the annual meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions from shareholders.

Audit Committee Report

The following is the report of the Audit Committee with respect to the Company's audited financial statements as of and for the year ended December 31, 2022. The information contained in this report shall not be deemed "soliciting material" or otherwise considered "filed" with the SEC, and such information shall not be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent that the Company specifically incorporates such information by reference in such filing.

The Audit Committee has reviewed, and discussed with management and the independent auditors, the Company's audited financial statements as of and for the year ended December 31, 2022, management's assessment of the effectiveness of the Company's internal control over financial reporting, and the independent auditors' attestation report on the Company's internal control over financial reporting. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 1301. The Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence. This included consideration of the compatibility of non-audit services with the auditors' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2022 for filing with the Securities and Exchange Commission.

The Company's independent auditors are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures, and therefore our discussions with management and the independent auditors do not assure that the financial statements are presented in accordance with generally accepted accounting principles. We have relied, without independent verification, on management's representation that the financial statements have been prepared in conformity with U.S. generally accepted accounting principles and on the representations of the independent auditors included in their report on the Company's financial statements.

Compensation Discussion and Analysis

This section discusses material elements of the Company's compensation of the named executive officers and other matters relevant to the Company's compensation program.

Overview. The Compensation Committee (the "Committee") assists the board of directors in discharging its responsibilities relating to executive compensation and in fulfilling its responsibilities relating to Macatawa's compensation and benefit programs and policies. The Committee has the authority and responsibility to, among other things: determine and oversee the Company's executive compensation philosophy, structure, policies and programs; assess whether the Company's compensation structure establishes appropriate incentives for officers and employees; administer or make recommendations to the Board of Directors with respect to compensation and benefit plans; approve stock incentive awards under the Company's stock incentive plans; and recommend to the Board of Directors for approval the base salary and long-term incentive compensation award opportunities of the executive officers. The Committee currently consists of six directors, all of whom are independent under Nasdaq Listing Rules and SEC rules and regulations. The Committee receives recommendations from Macatawa's Chief Executive Officer regarding the compensation of executive and senior management (other than the compensation of the Chief Executive Officer).

Comparative Analysis. In 2022, the Company engaged McLagan, AON Hewitt, an independent compensation consultant, to provide a market analysis of the Company's compensation practices. This analysis covered base salary, annual incentives, total cash compensation, long-term incentives, and total compensation for approximately 165 positions (approximately 350 individuals) including positions comparable to those of the three named executive officers. The analysis included a comparison of Macatawa's compensation programs against financial service companies that are similar to the Company in size and scope of operations as reported in the McLagan Financial Services Compensation Survey. This consultant was not selected or engaged by the Compensation Committee and was not engaged to and did not provide advice or recommendations to the Compensation Committee and, although the Compensation Committee had access to the data in the study and considered that data in its compensation decisions, this consultant was not engaged for the purpose of developing or providing an analysis for the Compensation Committee. McLagan did not provide any other services to Macatawa in 2022. Because of the objective nature and broader purpose of this survey, the Compensation Committee does not consider any risk of conflict of interest to be a material consideration.

In 2022, the Company considered this information to help inform its decision-making process to establish total compensation levels that it believes are competitive and in line with the market.

Compensation Philosophy and Objectives. Macatawa's philosophy is to maximize long-term shareholder return consistent with its commitments to maintain the safety and soundness of the institution and provide the highest possible level of service at a fair price to the customers and communities that it serves. To do this, the Committee believes the Company must provide competitive salaries and appropriate incentives to achieve long-term shareholder return. The Company's executive compensation policies are designed to achieve four primary objectives:

- provide incentives for achievement of long-term shareholder return;
- align the interests of management with shareholders to encourage continuing increases in shareholder value;
- attract and retain well-qualified executives who will lead the Company and inspire superior performance; and

- provide incentives for achievement of corporate goals and individual performance.

The Committee's goal is to effectively balance salaries with compensation that is performance-based commensurate with an executive officer's individual management responsibilities and contribution to corporate objectives. The portion of total compensation that is based on corporate performance and long-term shareholder return increases as an executive officer's responsibilities increase.

The Committee has considered the potential risks arising from the Company's compensation policies and practices for all employees and does not believe the risks from those compensation policies and practices are reasonably likely to have a material adverse effect on the Company. The Committee believes that the Company's total compensation program drives the appropriate behaviors in management, is competitive in the marketplace and fairly distributes the earnings of the Company to the shareholders and to the employees.

The Company currently provides its shareholders with the opportunity to cast an annual advisory vote to approve executive compensation (a "Say-on-Pay proposal"). At the Company's annual meeting of shareholders held in May 2022, a substantial majority of the votes cast on the Say-on-Pay proposal at that meeting were voted to approve the Company's executive compensation for 2021. The Committee believes this affirms shareholders' support of the Company's approach to executive compensation. In light of the voting results, the Company did not materially change its approach in 2022. The Committee will continue to consider the outcome of advisory votes on the Company's Say-on-Pay proposals when making future compensation decisions for the named executive officers.

