SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2014

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number: 000-25927

MACATAWA BANK CORPORATION

(Exact name of registrant as specified in its charter)

Michigan

(State or other jurisdiction of incorporation or organization)

38-3391345

(I.R.S. Employer Identification No.)

10753 Macatawa Drive, Holland, Michigan 49424

(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: (616) 820-1444

Indicate by checkmark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.
Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

Non-accelerated filer
(Do not check if smaller reporting company)

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date: 33,788,431 shares of the Company's Common Stock (no par value) were outstanding as of April 24, 2014.

Forward-Looking Statements

This report contains forward-looking statements that are based on management's beliefs, assumptions, current expectations, estimates and projections about the financial services industry, the economy, and Macatawa Bank Corporation. Forward-looking statements are identifiable by words or phrases such as "outlook", "plan" or "strategy"; that an event or trend "may", "should", "will", "is likely", or is "probable" to occur or "continue", has "begun" or "is scheduled" or "on track" or that the Company or its management "anticipates", "believes", "estimates", "plans", "forecasts", "intends", "predicts", "projects", or "expects" a particular result, or is "committed", "confident", "optimistic" or has an "opinion" that an event will occur, or other words or phrases such as "ongoing", "future", "signs", "efforts", "tend", "exploring", "appearing", "until", "near term", "going forward", "focus", "starting", "initiative," "trend", "poised" and variations of such words and similar expressions. Such statements are based upon current beliefs and expectations and involve substantial risks and uncertainties which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These statements include, among others, future levels of earning assets, statements related to stabilization of our loan portfolio, trends in credit quality metrics, future capital levels and capital needs, including the impact of Basel III, real estate valuation, future levels of repossessed and foreclosed properties and nonperforming assets, future levels of losses and costs associated with the administration and disposition of repossessed and foreclosed properties and nonperforming assets, future levels of loan charge-offs, future levels of other real estate owned, future levels of provisions for loan losses, the rate of asset dispositions, future dividends, future growth and funding sources, future cost of funds, future liquidity levels, future profitability levels, future FDIC assessment levels, future net interest margin levels, building and improving our investment portfolio, diversifying our credit risk, the effects on earnings of changes in interest rates, future economic conditions, future effects of new or changed accounting standards, future loss recoveries, future balances of short-term investments, future loan demand and loan growth, future levels of mortgage banking revenue and the future level of other revenue sources. Management's determination of the provision and allowance for loan losses, the appropriate carrying value of intangible assets (including deferred tax assets) and other real estate owned, and the fair value of investment securities (including whether any impairment on any investment security is temporary or other-than-temporary and the amount of any impairment) involves judgments that are inherently forward-looking. All statements with references to future time periods are forward-looking. All of the information concerning interest rate sensitivity is forward-looking. Our ability to sell other real estate owned at its carrying value or at all, successfully implement new programs and initiatives, increase efficiencies, maintain our current levels of deposits and other sources of funding, maintain liquidity, respond to declines in collateral values and credit quality, increase loan volume, originate high quality loans, maintain or improve mortgage banking income, realize the benefit of our deferred tax assets, and improve profitability is not entirely within our control and is not assured. The future effect of changes in the real estate, financial and credit markets and the national and regional economy on the banking industry, generally, and Macatawa Bank Corporation, specifically, are also inherently uncertain. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions ("risk factors") that are difficult to predict with regard to timing, extent, likelihood and degree of occurrence. Therefore, actual results and outcomes may materially differ from what may be expressed or forecasted in such forward-looking statements. Macatawa Bank Corporation does not undertake to update forward-looking statements to reflect the impact of circumstances or events that may arise after the date of the forward-looking statements.

Risk factors include, but are not limited to, the risk factors described in "Item 1A - Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2013. These and other factors are representative of the risk factors that may emerge and could cause a difference between an ultimate actual outcome and a preceding forward-looking statement.

MACATAWA BANK CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation: The accompanying consolidated financial statements include the accounts of Macatawa Bank Corporation ("the Company", "our", "we") and its wholly-owned subsidiary, Macatawa Bank ("the Bank"). All significant intercompany accounts and transactions have been eliminated in consolidation.

Macatawa Bank is a Michigan chartered bank with depository accounts insured by the Federal Deposit Insurance Corporation. The Bank operates 26 full service branch offices providing a full range of commercial and consumer banking and trust services in Kent County, Ottawa County, and northern Allegan County, Michigan.

The Company owns all of the common stock of Macatawa Statutory Trust I and Macatawa Statutory Trust II. These are grantor trusts that issued trust preferred securities and are not consolidated with the Company under accounting principles generally accepted in the United States of America.

Basis of Presentation: The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting only of normal recurring accruals) believed necessary for a fair presentation have been included.

Operating results for the three month period ended March 31, 2014 are not necessarily indicative of the results that may be expected for the year ending December 31, 2014. For further information, refer to the consolidated financial statements and related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

Use of Estimates: To prepare financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions based on available information. These estimates and assumptions affect the amounts reported in the financial statements and the disclosures provided, and future results could differ. The allowance for loan losses, valuation of deferred tax assets, loss contingencies, fair value of other real estate owned and fair values of financial instruments are particularly subject to change.

Allowance for Loan Losses: The allowance for loan losses (allowance) is a valuation allowance for probable incurred credit losses inherent in our loan portfolio, increased by the provision for loan losses and recoveries, and decreased by charge-offs of loans. Management believes the allowance for loan losses balance to be adequate based on known and inherent risks in the portfolio, past loan loss experience, information about specific borrower situations and estimated collateral values, economic conditions and other relevant factors. Allocations of the allowance may be made for specific loans, but the entire allowance is available for any loan that, in management's judgment, should be charged-off. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Management continues its collection efforts on previously charged-off balances and applies recoveries as additions to the allowance for loan losses.

The allowance consists of specific and general components. The specific component relates to loans that are individually classified as impaired. The general component covers non-classified loans and is based on historical loss experience adjusted for current qualitative factors. The Company maintains a loss migration analysis that tracks loan losses and recoveries based on loan class and the loan risk grade assignment for commercial loans. At March 31, 2014, an 18 month annualized historical loss experience was used for commercial loans and a 12 month historical loss experience period was applied to residential mortgage loans and consumer loans. These historical loss percentages are adjusted (both upwards and downwards) for certain qualitative factors, including economic trends, credit quality trends, valuation trends, concentration risk, quality of loan review, changes in personnel, external factors and other considerations.

A loan is impaired when, based on current information and events, it is believed to be probable that the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement. Loans for which the terms have been modified and a concession has been made, and for which the borrower is experiencing financial difficulties, are considered troubled debt restructurings and classified as impaired.

MACATAWA BANK CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Commercial and commercial real estate loans with relationship balances exceeding \$500,000 and an internal risk grading of 6 or worse are evaluated for impairment. If a loan is impaired, a portion of the allowance is allocated and the loan is reported at the present value of estimated future cash flows using the loan's existing interest rate or at the fair value of collateral, less estimated costs to sell, if repayment is expected solely from the collateral. Large groups of smaller balance homogeneous loans, such as consumer and residential real estate loans, are collectively evaluated for impairment and they are not separately identified for impairment disclosures.

Troubled debt restructurings are also considered impaired with impairment generally measured at the present value of estimated future cash flows using the loan's effective rate at inception or using the fair value of collateral, less estimated costs to sell, if repayment is expected solely from the collateral.

Foreclosed Assets: Assets acquired through or instead of loan foreclosure, primarily other real estate owned, are initially recorded at fair value less estimated costs to sell when acquired, establishing a new cost basis. If fair value declines, a valuation allowance is recorded through expense. Costs after acquisition are expensed unless they add value to the property.

Income Taxes: Income tax expense is the sum of the current year income tax due or refundable and the change in deferred tax assets and liabilities. Deferred tax assets and liabilities are the expected future tax consequences of temporary differences between the carrying amounts and tax bases of assets and liabilities, computed using enacted tax rates. A valuation allowance, if needed, reduces deferred tax assets to the amount expected to be realized.

We recognize a tax position as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded. We recognize interest and penalties related to income tax matters in income tax expense.

Derivatives: Certain of our commercial loan customers have entered into interest rate swap agreements directly with the Bank. At the same time the Bank enters into a swap agreement with its customer, the Bank enters into a corresponding interest rate swap agreement with a correspondent bank at terms mirroring the Bank's interest rate swap with its commercial loan customer. This is known as a back-to-back swap agreement. Under this arrangement the Bank has two freestanding interest rate swaps, both of which are carried at fair value. As the terms mirror each other, there is no income statement impact to the Bank. At March 31, 2014 and December 31, 2013, the total notional amount of such agreements was \$20.0 million and resulted in a derivative asset with a fair value of \$132,000 and \$94,000, respectively, which were included in other assets and a derivative liability of \$132,000 and \$94,000, respectively, which were included in other liabilities.

Reclassifications: Some items in the prior period financial statements were reclassified to conform to the current presentation.

Newly Issued Standards:

The Financial Accounting Standards Board ("FASB") has issued Accounting Standards Update (ASU) No. 2014-04, *Receivables - Troubled Debt Restructurings by Creditors (Subtopic 310-40) - Reclassification of Residential Real Estate Collateralized Consumer Mortgage Loans upon Foreclosure*. The amendments are intended to clarify when a creditor should be considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan such that the loan should be derecognized and the real estate recognized. These amendments clarify that an in substance repossession or foreclosure occurs, and a creditor is considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan, upon either: (a) the creditor obtaining legal title to the residential real estate property upon completion of a foreclosure; or (b) the borrower conveying all interest in the residential real estate property to the creditor to satisfy that loan through completion of a deed in lieu of foreclosure or through a similar legal agreement. Additional disclosures are required. The amendments are effective for annual periods and interim periods within those annual periods beginning after December 15, 2014. The impact of adoption of this ASU by the Company is not expected to be material.

MACATAWA BANK CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FASB has also issued ASU 2013-11, *Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward or Tax Credit Carryforward Exists*. This update requires an unrecognized tax benefit, or a portion of an unrecognized tax benefit, to be presented in the statement of financial position as a reduction to a deferred tax asset for a net operating loss carryforward or a tax credit carryforward. However, to the extent that a net operating loss carryforward or tax credit carryforward at the reporting date is not available under the tax law of the applicable jurisdiction to settle any additional income taxes that would result from the disallowance of a tax position, the unrecognized tax benefit is to be presented in the statement of financial position as a liability. No new recurring disclosures are required. The amendments are effective for public business entities for annual periods beginning after December 15, 2013, and interim periods within those periods. For nonpublic entities, the amendments are effective for annual periods beginning after December 15, 2014, and interim periods within those periods. The amendments are to be applied on a prospective basis to all unrecognized tax benefits that exist at the effective date, although retrospective application is permitted. The impact of prospective adoption of this ASU by the Company in the first quarter of 2014 was not material.

NOTE 2 – SECURITIES

The amortized cost and fair value of securities at period-end were as follows (dollars in thousands):

	<u>\$ 142,667</u>	<u>\$ 519</u>	<u>\$ (3,527)</u>	<u>\$ 139,659</u>
<u>Held to Maturity:</u>				
Tax-exempt state and municipal bonds	<u>\$ 19,248</u>	<u>\$ 46</u>	<u>\$ (16)</u>	<u>\$ 19,278</u>

Proceeds from the sale of securities available for sale were \$561,000 and \$603,000, respectively, in the three month periods ended March 31, 2014 and 2013 resulting in net gain on sale of \$10,000 and \$20,000, respectively, as reported in the Consolidated Statements of Income. This resulted in a reclassification of \$10,000 (\$7,000 net of tax) for the three months ended March 31, 2014 and \$20,000 (\$13,000 net of tax) for the three months ended March 31, 2013 from accumulated other comprehensive income to gain on sale of securities in the Consolidated Statements of Income.

Other-Than-Temporary-Impairment

Management evaluates securities for other-than-temporary impairment ("OTTI") on at least a quarterly basis, and more frequently when economic or market conditions warrant such an evaluation. Management determined that no OTTI charges were necessary during the three month periods ended March 31, 2014 and 2013.

Securities with a carrying value of approximately \$1.0 million were pledged as security for public deposits, letters of credit and for other purposes required or permitted by law at March 31, 2014 and December 31, 2013.

MACATAWA BANK CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 3 – LOANS (Continued)

The Company had allocated \$3,890,000 and \$3,870,000 of specific reserves to customers whose loan terms have been modified in troubled debt restructurings (“TDRs”) as of March 31, 2014 and December 31, 2013, respectively. These loans involved the restructuring of terms to allow customers to mitigate the risk of foreclosure by meeting a lower loan payment requirement based upon their current cash flow. These may also include loans that renewed at existing contractual rates, but below market rates for comparable credit. The Company has been active at utilizing these programs and working with its customers to reduce the risk of foreclosure. For commercial loans, these modifications typically include an interest only period and, in some cases, a lowering of the interest rate on the loan. In some cases, the modification will include separating the note into two notes with the first note structured to be supported by current cash flows and collateral, and the second note made for the remaining unsecured debt. The second note is charged off immediately and collected only after the first note is paid in full. This modification type is commonly referred to as an A-B note structure. For consumer mortgage loans, the restructuring typically includes a lowering of the interest rate to provide payment and cash flow relief. For each restructuring, a comprehensive credit underwriting analysis of the borrower’s financial condition and prospects of repayment under the revised terms is performed to assess whether the structure can be successful and that cash flows will be sufficient to support the restructured debt. An analysis is also performed to determine whether the restructured loan should be on accrual status. Generally, if the loan is on accrual at the time of restructure, it will remain on accrual after the restructuring. In some cases, a nonaccrual loan may be placed on accrual at restructuring if the loan’s actual payment history demonstrates it would have cash flowed under the restructured terms. After six consecutive payments under the restructured terms, a nonaccrual restructured loan is reviewed for possible upgrade to accruing status.