Elements of Compensation

Macatawa's executive compensation program has consisted primarily of the following elements: (i) base salary and benefits; (ii) awards of longer-term equity-based incentives in the form of restricted stock; and (iii) participation in the Company's retirement plans. All executive and senior management of Macatawa and the Bank are eligible to participate in the same executive compensation plans that are available to the Chief Executive Office. Each component of compensation is intended to accomplish one or more of the compensation objectives discussed above.

Base Salary and Benefits. To attract and retain officers with exceptional abilities and talent, annual base salaries are set to provide competitive levels of compensation. The Committee determines base salaries by considering a variety of factors, including individual and corporate performance and achievements, the strategic value of the position and current compensation practices of other peer group bank companies. While the Committee considers all of these factors, it ultimately determines annual base salaries in its judgment, based on what it considers to be reasonable and appropriate for the Company.

Longer-Term Equity-Based Incentives. A portion of compensation is also linked to individual and corporate performance through restricted stock compensation awards. Other forms of equity-based compensation may be awarded by the Committee. Awards under Macatawa's equity-based compensation plan are designed to:

- more closely align the executive officer with shareholder interests;
- reward executive officers for individual and corporate performance and for building shareholder value; and
- provide executive officers the opportunity to build ownership in the Company.

The Committee believes that stock ownership by management is beneficial to shareholders. The Committee administers all aspects of equity based compensation and also has authority to determine the individuals to whom and the terms upon which equity-based compensation awards are granted.

The Company uses a market-competitive formula approach for awarding equity-based compensation. For each named executive officer, the Committee establishes a target range for equity-based compensation based on a percentage of base salary. For 2022, the awarded percentage of base salary for each named executive officer was within the target ranges and as follows: Mr. Haan – 23%, Mr. Hankinson - 23%, Mr. Swets - 23%.

The Committee considers each named executive officer's position and its attendant duties, responsibilities and authority when setting the target equity compensation value. The Company calculates the number of longer-term equity-based incentive awards granted utilizing the fair value of the awards as of the date of grant in accordance with the same standard applied for financial accounting purposes.

Ultimately, the Committee retains discretion to award equity-based compensation at levels it determines in its judgment based on a number of factors, including individual and corporate performance.

In 2022, the Committee granted 26,384 restricted shares to the named executive officers. The restricted shares vest equally over three years. Shares will vest if the executive officer is fully employed with the Company at the time of vesting.

Retirement Plans. The Company sponsors a 401(k) plan which covers substantially all employees. Employees may elect to contribute to the plan up to the maximum percentage of compensation and dollar amount subject to statutory limitations. The Company's contribution is set using a matching formula of 100% on the first 3% of employee contributions and 50% of employee contributions in excess of 3%, up to 5%. Due to the uncertainty associated with COVID-19, for 2021 the Company reduced its matching formula to 100% on the first 2% of employee contributions. The Company increased its matching contributions back to the normal matching formula effective January 1, 2022. The Company's contributions were approximately \$755,000 and \$412,000 for 2022 and 2021, respectively.

Discretionary Bonuses. The Committee may award discretionary bonuses to executive officers on a case-by-case basis to reward the individual for the Company's overall performance, taking into consideration individual performance. No discretionary bonuses were approved for the named executive officers in 2021 or 2022.

Change in Control Agreements The Company has entered into Change in Control Agreements with its Chief Executive Officer, Chief Financial Officer, and Chief Operating Officer. The Change in Control Agreements are "double trigger" agreements, which provide for specified payments and benefits in the event that a change in control of Macatawa occurs and the individual officer's employment is terminated in connection with the change in control. The Committee and the Board of Directors believe that change in control agreements for its Chief Executive Officer, Chief Financial Officer and Chief Operating Officer are appropriate because if the Board of Directors determines in the future to pursue a strategy which will result in a change in control of the corporation, these three officers would be most likely to have their employment adversely affected by a change in control and would be essential to an effective and successful conclusion of a change in control transaction. The double trigger format was selected because it was considered to be the format most consistent with corporate and shareholder interests.

Pursuant to the Change in Control Agreements, the executive will receive severance benefits if, within six months before or twenty-four months after a change in control of the Company, the executive is terminated by the Company without cause or terminates employment for good reason. Upon the occurrence of this event, Mr. Haan would be entitled to a lump sum cash payment equal to 2.0 times his average annual compensation, and Mr. Hankinson and Mr. Swets would be entitled to a lump sum cash payment equal to 1.5 times their average compensation. For this purpose, average compensation is equal to the three year average of annual base salary, cash bonuses, if any, and the fair market value of restricted stock awards averaged over the last three completed calendar years. The combined amount of any cash bonus paid and grant date fair value of restricted stock awarded to be included in the formula for any year for the purpose of computing average compensation is limited to an amount not exceeding 75% of base salary for that year. If the Company implements a cash incentive bonus plan, the executive would also receive a prorated cash bonus for the year of termination based on target performance for the year in which the termination occurs. Each Change in Control Agreement includes a Section 280G cap that limits payments under the agreement as necessary to avoid tax penalties under Section 280G of the Internal Revenue Code.

Receipt of the executive's severance benefits is conditioned on obtaining a release and resignation from all of the executive's positions with the Company and Macatawa Bank. Additionally, each Change in Control Agreement includes non-competition provisions prohibiting employment with a competitor for a period of twenty-four months for Mr. Haan, eighteen months for Mr. Hankinson and six months for Mr. Swets. The Change in Control Agreements also prohibit solicitation of the Company's customers and employees for a period of twenty-four months for Mr. Haan and eighteen months for Mr. Hankinson and Mr. Swets.

Compensation Recovery Policy The Company has adopted a compensation recovery policy. This policy, commonly called a "clawback policy", requires that in the event that the Corporation is required to prepare an accounting restatement of its financial statement due to material non-compliance with any financial reporting requirement, the Board of Directors will require reimbursement or forfeiture of any excess incentive compensation that was granted, earned or vested based wholly or in part on the attainment of a financial reporting measure during the three completed fiscal years immediately preceding the date on which the corporation was required to prepare an accounting restatement. The Company did not grant any form of compensation that was earned or vested based on attainment of specific financial reporting measures in 2021 or 2022. A copy of the compensation recovery policy is available in the "Investor Relations/Governance/Governance Documents" section of our website, www.macatawabank.com.

Assumptions used in the calculation of these amounts are included in the Notes to the Company's audited financial statements for the year ended December 31, 2022. The stock awards granted on November 9, 2022, vest at a rate of one-third each year beginning on November 9, 2023, and fully vest on November 9, 2025. Before vesting, the shares are subject to restrictions as provided in the Macatawa Bank Corporation Stock Incentive Plan of 2015.
- (3) Includes term life insurance premiums paid for the benefit of the named executive officers and employer contributions to the Company's 401(k) plan. Employer contributions to the Company's 401(k) plan for Mr. Haan were \$12,200 in 2022 and \$5,800 in 2021.

Median to Principal Executive Officer Compensation "Pay Ratio"

Section 953(b) of the Dodd-Frank Act requires disclosure of the ratio of the Company's principal executive officer's total annual compensation to the Company's "median employee" total annual compensation, also known as "pay ratio". For 2022, our "median employee" was determined by taking the roster of all persons employed by the Company or its subsidiaries, whether as full-time, part-time, seasonal, or temporary employees, as of December 31, 2022, excluding the principal executive officer, and using annual compensation amounts, identifying the individual at the midpoint of the roster. Annual compensation for this purpose included base compensation, cash bonus, stock awards, equity compensation, term insurance premiums and 401(k) employer contributions. Based on this analysis, total median employee compensation amounted to \$45,712 for 2022. Compared to our principal executive officer total annual compensation of \$684,050 for 2022 disclosed above, the pay ratio was 15.0 to 1 for 2022.

Pay Versus Performance Table

The following table provides information concerning actual compensation paid to principal executive officer (PEO) and named executive officers (NEO) with comparison to total shareholder return (TSR) and net income over the same periods:

Year	Summary Compensation Table Total for PEO (\$)	Compensation Actually Paid to PEO (\$)(1)(2)	Average Summary Compensation Table Total for Non-PEO NEOs (\$)	Average Compensation Actually Paid to Non-PEO NEOs (\$)(1)(3)	Value of Initial Fixed \$100 Investment Based On TSR (\$)	Net Income (\$)
2022	684,050	735,070	469,512	499,511	107.73	34,731,000
2021	637,653	639,989	437,579	432,278	85.00	29,014,000
2020	609,508	565,131	430,678	399,338	78.08	30,165,000

- (1) Compensation actually paid includes summary compensation total, adjusted for changes in the market value of outstanding restricted stock during the year and dividends earned on unvested restricted stock.
- (2) Change in market value of outstanding restricted stock for PEO was \$46,523 in 2022, (\$1,867) in 2021 and (\$48,294) in 2020. Addition for dividends paid on unvested restricted stock of PEO was \$4,497 in 2022, \$4,203 in 2021 and \$3,917 in 2020.
- (3) Change in market value of outstanding restricted stock for Non-PEO NEOs was \$26,920 in 2022, (\$8,193) in 2021 and (\$33,892) in 2020. Addition for dividends paid on unvested restricted stock of Non-PEO NEOs was \$3,079 in 2022, \$2,892 in 2021 and \$2,552 in 2020.

Macatawa compensates its PEO and other NEOs primarily with base salary and long-term equity based compensation in the form of restricted stock. It does not provide short-term incentive based compensation as the Board believes it is most important to have its management team focused on long-term objectives rather than short-term performance. As such, the compensation disclosed in the above table and the fluctuations from year to year will not reflect a direct correlation to the short-term performance metrics of TSR and net income or the fluctuations in these metrics from year to year.

Retirement, Termination or Change in Control Payments

The following table summarizes the potential payments and benefits payable to each of the named executive officers upon termination of employment in connection with each of the triggering events set forth in the table below, assuming, in each situation, that the termination of employment took place on December 31, 2022.