Typically, once a loan is identified as a TDR, it will retain that designation until it is paid off, since the restructured loans generally are not at market rates at the time of restructuring. An exception to this would be a loan that is modified under an A-B note structure. If the remaining “A” note is at a market rate at the time of restructuring (taking into account the borrower’s credit risk and prevailing market conditions), the loan can be removed from TDR designation in a subsequent calendar year after six months of performance in accordance with the new terms. The market rate relative to the borrower’s credit risk is determined through analysis of market pricing information gathered from peers and use of a loan pricing model. The general objective of the model is to achieve a consistent return on equity from one credit to the next, taking into consideration their differences in credit risk. In the model, credits with higher risk receive a higher potential loss allocation, and therefore require a higher interest rate to achieve the target return on equity. In general, when a loan is removed from TDR status it would no longer be considered impaired. As a result, allowance allocations for loans removed from TDR status would be based on the historical based allocation for the applicable loan grade and loan class. During the three months ended March 31, 2014 and throughout 2013, no loans were removed from TDR status. Given the nature of the TDRs outstanding at March 31, 2014, it is unlikely that any such loans will be removed from TDR status in 2014.

As with other impaired loans, an allowance for loan loss is estimated for each TDR based on the most likely source of repayment for each loan. For impaired commercial real estate loans that are collateral dependent, the allowance is computed based on the fair value of the underlying collateral. For impaired commercial loans where repayment is expected from cash flows from business operations, the allowance is computed based on a discounted cash flow computation. Certain groups of TDRs, such as residential mortgages, have common characteristics and for them the allowance is computed based on a discounted cash flow computation on the change in weighted rate for the pool. The allowance allocations for commercial TDRs where we have reduced the contractual interest rate are computed by measuring cash flows using the new payment terms discounted at the original contractual rate.

The following table presents information regarding troubled debt restructurings as of March 31, 2014 and December 31, 2013 (dollars in thousands):

	March 31, 2014		December 31, 2013	
	Number of Loans	Outstanding Recorded Balance	Number of Loans	Outstanding Recorded Balance

NOTE 3 – LOANS (Continued)

The following tables present information regarding troubled debt restructurings executed during the three month periods ended March 31, 2014 and 2013 (dollars in thousands):

	<u>Three Months Ended March 31, 2014</u>		Pre-Modification Outstanding Recorded Balance	Principal Writedown upon Modification
	Number of Loans			
Commercial and industrial	1	\$	60	---
Commercial real estate	4		2,263	---
Consumer	1		4	---
	<u>6</u>	<u>\$</u>	<u>2,327</u>	<u>---</u>

	<u>Three Months Ended March 31, 2013</u>		Pre-Modification Outstanding Recorded Balance	Principal Writedown upon Modification
	Number of Loans			
Commercial and industrial	1	\$	25	---
Commercial real estate	5		1,441	---
Consumer	23		5,022	1,770
	<u>29</u>	<u>\$</u>	<u>6,488</u>	<u>1,770</u>

According to the accounting standards, not all loan modifications are TDRs. TDRs are modifications or renewals where the Company has granted a concession to a borrower in financial distress. The Company reviews all modifications and renewals for determination of TDR status. In some situations a borrower may be experiencing financial distress, but the Company does not provide a concession. These modifications are not considered TDRs. In other cases, the Company might provide a concession, such as a reduction in interest rate, but the borrower is not experiencing financial distress. This could be the case if the Company is matching a competitor's interest rate. These modifications would also not be considered TDRs. Finally, any renewals at existing terms for borrowers not experiencing financial distress would not be considered TDRs. The following table presents information regarding modifications and renewals executed during the three month periods ended March 31, 2014 and 2013 that are not considered TDRs (dollars in thousands):

	<u>Three Months Ended March 31, 2014</u>		<u>Three Months Ended March 31, 2013</u>

NOTE 3 – LOANS (Continued)

The table below presents, by class, information regarding troubled debt restructured loans which had payment defaults during the three month periods ended March 31, 2014 and 2013 (dollars in thousands). Included are loans that became delinquent more than 90 days past due or transferred to nonaccrual within 12 months of restructuring.

	Three Months Ended March 31, 2014		Three Months Ended March 31, 2013	
	Number of Loans	Outstanding Recorded Balance	Number of Loans	Outstanding Recorded Balance
Commercial and industrial	---	\$ ---	---	\$ ---
Commercial real estate	1	131	---	---
Consumer	---	---	---	---

Credit Quality Indicators: The Company categorizes loans into risk categories based on relevant information about the ability of the borrowers to service their debt such as: current financial information, historical payment experience, credit documentation, public information and current economic trends, among other factors. The Company analyzes commercial loans individually and classifies these relationships by credit risk grading. The Company uses an eight point grading system, with grades 5 through 8 being considered classified, or watch, credits. All commercial loans are assigned a grade at origination, at each renewal or any amendment. When a credit is first downgraded to a watch credit (either through renewal, amendment, loan officer identification or the loan review process), an Administrative Loan Review (“ALR”) is generated by credit and the loan officer. All watch credits have an ALR completed monthly which analyzes the collateral position and cash flow of the borrower and its guarantors. The loan officer is required to complete both a short term and long term plan to rehabilitate or exit the credit and to give monthly comments on the progress to these plans. Management meets quarterly with loan officers to discuss each of these credits in detail and to help formulate solutions where progress has stalled. When necessary, the loan officer proposes changes to the assigned loan grade as part of the ALR. Additionally, Loan Review reviews all loan grades upon origination, renewal or amendment and again as loans are selected through the loan review process. The credit will stay on the ALR until either its grade has improved to a 4 or the credit relationship is at a zero balance. The Company uses the following definitions for the risk grades:

1. Excellent - Loans supported by extremely strong financial condition or secured by the Bank’s own deposits. Minimal risk to the Bank and the probability of serious rapid financial deterioration is extremely small.

2. Above Average - Loans supported by sound financial statements that indicate the ability to repay or borrowings secured (and margined properly) with marketable securities. Nominal risk to the Bank and probability of serious financial deterioration is highly unlikely. The overall quality of these credits is very high.

3. Good Quality - Loans supported by satisfactory asset quality and liquidity, good debt capacity coverage, and good management in all critical positions. Loans are secured by acceptable collateral with adequate margins. There is a slight risk of deterioration if adverse market conditions prevail.

4. Acceptable Risk - Loans carrying an acceptable risk to the Bank, which may be slightly below average quality. The borrower has limited financial strength with considerable leverage. There is some probability of deterioration if adverse market conditions prevail. These credits should be monitored closely by the Relationship Manager.

5. Marginally Acceptable - Loans are of marginal quality with above normal risk to the Bank. The borrower shows acceptable asset quality but very little liquidity with high leverage. There is inconsistent earning performance without the ability to sustain adverse market conditions. The primary source of repayment is questionable, but the secondary source of repayment still remains an option. Very close attention by the Relationship Manager and management is needed.

6. Substandard - Loans are inadequately protected by the net worth and paying capacity of the borrower or the collateral pledged. The primary and secondary sources of repayment are questionable. Heavy debt condition may be evident and volume and earnings deterioration may be underway. It is possible that the Bank will sustain some loss if the deficiencies are not immediately addressed and corrected.

MACATAWA BANK CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 3 – LOANS (Continued)

7. Doubtful - Loans supported by weak or no financial statements, as well as the ability to repay the entire loan, are questionable. Loans in this category are normally characterized less than adequate collateral, insolvent, or extremely weak financial condition. A loan classified doubtful has all the weaknesses inherent in one classified substandard with the added characteristic that the weaknesses makes collection or liquidation in full highly questionable. The possibility of loss is extremely high, however, activity may be underway to minimize the loss or maximize the recovery.

8. Loss - Loans are considered uncollectible and of little or no value as a bank asset.

As of March 31, 2014 and December 31, 2013, the risk grade category of commercial loans by class of loans were as follows (dollars in thousands):

March 31, 2014	1	2	3	4	5	6	7	8
Commercial and industrial	\$ 505	\$ 13,640	\$ 76,159	\$ 159,056	\$ 13,196	\$ 1,291	\$ 8,077	\$ ---

NOTE 5 – FAIR VALUE

ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value include:

- Level 1:** Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2:** Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3:** Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Investment Securities: The fair values of investment securities are determined by matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs). The fair values of certain securities held to maturity are determined by computing discounted cash flows using observable and unobservable market inputs (Level 3 inputs).

Loans Held for Sale: The fair value of loans held for sale is based upon binding quotes from third party investors (Level 2 inputs).

Impaired Loans: Loans identified as impaired are measured using one of three methods: the loan's observable market price, the fair value of collateral or the present value of expected future cash flows. For each period presented, no impaired loans were measured using the loan's observable market price. If an impaired loan has had a chargeoff or if the fair value of the collateral is less than the recorded investment in the loan, we establish a specific reserve and report the loan as nonrecurring Level 3. The fair value of collateral of impaired loans is generally based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value.

Other Real Estate Owned: Other real estate owned (OREO) properties are initially recorded at fair value, less estimated costs to sell when acquired, establishing a new cost basis. Adjustments to OREO are measured at fair value, less costs to sell. Fair values are generally based on third party appraisals or realtor evaluations of the property. These appraisals and evaluations may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification. In cases where the carrying amount exceeds the fair value, less estimated costs to sell, an impairment loss is recognized through a valuation allowance, and the property is reported as nonrecurring Level 3.

Interest Rate Swaps: For interest rate swap agreements, we measure fair value utilizing pricing provided by a third-party pricing source that uses market observable inputs, such as forecasted yield curves, and other unobservable inputs and accordingly, interest rate swap agreements are classified as Level 3.

NOTE 5 – FAIR VALUE (Continued)

The carrying amounts and estimated fair values of financial instruments, not previously presented, were as follows at March 31, 2014 and December 31, 2013 (dollars in thousands).

	Level in Fair Value Hierarchy	March 31, 2014		December 31, 2013	
		Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial assets					
Cash and due from banks	Level 1	\$ 34,615	\$ 34,615	\$ 38,714	\$ 38,714
Cash equivalents	Level 2	92,668	92,668	118,178	118,178
Interest-bearing time deposits in other financial institutions	Level 2	32,500	32,466	25,000	25,003
Securities held to maturity	Level 3	19,175	19,143	19,248	19,278
FHLB stock		11,236	NA	11,236	NA
Loans, net	Level 2	987,837	979,068	999,176	990,084
Bank owned life insurance	Level 3	27,671	27,671	27,517	27,517
Accrued interest receivable	Level 2	3,511	3,511	3,231	3,231
Financial liabilities					
Deposits	Level 2	(1,216,778)	(1,217,640)	(1,249,734)	(1,250,886)
Other borrowed funds	Level 2	(88,774)	(89,227)	(89,991)	(90,321)
Long-term debt	Level 2	(41,238)	(35,296)	(41,238)	(35,098)
Subordinated debt	Level 2	---	---	---	---
Accrued interest payable	Level 2	(314)	(314)	(308)	(308)
Off-balance sheet credit-related items					
Loan commitments		---	---	---	---

The methods and assumptions used to estimate fair value are described as follows.

Carrying amount is the estimated fair value for cash and cash equivalents, bank owned life insurance, accrued interest receivable and payable, demand deposits, short-term borrowings and variable rate loans or deposits that reprice frequently and fully. Security fair values are determined by matrix pricing, which is a mathematical technique widely used in the industry to value debt securities as discussed above. For fixed rate loans, interest-bearing time deposits in other financial institutions, or deposits and for variable rate loans or deposits with infrequent repricing or repricing limits, fair value is based on discounted cash flows using current market rates applied to the estimated life and credit risk (including consideration of widening credit spreads). Fair value of debt is based on current rates for similar financing. It was not practicable to determine the fair value of FHLB stock due to restrictions placed on its transferability. The fair value of off-balance sheet credit-related items is not significant.

NOTE 6 – DEPOSITS

Deposits are summarized as follows (in thousands):

	March 31, 2014	December 31, 2013
Noninterest-bearing demand	\$ 342,357	\$ 344,550
Interest bearing demand	272,925	287,417
Savings and money market accounts	460,727	469,542
Certificates of deposit	140,769	148,225
	<u>\$ 1,216,778</u>	<u>\$ 1,249,734</u>

Approximately \$55.3 million and \$56.7 million in certificates of deposit were in denominations of \$100,000 or more at March 31, 2014 and December 31, 2013, respectively.

MACATAWA BANK CORPORATION

NOTE 7 - OTHER BORROWED FUNDS

Other borrowed funds include advances from the Federal Home Loan Bank and borrowings from the Federal Reserve Bank.

Federal Home Loan Bank Advances

At period-end, advances from the Federal Home Loan Bank were as follows (dollars in thousands):

<u>Principal Terms</u>	<u>Advance Amount</u>	<u>Range of Maturities</u>	<u>Weighted Average Interest Rate</u>
March 31, 2014			
Single maturity fixed rate advances	\$ 80,000	August 2016 to February 2019	1.69%
Amortizable mortgage advances	8,774	March 2018 to July 2018	3.78%
	<u>\$ 88,774</u>		

<u>Principal Terms</u>	<u>Advance Amount</u>	<u>Range of Maturities</u>	<u>Weighted Average Interest Rate</u>
December 31, 2013			
Single maturity fixed rate advances	\$ 80,000	August 2016 to February 2019	1.69%
Amortizable mortgage advances	9,991	March 2018 to July 2018	3.78%
	<u>\$ 89,991</u>		

Each advance is subject to a prepayment fee if paid prior to its maturity date. Fixed rate advances are payable at maturity. Amortizable mortgage advances are fixed rate advances with scheduled repayments based upon amortization to maturity. These advances were collateralized by residential and commercial real estate loans totaling \$445,112,000 and \$411,715,000 under a blanket lien arrangement at March 31, 2014 and December 31, 2013, respectively.

Scheduled repayments of FHLB advances as of March 31, 2014 were as follows (in thousands):

2014	\$ 667
2015	1,938
2016	21,996
2017	2,055
2018	52,118
Thereafter	10,000
	<u>\$ 88,774</u>

Federal Reserve Bank borrowings

The Company has a financing arrangement with the Federal Reserve Bank. There were no borrowings outstanding at March 31, 2014 and December 31, 2013, and the Company had approximately \$25.5 million and \$22.7 million in unused borrowing capacity based on commercial and mortgage loans pledged to the Federal Reserve Bank totaling \$29.8 million and \$26.6 million at March 31, 2014 and December 31, 2013, respectively.

MACATAWA BANK CORPORATION

 (Unaudited)

NOTE 8 - EARNINGS PER COMMON SHARE

A reconciliation of the numerators and denominators of basic and diluted earnings per common share for the three month periods ended March 31, 2014 and 2013 are as follows (dollars in thousands, except per share data):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Net income	\$ 2,639	\$ 2,473
Dividends declared on preferred shares	---	---
Net income available to common shares	<u>\$ 2,639</u>	<u>\$ 2,473</u>
Weighted average shares outstanding, including participating stock awards- Basic	33,790,542	27,211,603
Dilutive potential common shares:		
Stock options	---	---
Conversion of preferred stock	---	---
Stock warrants	---	---
Weighted average shares outstanding - Diluted	<u>33,790,542</u>	<u>27,211,603</u>
Basic earnings per common share	\$ 0.08	\$ 0.09
Diluted earnings per common share	\$ 0.08	\$ 0.09

Stock options for 355,328 and 448,165 shares of common stock for the three month periods ended March 31, 2014 and 2013, respectively, were not considered in computing diluted earnings per share because they were antidilutive. Potential common shares associated with convertible preferred stock (for the 2013 period) and stock warrants were excluded from dilutive potential common shares as they were antidilutive.

NOTE 9 - FEDERAL INCOME TAXES

Income tax expense was as follows (dollars in thousands):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Current	\$ 23	\$ ---
Deferred	1,154	1,142
	<u>\$ 1,177</u>	<u>\$ 1,142</u>

MACATAWA BANK CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 9 - FEDERAL INCOME TAXES (Continued)

The difference between the financial statement tax expense and amount computed by applying the statutory federal tax rate to pretax income was reconciled as follows (dollars in thousands):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Statutory rate	35%	35%
Statutory rate applied to income before taxes	\$ 1,336	\$ 1,265
Add (deduct)		
Tax-exempt interest income	(85)	(46)
Bank-owned life insurance	(54)	(60)
Other, net	(20)	(17)
	<u>\$ 1,177</u>	<u>\$ 1,142</u>

The realization of deferred tax assets (net of a recorded valuation allowance) is largely dependent upon future taxable income, future reversals of existing taxable temporary differences and the ability to carryback losses to available tax years. In assessing the need for a valuation allowance, we consider positive and negative evidence, including taxable income in carry-back years, scheduled reversals of deferred tax liabilities, expected future taxable income and tax planning strategies. No valuation allowance was necessary at March 31, 2014 or December 31, 2013.

The net deferred tax asset recorded included the following amounts of deferred tax assets and liabilities (dollars in thousands):

	March 31, 2014	December 31, 2013
Deferred tax assets		
Allowance for loan losses	\$ 7,134	\$ 7,279
Nonaccrual loan interest	833	782
Valuation allowance on other real estate owned	5,257	5,847
Net operating loss carryforward	1,333	1,743
Unrealized loss on securities available for sale	656	1,053
Other	1,716	1,808
Gross deferred tax assets	<u>16,929</u>	<u>18,512</u>
Valuation allowance	---	---

Other	(391)	(384)
Gross deferred tax liabilities	<u>(2,303)</u>	<u>(2,312)</u>
Net deferred tax asset	<u>\$ 14,626</u>	<u>\$ 16,200</u>

At March 31, 2014, we had U.S. federal net operating loss carry forwards of \$3.8 million that expire through 2030.

There were no unrecognized tax benefits at March 31, 2014 or December 31, 2013 and the Company does not expect the total amount of unrecognized tax benefits to significantly increase or decrease in the next twelve months. The Company is no longer subject to examination by the Internal Revenue Service for years before 2011.

MACATAWA BANK CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 10 – COMMITMENTS AND OFF BALANCE-SHEET RISK

Some financial instruments are used to meet customer financing needs and to reduce exposure to interest rate changes. These financial instruments include commitments to extend credit and standby letters of credit. These involve, to varying degrees, credit and interest rate risk in excess of the amount reported in the financial statements.

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the commitment, and generally have fixed expiration dates. Standby letters of credit are conditional commitments to guarantee a customer's performance to a third party. Exposure to credit loss if the other party does not perform is represented by the contractual amount for commitments to extend credit and standby letters of credit. Collateral or other security is normally not obtained for these financial instruments prior to their use and many of the commitments are expected to expire without being used.

A summary of the contractual amounts of financial instruments with off-balance-sheet risk was as follows at period-end (dollars in thousands):

	March 31, 2014	December 31, 2013
Commitments to make loans	\$ 100,737	\$ 87,513
Letters of credit	11,168	10,774
Unused lines of credit	315,772	313,232

The notional amount of commitments to fund mortgage loans to be sold into the secondary market was approximately \$11.2 million and \$14.7 million at March 31, 2014 and December 31, 2013, respectively.

At March 31, 2014, approximately 31% of the Bank's commitments to make loans were at fixed rates, offered at current market rates. The remainder of the commitments to make loans were at variable rates tied to prime and generally expire within 30 days. The majority of the unused lines of credit were at variable rates tied to prime.

NOTE 11 – CONTINGENCIES

We and our subsidiaries periodically become defendants in certain claims and legal actions arising in the ordinary course of business. On January 27, 2014, our former Chairman and Chief Executive Officer, Mr. Benj. A. Smith III, commenced legal action against us claiming that we breached an alleged employment agreement pursuant to which he claims entitlement to \$20,833 monthly for a period of six years from the date of his resignation in February 2009. Mr. Smith's complaint seeks damages in an unspecified amount in excess of \$25,000. We are vigorously contesting the action. As of March 31, 2014, there were no other material pending legal proceedings to which we or any of our subsidiaries are a party or which any of our properties are the subject.

NOTE 12 – SHAREHOLDERS' EQUITY**Regulatory Capital**

The Company and the Bank are subject to regulatory capital requirements administered by federal banking agencies. Capital adequacy guidelines and prompt corrective action regulations involve quantitative measures of assets, liabilities, and certain off-balance-sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators about components, risk weightings, and other factors, and the regulators can lower classifications in certain cases. Failure to meet various capital requirements can initiate regulatory action that could have a direct material effect on the financial statements.

The prompt corrective action regulations provide five categories, including well capitalized, adequately capitalized, undercapitalized, significantly undercapitalized, and critically undercapitalized, although these terms are not used to represent overall financial condition. If a bank is only adequately capitalized, regulatory approval is required to, among other things, accept, renew or roll-over brokered deposits. If a bank is undercapitalized, capital distributions and growth and expansion are limited, and plans for capital restoration are required.

MACATAWA BANK CORPORATION

NOTE 12 – SHAREHOLDERS' EQUITY (Continued)

At March 31, 2014 and December 31, 2013, actual capital levels and minimum required levels were (in thousands):

	Actual		Minimum Required For Capital Adequacy Purposes		To Be Well Capitalized Under Prompt Corrective Action Regulations	
	Amount	Ratio	Amount	Ratio	Amount	Ratio
March 31, 2014						
Total capital (to risk weighted assets)						
Consolidated	\$ 177,865	16.1%	\$ 88,307	8.0%	N/A	N/A
Bank	176,924	16.0	88,464	8.0	\$ 110,581	10.0%
Tier 1 capital (to risk weighted assets)						
Consolidated	163,986	14.9	44,154	4.0	N/A	N/A
Bank	163,021	14.7	44,232	4.0	66,348	6.0
Tier 1 capital (to average assets)						
Consolidated	163,986	11.1	59,312	4.0	N/A	N/A
Bank	163,021	11.0	59,317	4.0	74,146	5.0
December 31, 2013						
Total capital (to risk weighted assets)						
Consolidated	\$ 174,433	15.7%	\$ 88,915	8.0%	N/A	N/A
Bank	171,811	15.4	88,968	8.0	\$ 111,210	10.0%
Tier 1 capital (to risk weighted assets)						
Consolidated	160,455	14.4	44,457	4.0	N/A	N/A
Bank	157,825	14.2	44,484	4.0	66,726	6.0
Tier 1 capital (to average assets)						
Consolidated	160,455	10.6	60,482	4.0	N/A	N/A
Bank	157,825	10.5	60,407	4.0	75,509	5.0

Approximately \$40.0 million of trust preferred securities outstanding at March 31, 2014 and December 31, 2013, respectively, qualified as Tier 1 capital. Refer to our 2013 Form 10-K for more information on the trust preferred securities.

The Bank was categorized as "well capitalized" at March 31, 2014 and December 31, 2013.

On July 3, 2013, the FDIC Board of Directors approved the Regulatory Capital Interim Final Rule, implementing Basel III. This rule redefines Tier 1 capital as two components (Common Equity Tier 1 and Additional Tier 1), creates a new capital ratio (Common Equity Tier 1 Risk-based Capital Ratio) and implements a capital conservation buffer. It also revises the prompt corrective action thresholds and makes changes to risk weights for certain assets and off-balance-sheet exposures. Banks are required to transition into the new rule beginning on January 1, 2015. Based on our capital levels and balance sheet composition at March 31, 2014, we believe implementation of the new rule will have no material impact on our capital needs.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Macatawa Bank Corporation is a Michigan corporation and a registered bank holding company. It wholly-owns Macatawa Bank, Macatawa Statutory Trust I and Macatawa Statutory Trust II. Macatawa Bank is a Michigan chartered bank with depository accounts insured by the FDIC. The Bank operates twenty-six branch offices and a lending and operational service facility, providing a full range of commercial and consumer banking and trust services in Kent County, Ottawa County, and northern Allegan County, Michigan. Macatawa Statutory Trusts I and II are grantor trusts and issued \$20.0 million each of pooled trust preferred securities. These trusts are not consolidated in our Consolidated Financial Statements. For further information regarding consolidation, see the Notes to the Consolidated Financial Statements.

At March 31, 2014, we had total assets of \$1.49 billion, total loans of \$1.03 billion, total deposits of \$1.22 billion and shareholders' equity of \$135.2 million. During the first quarter of 2014, we recognized net income of \$2.6 million compared to net income of \$2.5 million in the first quarter of 2013. As of March 31, 2014, the Company's and the Bank's risk-based regulatory capital ratios were among the highest in the Company's history. The Bank was categorized as "well capitalized" at March 31, 2014.

By the end of 2013, we had resolved all regulatory actions and resumed payment of interest on our trust preferred securities and completed an exchange of all of our outstanding preferred stock for common shares and cash, at the election of the holder. With these actions completed, we paid a dividend of \$0.02 per share on March 28, 2014 to shareholders of record on March 7, 2014 after a hiatus of over five years.

RESULTS OF OPERATIONS

Summary: Net income for the quarter ended March 31, 2014 was \$2.6 million, compared to net income of \$2.5 million in the first quarter of 2013. Net income per common share on a diluted basis was \$0.08 for the first quarter of 2014 and \$0.09 for the first quarter of 2013.

The increase in earnings in the first quarter of 2014 compared to the first quarter of 2013 was due to continued reductions in our nonperforming asset expenses. Nonperforming asset expenses (including administration costs and losses) were \$471,000 for the first quarter of 2014 compared to \$961,000 for the first quarter of 2013. In addition, we took a larger negative provision in the first quarter of 2014 than in 2013. The provision for loan losses was a negative \$1.0 million for the three month period ended March 31, 2014 compared to a negative \$750,000 for the same period in 2013. We again were in a net loan recovery position for the first quarter of 2014, with \$585,000 in net loan recoveries, compared to \$498,000 in net loan recoveries in the first quarter of 2013. These improvements more than offset the impact of the lower level of gains on sales of residential mortgages, which declined from \$825,000 in the first quarter of 2013 to \$258,000 in the first quarter of 2014. Lost interest from elevated levels of nonperforming assets was approximately \$570,000 for the three months ended March 31, 2014 compared to \$728,000 for the three months ended March 31, 2013. Each of these items is discussed more fully below.

Net Interest Income: Net interest income totaled \$10.5 million for both the first quarter of 2014 and the first quarter of 2013.

The net interest income was positively impacted in the first quarter of 2014 due in part to a one-time recovery of interest of \$337,000 on a previously charged off loan as well as a reduction in interest paid on deposits, which declined 14 basis points in the first quarter of 2014 compared to the same period in 2013. Our average yield on earning assets for the first quarter of 2014 decreased 13 basis points compared to the same period in 2013 from 3.72% to 3.59%. Average interest earning assets totaled \$1.35 billion for the first quarters of 2014 and 2013. The net interest margin was 3.15% for the first quarter of 2014 compared to 3.14% for the first quarter of 2013. While net interest margin was virtually unchanged, offsetting dynamics influenced the margin as follows. An increase of \$40.8 million in average securities between periods partially mitigated the impact of reduction in average loan yield from 4.42% in the first quarter of 2013 to 4.22% in the first quarter of 2014.

The decrease in yields on interest earning assets for the three month period ended March 31, 2014 was due primarily to the mix in our earning assets. Average securities increased \$40.8 million while average loan balances decreased \$17.0 million. A one-time recovery of interest on a previously charged off loan partially offset the decreases in the yield on our commercial, residential and consumer loan portfolios, which have continued to reprice at lower levels in the generally low rate environment during this period. Our margin has been negatively impacted by our decision to hold significant balances in liquid and short-term investments during the past three years. As we deploy these balances in building our investment portfolio and booking high quality loans, we expect our margin to be positively impacted.

The cost of funds decreased 16 basis points to 0.58% in the first quarter of 2014 from 0.74% in the same period in 2013. A decrease in the rates paid on our deposit accounts in response to declining market rates and the rollover of time deposits and other borrowings at lower rates within the current rate environment caused the reduction in our cost of funds. Also contributing to the reduction was a shift in our deposit mix from higher costing time deposits to lower costing demand and savings accounts.

The following table shows an analysis of net interest margin for the three month periods ended March 31, 2014 and 2013.

	For the three months ended March 31,					
	2014			2013		
	Average Balance	Interest Earned or paid	Average Yield or cost	Average Balance	Interest Earned or paid	Average Yield or cost
	(Dollars in thousands)

Net interest margin (1)			3.15%			3.14%
Ratio of average interest earning assets to average interest bearing liabilities	130.90%			126.84%		

(1) Yield adjusted to fully tax equivalent.

(2) Includes average nonaccrual loans of approximately \$12.5 million and \$15.4 million for the three months ended March 31, 2014 and 2013.

Provision for Loan Losses: The provision for loan losses for the first quarter of 2014 was a negative \$1.0 million compared to a negative \$750,000 for the first quarter of 2013. The negative provision for loan losses for both periods was caused by stabilizing real estate values on problem credits, continued shrinkage in the overall loan portfolio and net loan recoveries of \$585,000 in the first quarter of 2014 and \$498,000 in the first quarter of 2013. At March 31, 2014, we had experienced net loan recoveries in four of the past five quarters.

Net loan recoveries were \$585,000 in the first quarter of 2014 compared to net loan recoveries of \$498,000 for the first quarter of 2013. In the first quarter of 2014, we had \$82,000 in charge-offs, compared to \$642,000 in the first quarter of 2013. The charge-offs for each period were largely driven by declines in the value of real estate securing our loans. The pace of the decline in real estate values, however, has been slowing, translating into a decline in charge-offs. We are also experiencing positive results from our collection efforts with loan recoveries increasing as evidenced by our net loan recovery positions in the first quarters of 2013 and 2014. Loan recoveries were \$667,000 for the first quarter of 2014 and \$1.1 million for the same period in 2013. While we expect our collection efforts to produce further recoveries, they may not continue at the same level we have experienced the past several quarters.

We have also experienced a decline in the pace of commercial loans migrating to a worse loan grade, which receive higher allocations in our loan loss reserve, as more fully discussed under the heading "Allowance for Loan Losses" below. In addition to experiencing fewer downgrades of credits, we continue to see an increase in the quality of some credits resulting in an improved loan grade. Over the past two years, we have experienced improvements in our weighted average loan grade. We believe efforts that began in late 2009 and in early 2010 to improve loan administration and loan risk management practices have had a significant impact, ultimately allowing for the reduction in the level of the allowance for loan losses since then.

The amounts of loan loss provision in both the most recent quarter and comparable prior year period were the result of establishing our allowance for loan losses at levels believed necessary based upon our methodology for determining the adequacy of the allowance. The sustained lower level of quarterly net charge-offs over the past several quarters had a significant effect on the historical loss component of our methodology. More information about our allowance for loan losses and our methodology for establishing its level may be found under the heading "Allowance for Loan Losses" below.

Noninterest Income: Noninterest income for the three month period ended March 31, 2014 decreased to \$3.5 million compared to \$4.0 million for the same period in 2013. The components of noninterest income are shown in the table below (in thousands):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Service charges and fees on deposit accounts	\$ 991	\$ 952
Net gains on mortgage loans	258	825
Trust fees	631	588
Gain as sales of securities	10	20
ATM and debit card fees	1,052	976
Bank owned life insurance ("BOLI") income	154	170
Investment services fees	245	215
Other income	169	217
Total noninterest income	\$ 3,510	\$ 3,963

Service charges on deposit accounts increased for the three month period ended March 31, 2014 due to changes in our pricing of certain deposit related services. Trust fees and investment service fees were also up in the first quarter of 2014 due to investment market improvement. ATM and debit card fees increased over 2013 due to higher level of usage from our customers in the first quarter of 2014, partially due to our rollout of the uChoose Rewards incentive program. These increases were offset by a significant reduction in gains on sales of mortgage loans for the first quarter of 2014 due to a decrease in our residential mortgage loan origination volume. This volume decreased as a result of market increases in mortgage loan rates in the quarter. We also recognized a reduction in other income, due to lower level of rental income on other real estate owned, as we continued to reduce our holdings of such properties.

Noninterest Expense: Noninterest expense decreased to \$11.2 million for the three month period ended March 31, 2014, from \$11.6 million for the same period in 2013. The components of noninterest expense are shown in the table below (in thousands):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Salaries and benefits	\$ 5,823	\$ 5,794
Occupancy of premises	1,008	946
Furniture and equipment	840	749
Legal and professional	205	189
Marketing and promotion	239	247
Data processing	589	546
FDIC assessment	328	471
Interchange and other card expense	271	291
Bond and D&O insurance	163	186
Administration and disposition of problem assets	471	961
Outside services	417	369
Other noninterest expense	815	832
Total noninterest expense	\$ 11,169	\$ 11,581

Several components of noninterest expense experienced a decline due to our ongoing efforts to manage expenses and scale our operations. Our largest component of noninterest expense, salaries and benefits, increased slightly in the first quarter of 2014 from the first quarter of 2013. We had 354 full-time equivalent employees at March 31, 2014 compared to 365 at March 31, 2013. The increased expense for the first quarter of 2014 was primarily attributable to a higher level of 401(k) plan matching contributions and expenses associated with restricted stock vesting.

Over the past several years, the next largest noninterest expense has been our cost related to administration and disposition of problem assets. Costs associated with administration and disposition of problem assets include legal costs, repossessed and foreclosed property administration expense and losses on repossessed and foreclosed properties. Repossessed and foreclosed property administration expense includes survey and appraisal, property maintenance and management and other disposition and carrying costs. Losses on repossessed and foreclosed properties include both net gains and losses on the sale of properties and unrealized losses from value declines for outstanding properties. We experienced significant decreases in each of these expense categories in the first quarter of 2014 compared to the same period in the prior year.

These costs are itemized in the following table (in thousands):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Legal and professional – nonperforming assets	\$ 102	\$ 166
Repossessed and foreclosed property administration	555	736
Net (gains) losses on repossessed and foreclosed properties	(186)	59
Total	\$ 471	\$ 961

Losses on repossessed assets and foreclosed properties decreased significantly for the three month period ended March 31, 2014, decreasing \$245,000 from the same period in 2013. The writedowns for each period have largely been driven by declines in the value of real estate. The pace of the decline in real estate values, however, has been slowing, translating into a decline in writedowns. During the first quarter of 2014, we realized net gains on sales of foreclosed properties of \$484,000, more than offsetting the \$298,000 in valuation writedowns during the quarter.

Costs associated with administration and disposition of problem assets decreased due to the decrease in the level of other real estate owned. Other real estate owned decreased from \$51.6 million at March 31, 2013 to \$34.0 million at March 31, 2014. As our level of problem loans and other real estate owned decreases, we believe we will experience more reductions in these costs going forward.

FDIC assessments decreased by \$143,000 to \$328,000 for the first quarter of 2014 compared to \$471,000 for the first quarter of 2013 as a result of the first quarter of 2014 including the full effect of the change in our assessment category resulting from the termination of our previous regulatory orders.

Federal Income Tax Expense: We recorded \$1.2 million in federal income tax expense for the three month period ended March 31, 2014 compared to \$1.1 million in the same period in 2013. At December 31, 2012 and since that time, we have concluded that a valuation allowance on our deferred tax asset was not required. As a result, the financial results for the first quarter of 2014 reflect federal income tax expense, at an effective tax rate of 30.85% compared to 31.59% for first quarter of 2013.

FINANCIAL CONDITION

Summary: Due to the continuing soft economic conditions, we have been focused on improving our loan portfolio, reducing exposure in higher loan concentration types, and improving our financial condition through increased liquidity, diversification of credit risk, improved capital ratios, and reduced reliance on non-core funding. We have experienced positive results in each of these areas over the past four years.

Total assets were \$1.49 billion at March 31, 2014, a decrease of \$26.5 million from \$1.52 billion at December 31, 2013. This change reflected increases of \$13.7 million in securities available for sale and \$7.5 million of interest-bearing time deposits in other financial institutions, offset by declines of \$29.6 million in cash and equivalents and \$12.3 million in our loan portfolio. Total deposits declined by \$33.0 million due to normal seasonal deposit usage and other borrowed funds were down by \$1.2 million at March 31, 2014 compared to December 31, 2013.

Cash and Cash Equivalents: Our cash and cash equivalents, which include federal funds sold and short-term investments, were \$127.3 million at March 31, 2014 compared to \$156.9 million at December 31, 2013. The \$29.6 million decrease was primarily the result of normal outflow of the seasonal build-up in deposits we typically experience toward year end. These balances have also been elevated due to high short term balances maintained by our large deposit customers. We expect our balances of short term investments to remain elevated until loan demand materially increases and more attractive investment opportunities emerge.

Interest-bearing Time Deposits with Other Financial Institutions: We opened two time deposit accounts with our primary correspondent bank in the first quarter of 2013, each in equal amounts totaling \$25.0 million. One of these deposits matured in March 2014 and the other matures in September 2014. We opened another time deposit of \$20.0 million in the first quarter of 2014 which matures in February 2016. These time deposits provide a higher interest rate than federal funds sold or other short-term investments.

Securities Available for Sale: Securities available for sale were \$153.3 million at March 31, 2014 compared to \$139.7 million at December 31, 2013. We began rebuilding our investment portfolio during the second quarter of 2011. The balance at March 31, 2014 primarily consisted of U.S. agency securities, agency mortgage backed securities and various municipal investments. We expect to continue to reinvest excess liquidity and selectively rebuild our investment portfolio.

Portfolio Loans and Asset Quality: Total portfolio loans declined by \$12.3 million in the first quarter of 2014 and were \$1.03 billion at March 31, 2014 compared to \$1.04 billion at December 31, 2013. During the first quarter of 2014, our commercial portfolio decreased by \$11.3 million while our consumer portfolio decreased by \$2.3 million and our residential mortgage portfolio increased by \$1.3 million. We have been focusing efforts to increase our consumer and residential mortgage portfolio segments to further diversify our credit risk.

Our commercial loan portfolio balances declined in recent years reflecting the continuing weak economic conditions in West Michigan and our interest in improving the quality of our loan portfolio through reducing our exposure to these generally higher credit risk assets. We have focused our efforts on reducing our exposure to residential land development loans, diversifying our commercial loan portfolio and improving asset quality. We believe our loan portfolio has stabilized. During the fourth quarter of 2012, we achieved growth in our commercial loan portfolio for the first time since the fourth quarter of 2008 and balances held relatively steady since, with much of the reduction in balances due to resolution of problem credits. We believe we are poised for high quality loan portfolio growth in 2014.

Commercial and commercial real estate loans remained our largest loan segment and accounted for approximately 71% of the total loan portfolio at March 31, 2014 and 72% at December 31, 2013. Residential mortgage and consumer loans comprised approximately 29% of total loans at March 31, 2014 and 28% at December 31, 2013.

A further breakdown of the composition of the loan portfolio is shown in the table below (in thousands):

	March 31, 2014		December 31, 2013	
	Balance	Percent of Total Loans	Balance	Percent of Total Loans
Commercial real estate: (1)				
Residential developed	\$ 15,204	1.5%	\$ 18,130	1.8%
Unsecured to residential developers	7,112	0.7	7,315	0.7

(1) Includes both owner occupied and non-owner occupied commercial real estate.

Commercial real estate loans accounted for approximately 45% of the total loan portfolio at March 31, 2014 and consisted primarily of loans to business owners and developers of owner and non-owner occupied commercial properties and loans to developers of single and multi-family residential properties. In the table above, we show our commercial real estate portfolio by loans secured by residential and commercial real estate, and by stage of development. Improved loans are generally secured by properties that are under construction or completed and placed in use. Development loans are secured by properties that are in the process of development or fully developed. Vacant and unimproved loans are secured by raw land for which development has not yet begun and agricultural land.

Total commercial real estate loans declined \$9.1 million since December 31, 2013. Our commercial and industrial loan portfolio decreased by \$2.2 million to \$271.9 million at March 31, 2014 and represented 26% of our commercial portfolio.

Our consumer residential mortgage loan portfolio, which also includes residential construction loans made to individual homeowners, comprised approximately 18.4% of portfolio loans at March 31, 2014 and 18.1% at December 31, 2013 as we continue to execute our strategy to diversify our credit risk from commercial real estate. A large portion of our residential mortgage loan production continues to be sold on the secondary market with servicing released.

We have not yet had to repurchase any residential mortgage loans sold; however, due to market conditions many banks are being required to repurchase loans resulting from actual or alleged failure to strictly conform to the investor's purchase criteria. During 2014, we expect to continue to retain in our loan portfolio certain types of residential mortgage loans (primarily high quality, low loan to value loans with variable interest rates) in an effort continue to diversify our credit risk and deploy our excess liquidity.

Our portfolio of other consumer loans includes loans secured by personal property and home equity fixed term and line of credit loans. These types of loans decreased by \$2.2 million to \$105.1 million at March 31, 2014 from \$107.3 million at December 31, 2013. Consumer loans comprised approximately 10% of our portfolio loans at March 31, 2014 and 10% at December 31, 2013.

The following table shows our loan origination activity for portfolio loans during the first quarter of 2014, broken out by loan type and also shows average originated loan size (dollars in thousands):

	Portfolio Originations	Percent of Total Originations	Average Loan Size
Commercial real estate:			
Residential developed	\$ 288	0.3%	\$ 96
Unsecured to residential developers	---	---	---
Vacant and unimproved	1,243	1.2	414
Commercial development	---	---	---
Residential improved	8,995	9.0	200
Commercial improved	21,803	21.9	752
Manufacturing and industrial	5,719	5.7	715
Total commercial real estate	38,048	38.1	432
Commercial and industrial	46,658	46.8	35
Total commercial	84,706	84.9	60
Consumer			
Residential mortgage	10,273	10.3	245
Unsecured	65	0.1	9
Home equity	4,072	4.1	55
Other secured	663	0.6	16
Total consumer	15,073	15.1	92
Total loans	\$ 99,779	100.0%	63

Our loan portfolio is reviewed regularly by our senior management, our loan officers, and an internal loan review team that is independent of our loan originators and credit administration. An administrative loan committee consisting of senior management and seasoned lending and collections personnel meets monthly to manage our internal watch list and proactively manage high risk loans.

When reasonable doubt exists concerning collectability of interest or principal of one of our loans, the loan is placed in nonaccrual status. Any interest previously accrued but not collected is reversed and charged against current earnings.

Nonperforming assets are comprised of nonperforming loans, foreclosed assets and repossessed assets. At March 31, 2014, nonperforming assets totaled \$49.6 million compared to \$49.2 million at December 31, 2013. Additions to other real estate owned in the first quarter of 2014 were \$554,000. Based on the loans currently in their redemption period, we expect a low level of loans moving into other real estate owned in 2014 compared to recent years. Proceeds from sales of foreclosed properties were \$3.5 million in the first quarter of 2014 resulting in a net gain of \$484,000. This is an increase from the volume of sales in the first quarter of 2013, when we experienced proceeds of \$2.2 million and realized a net gain of \$320,000. We expect the level of sales of foreclosed properties for the remainder of 2014 to be similar to the levels experienced in the first quarter of 2014.

Nonperforming loans include loans on nonaccrual status and loans delinquent more than 90 days but still accruing. As of March 31, 2014, nonperforming loans totaled \$15.5 million, or 1.51% of total portfolio loans, compared to \$12.3 million, or 1.18% of total portfolio loans, at December 31, 2013.

Loans for development or sale of 1-4 family residential properties comprised approximately \$2.2 million, or 14.2% of total nonperforming loans, at March 31, 2014 compared to \$2.6 million, or 21.0% of total nonperforming loans, at December 31, 2013. The remaining balance of nonperforming loans at March 31, 2014 consisted of \$4.1 million of commercial real estate loans secured by various types of non-residential real estate, \$8.1 million of commercial and industrial loans, and \$1.1 million of consumer and residential mortgage loans.

Foreclosed and repossessed assets include assets acquired in settlement of loans. Foreclosed assets totaled \$34.0 million at March 31, 2014 and \$36.8 million at December 31, 2013. Of the balance at March 31, 2014, there were 76 commercial real estate properties totaling approximately \$32.0 million. The remaining balance was comprised of 20 residential properties totaling approximately \$2.0 million. Three commercial real estate properties comprised \$13.1 million, or 38%, of total other real estate owned at March 31, 2014. All properties acquired through or in lieu of foreclosure are initially transferred at their fair value less estimated costs to sell and then evaluated monthly for impairment after transfer using a lower of cost or market approach. Updated property valuations are obtained at least annually on all foreclosed assets.

At March 31, 2014, our foreclosed asset portfolio had a weighted average age held in portfolio of 3.28 years. Below is a breakout of our foreclosed asset portfolio at March 31, 2014 by property type and the percentages the property has been written down since taken into our possession and the combined writedown percentage, including losses taken when the property was loan collateral (dollars in thousands):

<u>Foreclosed Asset Property Type</u>	Carrying Value at March 31, 2014	Foreclosed Asset Writedown	Combined Writedown (Loan and Foreclosed Asset)
Single Family	\$ 1,476	6.72%	33.83%
Residential Lot	516	27.13	46.83
Multi-Family	---	---	---
Vacant Land	5,383	33.73	49.88
Residential Development	9,914	44.59	78.21
Commercial Office	1,677	31.71	54.40
Commercial Industrial	85	47.96	67.19
Commercial Improved	14,984	24.36	38.55
	<u>\$ 34,035</u>	32.91	60.96

The following table shows the composition and amount of our nonperforming assets (dollars in thousands):

	March 31, 2014	December 31, 2013
Nonaccrual loans	\$ 14,784	\$ 12,182
Loans 90 days past due and still accruing	764	153
Total nonperforming loans (NPLs)	15,548	12,335
Foreclosed assets	34,035	36,796
Repossessed assets	42	40
Total nonperforming assets (NPAs)	49,625	49,171
Accruing restructured loans (ARLs) (1)	57,137	57,790
Total NPAs and ARLs	<u>\$ 106,762</u>	<u>\$ 106,961</u>
NPLs to total loans	1.51%	1.18%
NPAs to total assets	3.33%	3.24%

- (1) Comprised of approximately \$43.0 million and \$43.6 million of commercial loans and \$14.1 million and \$14.2 million of consumer loans whose terms have been restructured at March 31, 2014 and December 31, 2013, respectively. Interest is being accrued on these loans under their restructured terms as they are less than 90 days past due.

Allowance for loan losses: The allowance for loan losses at March 31, 2014 was \$20.4 million, a decrease of \$415,000, compared to \$20.8 million at December 31, 2013. The balance of the allowance for loan losses represented 1.98% of total portfolio loans at March 31, 2014 compared to 2.00% of total portfolio loans at December 31, 2013. The allowance for loan losses to nonperforming loan coverage ratio decreased from 168.61% at December 31, 2013 to 131.10% at March 31, 2014.

The table below shows the changes in these metrics over the past five quarters:

(in millions)	Quarter Ended March 31, 2014	Quarter Ended December 31, 2013	Quarter Ended September 30, 2013	Quarter Ended June 30, 2013	Quarter Ended March 31, 2013
Commercial loans	\$ 735.1	\$ 746.4	\$ 735.1	\$ 722.4	\$ 756.7
Nonperforming loans	15.5	12.3	10.2	10.8	14.2
Other real estate owned and repo assets	34.1	36.8	42.8	45.8	51.6
Total nonperforming assets	49.6	49.2	53.0	56.6	65.8
Net charge-offs (recoveries)	(0.6)	(0.5)	(0.5)	0.2	(0.5)
Total delinquencies	6.6	5.5	7.8	6.7	6.6

Nonperforming loans continually declined since the first quarter of 2010 to \$10.2 million at September 30, 2013. These balances increased \$2.1 million in the fourth quarter of 2013 and \$3.2 million in the first quarter of 2014, due to seasonal draws on one nonperforming loan. We expect these balances to pay back down in the second quarter of 2014. As discussed earlier, we have had net loan recoveries in several quarters over the last two years and in four of the last five quarters. Our total delinquencies have continued to stabilize and were \$6.6 million at March 31, 2013 and March 31, 2014.

These factors all provide for a reduction in our allowance for loan losses, and thus impacts our provision for loan losses. The allowance for loan losses decreased \$415,000 in the first quarter of 2014 due to a negative provision for loan losses of \$1.0 million for the three months ended March 31, 2014 compared to a negative \$750,000 for the same period of 2013. Net loan recoveries were \$585,000 for the three months ended March 31, 2014, compared to net recoveries of \$498,000 for the same period in 2013. The ratio of net charge-offs to average loans was -0.23% on an annualized basis for the first quarter of 2014, compared to -0.20% for the fourth quarter of 2013 and -0.19% for the first quarter of 2013.

We are encouraged by the reduced level of charge-offs over recent quarters. We do, however, recognize that future charge-offs and resulting provisions for loan losses are expected to be impacted by the timing and extent of changes in the overall economy and the real estate markets. We believe we have seen some stabilization in economic conditions and real estate markets. However, we expect it to take additional time for sustained improvement in the economy and real estate markets in order for us to reduce our nonperforming and impaired loans to acceptable levels.

Our allowance for loan losses is maintained at a level believed appropriate based upon our monthly assessment of the probable estimated losses inherent in the loan portfolio. Our methodology for measuring the appropriate level of allowance and related provision for loan losses relies on several key elements, which include specific allowances for loans considered impaired, general allowance for commercial loans not considered impaired based upon applying our loan rating system, and general allocations based on historical trends for homogeneous loan groups with similar risk characteristics.

Overall, impaired loans were stable at \$71.2 million at March 31, 2014 compared to \$68.9 million at December 31, 2013. The specific allowance for impaired loans increased \$124,000 to \$4.0 million, compared to \$3.9 million at December 31, 2013. The specific allowance for impaired loans represented 5.6% of total impaired loans at March 31, 2014 and December 31, 2013. The overall balance of impaired loans remained elevated partially due to an accounting rule (ASU 2011-02) adopted in 2011 that requires us to identify classified loans that renew at existing contractual rates as troubled debt restructurings (“TDRs”) if the contractual rate is less than market rates for similar loans at the time of renewal. As TDRs are also considered impaired, this increased our impaired loan balance for each period presented as most of our classified loans renewed in each time period.

The general allowance allocated to commercial loans that were not considered to be impaired was based upon the internal risk grade of such loans. We use a loan rating method based upon an eight point system. Loans are stratified between real estate secured and non real estate secured. The real estate secured portfolio is further stratified by the type of real estate. Each stratified portfolio is assigned a loss allocation factor. A higher numerical grade assigned to a loan category generally results in a greater allocation percentage. Changes in risk grade of loans affect the amount of the allowance allocation.

The determination of our loss factors is based upon our actual loss history by loan grade and adjusted for significant factors that, in management's judgment, affect the collectability of the portfolio as of the analysis date. We use a rolling 18 month actual net chargeoff history as the base for our computation. Over the past two years, the 18 month period computations have reflected sizeable decreases in net chargeoff experience. We addressed this volatility in the qualitative factor considerations applied in our allowance for loan losses computation. Adjustments to the qualitative factors also involved consideration of different loss periods for the Bank, including 12, 24, 36 and 48 month periods. Considering the change in our qualitative factors and our commercial loan portfolio balances, the general allowance allocated to commercial loans decreased to \$13.3 million at March 31, 2014 compared to \$14.2 million at December 31, 2013. This resulted in a general reserve percentage allocated at March 31, 2014 of 1.97% of commercial loans, a slight decrease from 2.03% at December 31, 2013. The qualitative component of our general allowance allocated to commercial loans decreased from \$13.9 million at December 31, 2013 to \$13.2 million at March 31, 2014.

Groups of homogeneous loans, such as residential real estate and open- and closed-end consumer loans, receive allowance allocations based on loan type. A rolling 12 month (four quarter) historical loss experience period was applied to residential mortgage and consumer loan portfolios. As with commercial loans that are not considered impaired, the determination of the allowance allocation percentage is based principally on our historical loss experience. These allocations are adjusted for consideration of general economic and business conditions, credit quality and delinquency trends, collateral values, and recent loss experience for these similar pools of loans. The homogeneous loan allowance was \$3.0 million at March 31, 2014 and \$2.8 million at December 31, 2013.

The allowance allocations are not intended to imply limitations on usage of the allowance for loan losses. The entire allowance for loan losses is available for any loan losses without regard to loan type.

Premises and Equipment: Premises and equipment totaled \$53.6 million at March 31, 2014 and was unchanged from December 31, 2013 as capital additions were offset by depreciation of current facilities during the first quarter of 2014.

Deposits and Other Borrowings: Total deposits decreased \$33.0 million to \$1.22 billion at March 31, 2014, as compared to \$1.25 billion at December 31, 2013. Non-interest checking account balances decreased \$2.2 million during the first quarter of 2014. Interest bearing demand account balances decreased \$14.5 million and savings and money market account balances decreased \$8.8 million in the first quarter of 2014. We decreased higher costing certificates of deposits by \$7.5 million in the first quarter of 2014. The reductions in balances of checking accounts was caused by normal seasonal outflows and are consistent with previous years' first quarter activity. We believe our success in maintaining the balances of personal and business checking and savings accounts was primarily attributable to our focus on quality customer service, the desire of customers to deal with a local bank, the convenience of our maturing branch network and the breadth and depth of our sophisticated product line.

Noninterest bearing demand accounts comprised 28% of total deposits at March 31, 2014 and December 31, 2013. Because of the generally low rates paid on interest bearing account alternatives, many of our business customers chose to keep their balances in these more liquid and insured account types. Interest bearing demand, including money market and savings accounts, comprised 60% of total deposits at March 31, 2014 and December 31, 2013. Time accounts as a percentage of total deposits were 12% at March 31, 2014 December 31, 2013.

Borrowed funds totaled \$130.0 million at March 31, 2014, including \$88.8 million of Federal Home Loan Bank advances and \$41.2 million in long-term debt associated with trust preferred securities. Borrowed funds totaled \$131.2 million at December 31, 2013, including \$90.0 million of Federal Home Loan Bank advances and \$41.2 million in long-term debt associated with trust preferred securities. Borrowed funds decreased by \$1.2 million in the first quarter of 2014 as a result of an annual payment on an amortizing Federal Home Loan Bank advance.

CAPITAL RESOURCES

Total shareholders' equity of \$135.2 million at March 31, 2014 increased \$2.7 million from \$132.5 million at December 31, 2013. The increase was primarily a result of net income of \$2.6 million earned in the first quarter of 2014 and a reduction of \$737,000 in accumulated other comprehensive loss, partially offset by the payment of \$677,000 in cash dividends to shareholders on March 28, 2014 and costs associated with our preferred stock exchange.

At the end of the first quarter 2014, our regulatory capital ratios were at levels among the highest in the Company's history. The Bank was categorized as "well capitalized" at March 31, 2014. The following table shows our regulatory capital ratios (on a consolidated basis) for the past several quarters:

	March 31, 2014	Dec 31, 2013	Sept 30, 2013	June 30, 2013	March 31, 2013
Total capital to risk weighted assets	16.1%	15.7%	16.0%	16.1%	15.4%
Tier 1 capital to average assets	11.1	10.6	10.9	10.9	10.5

Approximately \$40.0 million of trust preferred securities outstanding at March 31, 2014 qualified as Tier 1 capital. The ratios have increased each quarter since March 31, 2010 due to declines in risk weighted assets, positive earnings for each quarter and the stock offering completed in the second quarter of 2011.

LIQUIDITY

Liquidity of Macatawa Bank: The liquidity of a financial institution reflects its ability to manage a variety of sources and uses of funds. Our Consolidated Statements of Cash Flows categorize these sources and uses into operating, investing and financing activities. We primarily focus on developing access to a variety of borrowing sources to supplement our deposit gathering activities and provide funds for our investment and loan portfolios. Our sources of liquidity include our borrowing capacity with the FRB's discount window, the Federal Home Loan Bank, federal funds purchased lines of credit and other secured borrowing sources with our correspondent banks, loan payments by our borrowers, maturity and sales of our securities available for sale, growth of our deposits, federal funds sold and other short-term investments, and the various capital resources discussed above.

Liquidity management involves the ability to meet the cash flow requirements of our customers. Our customers may be either borrowers with credit needs or depositors wanting to withdraw funds. Our liquidity management involves periodic monitoring of our assets considered to be liquid and illiquid, and our funding sources considered to be core and non-core and short-term (less than 12 months) and long-term. We have established parameters that monitor, among other items, our level of liquid assets to short-term liabilities, our level of non-core funding reliance and our level of available borrowing capacity. We maintain a diversified wholesale funding structure and actively manage our maturing wholesale sources to reduce the risk to liquidity shortages. We have also developed a contingency funding plan to stress test our liquidity requirements arising from certain events that may trigger liquidity shortages, such as rapid loan growth in excess of normal growth levels or the loss of deposits and other funding sources under extreme circumstances.

In the wake of the recession in 2008 and 2009, the Bank reduced its reliance on non-core funding sources, including brokered deposits, and focused on achieving a non-core funding dependency ratio below its peer group average. We have had no brokered deposits on our balance sheet since December 2011. We also reduced other borrowed funds by \$56.8 million in 2012, by \$1.8 million in 2013, and by another \$1.2 million in the first quarter of 2014. We continue to maintain significant on-balance sheet liquidity. At March 31, 2014, the Bank held \$92.7 million of federal funds sold and other short-term investments and \$32.5 million in time deposits with other financial institutions with maturities of less than 24 months. In addition, the Bank's borrowing capacity from correspondent banks has been improved and was approximately \$192.4 million as of March 31, 2014.

In the normal course of business, we enter into certain contractual obligations, including obligations which are considered in our overall liquidity management. The table below summarizes our significant contractual obligations at March 31, 2014.

(Dollars in thousands)	Less than 1 year	1-3 years	3-5 years	More than 5 years
Long term debt	\$ ---	\$ ---	\$ ---	\$ 41,238
Time deposit maturities	81,615	53,235	5,919	---
Other borrowed funds	---	20,000	68,774	---
Total	<u>\$ 81,615</u>	<u>\$ 73,235</u>	<u>\$ 74,693</u>	<u>\$ 41,238</u>

In addition to normal loan funding, we also maintain liquidity to meet customer financing needs through unused lines of credit, unfunded loan commitments and standby letters of credit. The level and fluctuation of these commitments is also considered in our overall liquidity management. At March 31, 2014, we had a total of \$315.8 million in unused lines of credit, \$100.7 million in unfunded loan commitments and \$11.1 million in standby letters of credit.

Liquidity of Holding Company: The primary sources of liquidity for the Company are dividends from the Bank, existing cash resources and the various capital resources discussed above. Banking regulations and the laws of the state of Michigan in which our Bank is chartered limit the amount of dividends the Bank may declare and pay to the Company in any calendar year. Under the state law limitations, the Bank is restricted from paying dividends to the Company in excess of retained earnings. In December 2013, the Bank paid a dividend of \$5.0 million to the Company in anticipation of the preferred stock exchange, in which the Company paid a total of \$4.8 million in cash as a part of the transaction. In March 2014, the Bank paid a dividend of \$900,000 to the Company in anticipation of the common share cash dividend of \$0.02 per share paid on March 28, 2014 to shareholders of record on March 7, 2014. The cash distributed for this cash dividend payment totaled \$677,000. The Company retained the remaining balance for general corporate purposes. At March 31, 2014, the Bank had a retained earnings balance of \$11.5 million.

During the first quarter of 2014, the Company also received a payment from the Bank totaling \$1.9 million, representing the Bank's intercompany tax liability for the 2013 tax year in accordance with the Company's tax allocation agreement.

The Company has the right to defer interest payments for 20 consecutive quarters on its trust preferred securities if necessary for liquidity purposes. During the deferral period, the Company may not declare or pay any dividends on its common stock or make any payment on any outstanding debt obligations that rank equally with or junior to the trust preferred securities.

The Company's cash balance at March 31, 2014 was \$2.8 million. The Company believes that it has sufficient liquidity to meet its cash flow obligations.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES:

To prepare financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions based on available information. These estimates and assumptions affect the amounts reported in the financial statements and future results could differ. The allowance for loan losses, other real estate owned valuation, loss contingencies and income taxes are deemed critical due to the required level of management judgment and the use of estimates, making them particularly subject to change.

Our methodology for determining the allowance for loan losses and the related provision for loan losses is described above in the "Allowance for Loan Losses" discussion. This area of accounting requires significant judgment due to the number of factors which can influence the collectability of a loan. Unanticipated changes in these factors could significantly change the level of the allowance for loan losses and the related provision for loan losses. Although, based upon our internal analysis, and in our judgment, we believe that we have provided an adequate allowance for loan losses, there can be no assurance that our analysis has properly identified all of the probable losses in our loan portfolio. As a result, we could record future provisions for loan losses that may be significantly different than the levels that we recorded in the first quarter of 2014.

Assets acquired through or instead of foreclosure, primarily other real estate owned, are initially recorded at fair value less estimated costs to sell when acquired, establishing a new cost basis. New real estate appraisals are generally obtained at the time of foreclosure and are used to establish fair value. If fair value declines, a valuation allowance is recorded through expense. Estimating the initial and ongoing fair value of these properties involves a number of factors and judgments including holding time, costs to complete, holding costs, discount rate, absorption and other factors.

Loss contingencies are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. This, too, is an accounting area that involves significant judgment. Although, based upon our judgment, internal analysis, and consultations with legal counsel we believe that we have properly accounted for loss contingencies, future changes in the status of such contingencies could result in a significant change in the level of contingent liabilities and a related impact to operating earnings.

Our accounting for income taxes involves the valuation of deferred tax assets and liabilities primarily associated with differences in the timing of the recognition of revenues and expenses for financial reporting and tax purposes. At March 31, 2014, we had gross deferred tax assets of \$16.9 million, gross deferred tax liabilities of \$2.3 million resulting in a net deferred tax asset of \$14.6 million. Accounting standards require that companies assess whether a valuation allowance should be established against their deferred tax assets based on the consideration of all available evidence using a "more likely than not" standard. From mid 2009 through the end of 2012, we had maintained a full valuation allowance on our net deferred tax asset. At December 31, 2012, we considered all reasonably available positive and negative evidence and determined that with completing our eleventh consecutive profitable quarter, continued significant improvement in asset quality measures for the third straight year, the termination of our previous regulatory orders and our moving to a cumulative income position in the most recent three year period, that it was "more likely than not" that we would be able to realize our deferred tax assets and, as such, the full \$18.9 million valuation allowance was reversed as of December 31, 2012. With the positive results in the first quarter of 2014, we again concluded at March 31, 2014 that no valuation allowance on our net deferred tax asset was required. Changes in tax laws, changes in tax rates, changes in ownership and our future level of earnings can impact the ultimate realization of our net deferred tax asset.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Our primary market risk exposure is interest rate risk and, to a lesser extent, liquidity risk. All of our transactions are denominated in U.S. dollars with no specific foreign exchange exposure. Macatawa Bank has only limited agricultural-related loan assets, and therefore has no significant exposure to changes in commodity prices.

Our balance sheet has sensitivity, in various categories of assets and liabilities, to changes in prevailing rates in the U.S. for prime rate, mortgage rates, U.S. Treasury rates and various money market indexes. Our asset/liability management process aids us in providing liquidity while maintaining a balance between interest earning assets and interest bearing liabilities.

We utilize a simulation model as our primary tool to assess the direction and magnitude of variations in net interest income and the economic value of equity ("EVE") resulting from potential changes in market interest rates. Key assumptions in the model include contractual cash flows and maturities of interest-sensitive assets and interest-sensitive liabilities, prepayment speeds on certain assets, and changes in market conditions impacting loan and deposit pricing. We also include pricing floors on discretionary priced liability products which limit how low various checking and savings products could go under declining interest rates. These floors reflect our pricing philosophy in response to changing interest rates.

We forecast the next twelve months of net interest income under an assumed environment of gradual changes in market interest rates under various scenarios. The resulting change in net interest income is an indication of the sensitivity of our earnings to directional changes in market interest rates. The simulation also measures the change in EVE, or the net present value of our assets and liabilities, under an immediate shift, or shock, in interest rates under various scenarios, as calculated by discounting the estimated future cash flows using market-based discount rates.

The following table shows the impact of changes in interest rates on net interest income over the next twelve months and EVE based on our balance sheet as of March 31, 2014 (dollars in thousands).

Interest Rate Scenario	Economic Value of Equity	Percent Change	Net Interest Income	Percent Change
Interest rates up 200 basis points	\$ 155,223	(1.47)%	\$ 42,738	2.52%
Interest rates up 100 basis points	158,138	0.38	42,279	1.41
No change	157,541	---	41,689	---
Interest rates down 100 basis points	151,467	(3.86)	41,588	(0.24)
Interest rates down 200 basis points	151,520	(3.82)	41,316	(0.90)

If interest rates were to increase, this analysis suggests that we are positioned for an improvement in net interest income over the next twelve months.

We also forecast the impact of immediate and parallel interest rate shocks on net interest income under various scenarios to measure the sensitivity of our earnings under extreme conditions.

The quarterly simulation analysis is monitored against acceptable interest rate risk parameters by the Asset/Liability Committee and reported to the Board of Directors.

In addition to changes in interest rates, the level of future net interest income is also dependent on a number of other variables, including: the growth, composition and absolute levels of loans, deposits, and other earning assets and interest-bearing liabilities; economic and competitive conditions; potential changes in lending, investing and deposit gathering strategies; and client preferences.

Item 4: CONTROLS AND PROCEDURES

- (a) Evaluation of Disclosure Controls and Procedures. Under the supervision and with the participation of our management, including our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Exchange Act Rules 13a-15(e) and 15d-15(e), as of March 31, 2014, the end of the period covered by this report.

In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, as the Company's are designed to do, and management necessarily was required to apply its judgment in evaluating whether the benefits of the controls and procedures that the Company adopts outweigh their costs.

Our CEO and CFO, after evaluating the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this report, have concluded that the Company's disclosure controls and procedures were effective to ensure that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms.

- (b) Changes in Internal Controls. During the period covered by this report, there have been no changes in the Company's internal control over financial reporting that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

Item 6. Exhibits.

3.1	Restated Articles of Incorporation. Previously filed with the Commission on April 28, 2011 in Macatawa Bank Corporation's Quarterly Report on Form 10-Q, Exhibit 3.1. Here incorporated by reference.
3.2	Bylaws. Previously filed with the Commission on November 24, 2009 in Macatawa Bank Corporation's Current Report on Form 8-K, Exhibit 3.1. Here incorporated by reference.
4.1	Restated Articles of Incorporation. Exhibit 3.1 is here incorporated by reference.
4.2	Bylaws. Exhibit 3.2 is here incorporated by reference.
4.3	First Amended Settlement and Release and Warrant Issuance Agreement dated January 30, 2009.
4.4	Second Amendment to Settlement and Release and Warrant Issuance Agreement dated April 30, 2009. Previously filed with the Commission on May 8, 2009 in Macatawa Bank Corporation's Quarterly Report on Form 10-Q, Exhibit 10.1. Here incorporated by reference.

**FIRST AMENDED
SETTLEMENT AND RELEASE AND STOCK AND WARRANT ISSUANCE
AGREEMENT**

This First Amended Settlement and Release and Stock and Warrant Issuance Agreement (hereinafter "Amended Agreement") is made and entered into by and among the law firms of Nickens, Keeton, Lawless, Farrell & Flack LLP, through Thomas Farrell, and Moulton & Meyer, LLP, through Cynthia R. Levin Moulton, counsel for the majority of Plaintiffs in the Entire Action (defined below), Macatawa Bank Corp. and Macatawa Bank and Richard Deardorff.

DEFINITIONS

For purposes of this Agreement, these terms are defined as follows:

Adamson – *Steven M. Adamson, et al. v. Macatawa Bank Corp. and Macatawa Bank*, Case No. CIV-06-1267-T, Western District of Oklahoma.

Amended Agreement – This First Amended Settlement and Release and Stock and Warrant Issuance Agreement, together with all exhibits as amended. To the extent that any exhibit is not amended herewith, the original exhibit is still in force.

Bailey – *Frank V. Bailey, et al. v. Macatawa Bank Corp. and Macatawa Bank*, Case No. 3:06-CV-2193-D, Northern District of Texas.

Bank – Macatawa Bank Corp. and Macatawa Bank, collectively.

Bank's Counsel – Warner Norcross & Judd LLP, through William K. Holmes.

Deardorff – Richard Deardorff, individually.

Elkins – *Eddie Elkins, et al. v. Macatawa Bank Corp.*, Case No. 3:07-CV-109-M, Western District of Oklahoma.

Entire Action – Collectively, the State Litigation and the Federal Litigation.

Escrow Agent – Bank of America. N.A.

Federal Insurance Company – An insurance company that issued Policy No. 70234721 to Macatawa Bank Corp.

Federal Litigation – The following cases that were consolidated in a multi-district action pending in the United States District Court for the Western District of Michigan currently styled *In Re Trade Partners, Inc. Investor Litigation*, Case No. 1:07-MD-1846-RHB:

Forrest Jenkins, et al. v. Macatawa Bank Corp. et al. v. Sherry Tedaldi, et al., Case No. 1:03-CV-321, Western District of Michigan ("Jenkins"); *James Lee and Rose Marie Myers, et al. v. Macatawa Bank Corp. and Macatawa Bank*, Case No. CV 06 8009 R (CTx), Central District of California ("Myers"); *Steven M. Adamson, et al. v. Macatawa Bank Corp. and Macatawa Bank*, Case No. CIV-06-1267-T, Western District of Oklahoma ("Adamson"); *Frank V. Bailey, et al. v. Macatawa Bank Corp. and Macatawa Bank*, Case No. 3:06-CV-2193-D, Northern District of Texas ("Bailey"); and *Eddie Elkins, et al. v. Macatawa Bank Corp.*, Case No. 3:07-CV-109-M, Western District of Oklahoma ("Elkins").

Final Settlement Date – Ten (10) business days after the satisfaction of the last condition set forth in 1 of this Agreement (or ten (10) business days after the Bank's election to proceed under 2.a.ii. if conditions set forth in 1.c. and/or 1.d. are not satisfied), or April 30, 2009, whichever is earlier.

Jenkins – *Forrest Jenkins, et al. v. Macatawa Bank Corp., et al. v. Sherry Tedaldi, et al.*, Case No. 1:03-CV-321, Western District of Michigan.

Insurers – Collectively **Progressive Casualty Insurance Company** and **Federal Insurance Company**.

Michigan Agent – Richard Hohenstein, who is appointed as resident agent for all settling Plaintiffs who reside outside of the United States of America to receive Warrants from the Special Master pursuant to 3 of this Agreement. Plaintiffs shall pay the costs of such Michigan Agent.

Myers – *James Lee and Rose Marie Myers, et al. v. Macatawa Bank Corp. and Macatawa Bank*, Case No. CV 06 8009 R (CTx), Central District of California.

Parties – Plaintiffs, the Bank, and Deardorff.

Plaintiffs – the individuals and entities that are listed as “Plaintiffs” in the State Litigation and the Federal Litigation. All Plaintiffs in the Entire Action whose claims have not previously been dismissed are listed on **Exhibit A** to this Agreement.

Plaintiffs’ Counsel – Nickens, Keeton, Lawless, Farrell & Flack LLP, through Thomas Farrell, and Moulton & Meyer, LLP, through Cynthia R. Levin Moulton.

Progressive Casualty Insurance Company – An insurance company that issued Policy No. 1155551-10 to Grand Bank Financial Corporation.

Receiver – Bruce W. Kramer, under appointment by the United States District Court for the Western District of Michigan.

Release – The Agreement to Settle and Conditional Release of All Claims against the Bank and Deardorff in the forms attached as **Exhibits G and H** to this Agreement, as applicable.

Securities Act – The Securities Act of 1933, as amended; 15 USC 77a, *et. seq.*

Settlement Fund – The Consideration collectively referred to in 3.a. of this Agreement.

Second Settlement Hearing – A second hearing to be held by the United States District Court for the Western District of Michigan and the Kent County Circuit Court, respectively, no later than February 27, 2009, to satisfy the requirements of Section 3(a)(10) of the Securities Act, pursuant to SEC Staff Bulletin Number 3A(CF) dated June 18, 2008 and to confirm that the Warrants are exempt from registration under Section 3(a)(10) of the Securities Act, as more fully described in 1.b. of this Agreement.

Second Settlement Hearing Order – An Amended Order entered by the applicable Courts in the Federal Litigation and the State Litigation confirming the fairness of the exchange of the Warrants to be issued for Plaintiffs’ claims, and acknowledging that the Warrants are exempt from registration under Section 3(a)(10) of the Securities Act, as more fully described in 1.b. of this Agreement.

Special Master – The individual or entity appointed by the Court in the Federal Litigation and the State Litigation pursuant to 3.b. of this Agreement, who shall have the duties described in **Exhibits K and L** to this Agreement.

State Litigation – The consolidated cases currently styled *William A. Giese, et al., v Macatawa Bank and Macatawa Bank Corp.*, Kent County Circuit Court Case No. 06-11707-CZ, pending in the Kent County Circuit Court, Grand Rapids, Michigan.

Third- Party/Counter-defendants – Brokers (also known as Sales Associates) who sold Trade Partners, Inc.’s investments to Plaintiffs, and others who received commissions from Trade Partners, Inc. The Third-Party/Counter-defendants in the Entire Action are listed on **Exhibit B** to this Agreement.

Warrants – Warrants to purchase common stock of Macatawa Bank Corp., as more fully described in 3.a.iv. of the Agreement.

RECITALS

- A. Numerous Plaintiffs commenced the Jenkins, Myers, Adamson, Bailey and Elkins suits against the Bank in various United States District Courts. In addition, Plaintiffs in *Jenkins* also sued Deardorff. These cases were consolidated in the Federal Litigation.
- B. Numerous additional Plaintiffs commenced the State Litigation in Kent County, Michigan.
- C. Thomas Farrell, of the law firm of Nickens, Keeton, Lawless, Farrell & Flack LLP, and Cynthia R. Levin Moulton, of the law firm of Moulton & Meyer, LLP, represent a majority of the Plaintiffs in the Entire Action.
- D. The Bank filed Third-Party Complaints and Counterclaims in every case of the Entire Action against the Third-Party/Counter-defendants.
- E. The Bank has denied all material allegations against it in the Entire Action.
- F. In an attempt to amicably resolve the differences between the Parties in this matter, Plaintiffs' Counsel, the Bank, and Deardorff mutually agree as follows:

TERMS AND CONDITIONS

1. **Conditions Precedent To Be Satisfied Before Parties' Obligations Pursuant to Paragraph 3 Take Effect** For the obligations and requirements set forth in 3 of this Agreement to become binding and take effect, all the conditions set forth in this paragraph must be satisfied:

a. Plaintiffs' Counsel and the Bank's Counsel have filed stipulations requesting the entry of orders to stay all proceedings and all discovery activities from the responsible judges in the Entire Action, i.e., the Honorable Robert Holmes Bell and the Honorable Dennis B. Leiber, and such orders are pending. The Stipulated Orders as filed in the Federal Litigation and the State Litigation are attached as **Exhibits C and D**, respectively.

b. No later than February 27, 2009, the Parties will conduct a Second Settlement Hearing pursuant to SEC Staff Bulletin No. 3A(CF) dated June 18, 2008, in the United States District Court for the Western District of Michigan and the Kent County Circuit Court. The Parties hereto intend that the Warrants will be exempt from registration under Section 3(a)(10) of the Securities Act. As a result: (i) the Second Settlement Hearing shall include a hearing on the fairness of the terms and conditions of the exchange of the Warrants to be issued for the Plaintiffs' claims that are released pursuant hereto; (ii) all Persons to whom any Warrants are to be issued shall be sent a notice of the Second Settlement Hearing and the right to be heard at that hearing to their last known address known by Plaintiffs' Counsel and to their counsel of record in the Entire Action in the form attached as **Exhibits E and F**; (iii) the Court will be advised prior to the hearing that registration of the Warrants under the Securities Act will not be required by virtue of the approval of this Agreement and the issuance of the Warrants; and (iv) in the Second Settlement Hearing, the Court shall enter an Amended Settlement Hearing Order approving the fairness of the exchange of Warrants to be issued for Plaintiffs' claims.

c. No later than April 30, 2009, ninety-eight percent (98%) of the total number of Plaintiffs in the Entire Action must agree to settle this matter based on the terms stated herein. This ninety-eight percent (98%) must include one hundred percent (100%) of all Plaintiffs represented by Attorney Dennis Boxeur (i.e., Eddie Elkins, his family members, and trusts held for their benefit) and they must agree to settle this matter based on the terms stated herein. All Plaintiffs consenting to settle and completely release the Bank and Deardorff must indicate their agreement by signing the Release in the form attached as **Exhibit G or H**, as applicable, and return it to the Special Master no later than April 30, 2009. The Release must be signed before a notary or the equivalent in the particular Plaintiff's jurisdiction. Plaintiffs' Counsel will distribute the Release to each Plaintiff and request that the Plaintiff sign the Release and return it to the Special Master who shall deliver to the Bank's Counsel an original of each signed Release. Between the date of the entry of the last Settlement Hearing Order and April 30, 2009, Plaintiffs' Counsel will give the Bank's Counsel a report every Friday on the total number of Plaintiffs who have consented, the identities of those Plaintiffs, and the total dollar amount of the allocation to the Plaintiffs who have consented.

d. No later than April 30, 2009, ninety-eight percent (98%) of the total dollar amount of the claims in the Entire Action must be resolved as a result of Plaintiffs who have signed a Release. For purposes of this paragraph, the total dollar amount of the claims is the total amount of any Plaintiff's claims as approved by the Receiver, minus the amounts which have been refunded (or are to be refunded) to them by the Receiver as of October 3, 2008.

e. No later than the Final Settlement Date, both Federal Insurance Company and Progressive Casualty Insurance Company pay amounts due to the Escrow Agent and the Bank under their separate settlement agreement with the Bank.

f. The Bank's Counsel and Plaintiffs' Counsel shall be reasonably satisfied that no securities registration is required in any country other than the United States, except that a failure of this condition does not permit a party to void this Agreement under § 2 below if the amount of claims or number of Plaintiffs involved is de minimis to the entire Agreement, as determined by the Mediator.

2. **Effect Of Failure Of A Condition Precedent Set Forth In Paragraph 1**

a. Upon failure of any condition(s) (a) through (f) in 1 set forth above, the Bank has the option to:

i. Void this Agreement and proceed with litigation in the Entire Action; or

ii. Settle with those Plaintiffs who choose to accept the Terms of this Agreement and sign the Release, but decrease the total consideration set forth in 3.a. below by the percentage that the dollars allocated by the Special Master to the non-settling Plaintiffs bears to the total of all allocations. The Bank's election of this option must be exercised within 10 business days following the Bank's receipt of notice that the conditions set forth in 1.c and/or 1.d. have not been met. Plaintiffs' Counsel agrees to use their best efforts to cause Plaintiffs to accept the settlement described herein with such efforts to commence within 5 days after the Court approval described in 1.b. Plaintiffs' Counsel shall not communicate any offers to sell or transfer Warrants until after the issuance of the Second Settlement Hearing Order, and shall not communicate any offers to sell or transfer Warrants in any state that requires registration of the Warrants until after registration in those States has occurred. The Bank reserves the right, at any time, to seek an order requiring attendance at a settlement conference of any non-settling Plaintiffs.

b. Upon failure of conditions a., b., e. or f. in 1 set forth above or upon the failure of the Bank to perform any of the terms set forth in 3.a. below, Plaintiffs' Counsel has the option to void this Agreement and proceed with litigation.

3. **Terms.** In the event that the conditions set forth in 1 are met, or the Bank agrees to settle the claims with the Plaintiffs who choose to accept the Terms and sign the Release pursuant to 2.a.ii. above, the following Terms shall apply:

a. Subject to the conditions set forth herein, the Bank agrees to pay, or cause to be paid, to the Special Master on or before the Final Settlement Date the following for distribution to Plaintiffs who have signed and returned to the Bank the Release as set forth in 1.c.:

i. Five Million Seven Hundred Fifty Thousand Dollars (\$5,750,000) in cash, including Four Hundred Twenty-Five Thousand Dollars (\$425,000) from Federal and Five Hundred Twenty-Five Thousand Dollars (\$525,000) from Progressive. In addition to One Million Eight Hundred Thousand Dollars (\$1,800,000) of this settlement that the Bank has already placed in an interest-bearing escrow account with the Escrow Agent, the Bank will place another Three Million Dollars (\$3,000,000) into that same account no later than 2 business days after Plaintiffs' counsel have executed this Amended Agreement. A Copy of the Escrow Agreement is attached as **Exhibit I**. In the event the settlement is concluded, Plaintiffs shall receive all interest earned from the escrow account funds that exceed the charges of the Escrow Agent. In the event the settlement is voided for failure of conditions set forth herein, the Bank will receive this amount plus all interest from the escrow account that exceed the charges of the Escrow Agent.

ii. Amounts the Bank collects in settlements from Third-Party Defendants/Counter-defendants, up to Two Hundred Fifty Thousand Dollars (\$250,000). In the event that the Bank does not collect \$250,000 in settlements from Third-Party Defendants/Counter-defendants by the Final Settlement Date, the Bank will make up the shortfall in cash.

iii. One Million Five Hundred Thousand (1,500,000) Warrants, exercisable at a strike price of Nine Dollars (\$9.00) per share. The Warrants will be exercisable for a period of five years to acquire common stock of Macatawa Bank Corp. on the terms set forth in the Warrant Agreement. The form of Warrant Agreement is attached as **Exhibit L** and will be executed and delivered in substantially the form thereof on the Final Settlement Date.

iv. The Warrants shall be duly and validly issued, fully paid, non-assessable and free from all liens and encumbrances, and the Parties stipulate and request the Courts to find and order that the Warrants are exempt from registration under Section 3(a)(10) of the Securities Act in the Amended Settlement Hearing Order.

The Warrants shall be issued by the Bank's transfer agent on the Final Settlement Date and delivered to the Special Master for distribution to settling Plaintiffs as required in 3.b., below, and pursuant to the Stipulated Orders appointing the Special Master, attached as **Exhibits J and K**, respectively. As to any settling Plaintiffs who reside outside of the United States of America, their Warrants shall be delivered to the Michigan Agent on their behalf by the Special Master.

v. By the Final Settlement Date, the Bank's Counsel will provide an opinion that the securities to be distributed pursuant to 3.a.iii. are, as to the United States, either registered or exempt from registration in the United States, and that there are no restrictions on transfer or resale of such securities under United States securities laws other than such restrictions as may apply to affiliates or underwriters of Macatawa Bank Corp

vi. The Bank will cooperate with the Special Master and the Michigan Agent to assist them in delivering the Warrants to Plaintiffs.

vii. The Bank hereby represents and warrants as of the date hereof and as of the Final Settlement Date (unless a different particular date or period is specified) that:

(1) The Warrants and the common stock issuable upon exercise of the Warrants have been duly and validly authorized for issuance, offer and sale pursuant to this Amended Agreement and the Warrant Agreement. The Warrants and the common stock issuable upon exercise of the Warrants, when issued and delivered against payment of the consideration therefor in accordance with this Amended Agreement or the Warrant Agreement, as applicable, will be validly issued, fully paid and non-assessable Warrants and Common Stock, free and clear of all pledges, claims, liens, charges, encumbrances and security interests of any kind or nature whatsoever.

(2) On or prior to the Final Settlement Date, the Common Stock issuable upon exercise of the Warrants will have been listed for trading on the NASDAQ Global Select Market.

(3) Macatawa Bank is a banking corporation and Macatawa Bank Corp. is a corporation duly organized, validly existing, and in good standing under the laws of the State of Michigan. The Bank has all requisite corporate power and authority to enter into this Amended Agreement and, with respect to Macatawa Bank Corp., the Warrant Agreement and consummate the transactions contemplated by this Amended Agreement and the Warrant Agreement. Each Amended Agreement and Warrant Agreement has been duly and validly authorized, executed and delivered on behalf of Macatawa Bank and/or Macatawa Bank Corp. and is a valid and binding agreement of Macatawa Bank and/or Macatawa Bank Corp. enforceable against it in accordance with its terms, subject as to enforceability to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law), to bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally and, with respect to rights to indemnity and contribution, to any state, federal or foreign law or any public policy underlying any such law.

(4) The execution and delivery of this Amended Agreement and the Warrant Agreement, the issuance of the Warrants to be sold by Macatawa Bank Corp. hereunder, the sale of the common stock issuable under the Warrants, and the consummation of the transactions contemplated hereby and by the Warrant Agreement, will not conflict with or constitute a violation of, or default (with the passage of time or otherwise) under, any material agreement or instrument to which the Bank is a party or by which it is bound or the charter, bylaws or other organizational documents of the Bank nor result in the creation or imposition of any lien, encumbrance, claim, security interest or restriction whatsoever upon any of the material properties or assets of the Bank or an acceleration of indebtedness pursuant to any obligation, agreement or condition contained in any material, bond, debenture, note or any other evidence of indebtedness or any material indenture, mortgage, deed of trust or any other agreement or instrument to which the Bank is a party or by which it is bound or to which any of the property or assets of the Bank is subject, nor conflict with, or result in a violation of any United States federal or state law, administrative regulation, ordinance or other of any court or governmental agency, arbitration panel or authority applicable to the Bank. No consent, approval, authorization or other order of, or registration, qualification or filing with, any regulatory body, administrative agency, or other governmental body is required for the valid issuance of the Warrants or the common stock issuable under the Warrants, other than such as have been made or obtained, except for registration or exemption under United States federal and state securities laws.

(5) Upon issuance, the Warrants are either registered or exempt from registration under the United States securities laws.

(6) After issuance, there are no restrictions on transfer or resale of the Warrants under the United States securities laws other than such restrictions as may apply to affiliates or underwriters of Macatawa Bank Corp..

b. Plaintiffs' Counsel has submitted a stipulated order in both the State Litigation and the Federal Litigation for appointment of a Special Master to allocate the Settlement Fund to settling Plaintiffs, and that Special Master will make a determination of the division of the Settlement Fund under this Amended Agreement as soon as reasonably possible. The allocation of the Special Master shall be provided to the Bank's Counsel. The Stipulated Orders appointing the Special Master in the State Litigation and the Federal Litigation are attached as Exhibits J and K, respectively.

i. The Bank, Deardorff, and the Insurers shall have no liability, obligation or responsibility for the administration of the Settlement or the distribution of the Settlement Fund, except for the funding obligations as set forth herein.

ii. No Person shall have any claim against the Special Master, Plaintiffs' Counsel, the Bank, Deardorff, the Insurers, or their respective counsel, based on distributions made substantially in accordance with this Agreement.

iii. The Special Master shall have the duties as already established in the Stipulated Order Appointing the Special Master, attached as **Exhibits J and K**.

c. The Parties agree to effect by stipulation the dismissal of the Entire Action, with prejudice and without costs, except as to non-settling Plaintiffs and except as to contribution claims against Third-Party/Counter-defendants. The Stipulation and Order of Dismissal to be submitted in the State Litigation and Federal Litigation are attached as **Exhibits M and N**, respectively.

d. Settling Plaintiffs agree to cooperate as reasonably necessary in the Bank's pursuit of settlements with Third-Party/Counter-defendants.

4. **No Admission of Liability.** Nothing contained herein and no action taken by any Party with respect to this Agreement shall be construed as an admission by any Party, person or entity of any act of wrongdoing or any liability of any kind, all such liability and wrongdoing being expressly denied.

5. **Assignment of Claims.** Each Plaintiff will represent and warrant in the Release that he or she or it has not assigned any claim that he or she or it had or may have against the Bank or its affiliates, parents, subsidiaries, predecessors, divisions, directors, officers, shareholders, employees, agents, attorneys, and successors and assigns, including but not limited to those claims set forth in the Entire Action.

6. **Complete Agreement.** This Amended Agreement and the Warrant Agreement represent the final and complete agreement between the Parties with respect to the subject matter, and supersedes and replaces the earlier Final Settlement Agreement, memorializing the Contingent Settlement Agreement dated October 6, 2008. There shall be no modifications or amendments to this Amended Agreement unless they are in writing, signed by all Parties.

7. **Lack of Reliance.** Each Party to this Amended Agreement acknowledges that no other party, person, or entity has made any promise, representation, or warranty, either expressly or by implication, that is not expressly contained in this Amended Agreement. Each Party to this Amended Agreement on behalf of themselves and their respective heirs and assigns, acknowledge and agree that in entering into this Amended Agreement and the agreements contemplated hereby, they have not relied, and are not relying, on information, statements, assurances, representations or warranties (written or oral) provided or made by or on behalf of the Bank with respect to the present or future value or related attributes of the Bank, or the Warrants.

8. **Full Knowledge and Volition.** All Parties have read this Amended Agreement, understand this Amended Agreement, and have signed this Amended Agreement of their own free act and volition. Additionally, all Parties confirm that they have secured the necessary authorization to sign this document on behalf of the parties for whom they are signing. This Amended Agreement was mutually negotiated and will not be construed against any party as the drafter.

9. **Counterparts.** This Amended Agreement may be executed in counterparts, and the counterparts, when properly executed by all Parties and attached hereto, will constitute a fully executed and complete binding contract. Any signature transmitted electronically to another Party shall constitute, and shall have the same force and effect as, an original signature.

10. **Applicable Law.** This Amended Agreement, and any amendments hereto, shall be governed by, construed and enforced in accordance with the laws of the State of Michigan, without regard to principles of conflicts of laws.

11. **Forum Selection.** Disputes arising out of this Amended Agreement before the Final Settlement Date shall go to the Mediator first, who shall attempt to facilitate an amicable resolution and then to United States Magistrate Judge Joseph G. Scoville. Disputes arising out of this Amended Agreement after the Final Settlement Date, and any amendments hereto, are to be decided only by the Circuit Court for the County of Kent, State of Michigan, U.S.A.

WARRANT AGREEMENT

THIS WARRANT AGREEMENT (this "Agreement") is entered into as of the _____ day of _____, 2009, by and between **MACATAWA BANK CORPORATION**, a Michigan corporation (the "Company"), and **REGISTRAR AND TRANSFER COMPANY**, a New Jersey corporation (the "Warrant Agent").

RECITALS

A. The Company is a defendant in a lawsuit pending in the United States District Court for the Western District of Michigan (the "District Court"), entitled *In re Trade Partners, Inc. Investor Litigation*, Case No. 1:07-MD-1846-RHB (the "Federal Litigation").

B. The Company is a defendant in a lawsuit pending in the Kent County Circuit Court in Grand Rapids, Michigan (the "Circuit Court"), entitled *Giese et al v. Macatawa Bank Corp et al*, Case No. 06-11707-CZ (the "State Litigation").

C. The parties to the Federal Litigation and the State Litigation have settled the dispute and entered into that certain First Amended Settlement and Release and Stock and Warrant Issuance Agreement, dated January 30, 2009 (the "Settlement Agreement").

D. As part of the transactions to be consummated pursuant to the Settlement Agreement, the Company has issued warrants for the purchase of One Million Five Hundred Thousand (1,500,000) shares of common stock, no par value, of the Company (each, a "Warrant").

E. The Company wishes the Warrant Agent to act on behalf of the Company, and the Warrant Agent is willing to so act, in connection with the issuance, division, transfer, exchange and exercise of the Warrants.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the mutual promises and covenants contained in this Agreement and for other good and valuable consideration, the receipt and adequacy of which hereby are acknowledged, the parties agree as follows:

1. DEFINITIONS

1.1 "Business Day" shall mean a day other than (a) a Saturday or Sunday, (b) any day on which banking institutions located in Holland, Michigan are required or authorized by law or by local proclamation to close or (c) any day on which the Nasdaq Stock Market is closed.

1.2 "Common Stock" shall mean the shares of the Company's common stock, no par value.

1.3 "Commercially Reasonable Best Efforts," when used with respect to any obligation to be performed or term or provision to be complied with under this Agreement, shall mean such efforts as a prudent Person seeking the benefits of such performance or compliance would make, use, apply or exercise to preserve, protect or advance its rights or interests. Such efforts do not require the Person whose performance or compliance is required under this Agreement to incur a material financial cost or a substantial risk of material liability unless such cost or liability (i) is specifically contained in this Agreement or the Settlement Agreement, (ii) would customarily be incurred in the course of performance of or compliance with the relevant obligation, term or provision, (iii) is caused by or results from the wrongful act or negligence of the Person whose performance or compliance is required hereunder, or (iv) is not excessive or unreasonable in view of the rights or interests to be preserved, protected or advanced.

1.4 "Effective Date" means the first date on which the Company's Registration Statement is declared effective by the SEC.

1.5 "Exercise Period" shall mean the period commencing on the later of (a) the date the Warrants are issued to the initial Holders and (b) the Effective Date and ending at 5:00 p.m., Holland, Michigan time, on the fifth (5th) anniversary of the later of (a) or (b), as such period may be extended pursuant to the terms hereof.

1.6 "Exercise Price" shall mean the purchase price for each Warrant Share and shall be Nine Dollars (\$9.00) per share, as adjusted from time to time pursuant to Sections 8.1 and 8.2 hereof.

1.7 "Holders" are the registered owners of the Warrants.

1.8 "Market" shall mean the Nasdaq Stock Market. If the Common Stock is no longer authorized for quotation on the Nasdaq Stock Market, the Market shall be the principal national securities exchange or quotation system on which the Common Stock is quoted or listed or admitted to trading or, if not quoted or listed or admitted to trading on any national securities exchange or quotation system, the over-the-counter market.

1.9 "Material Information" is material nonpublic information concerning the Company, its subsidiaries, or its or their current or prospective business, financial condition, results of operations or prospects.

1.10 "Person" shall mean a natural person, corporation, partnership, joint venture, association, joint stock company, trust, unincorporated organization, limited liability company, limited liability partnership, government or any agency or political subdivision thereof or any other entity or organization.

1.11 "Qualifying Prospectus" shall mean a prospectus contained in a Registration Statement that satisfies all legal requirements.

1.12 "Registration Statement" shall mean a registration statement relating to the issuance by the Company of the Warrant Shares to the Holders upon exercise of the Warrants pursuant hereto.

1.13 "SEC" shall mean the United States Securities and Exchange Commission, or any successor governmental agency or authority thereto.

1.14 "Securities Act" shall mean the Securities Act of 1933, as amended.

1.15 "Trading Price," as of any date, shall mean the dollar weighted average trading price per share for all round lot transactions in the Common Stock on the Market for the twenty (20) trading days ending two (2) days prior to that date.

1.16 "Warrant Shares" are the shares of Common Stock or other securities deliverable upon exercise of a Warrant.

2. FORM OF WARRANT; EXECUTION; REGISTRATION

2.1 Form of Warrant; Execution of Warrants. The certificates evidencing the Warrants (the "Warrant Certificates") shall be in the form attached to this Agreement. The Warrant Certificates shall be signed on behalf of the Company by its Chief Executive Officer, Chief Financial Officer, President or one of its Vice Presidents. The signature of any such officer on the Warrant Certificates may be manual or by facsimile. Each Warrant Certificate shall be dated the date it is countersigned by the Warrant Agent pursuant to Section 2.3.

2.2 Registration. The Warrant Certificates shall be numbered and shall be registered on the books of the Company maintained at the principal office of the Warrant Agent initially in Cranford, New Jersey (or such other place in the continental United States as the Warrant Agent shall from time to time notify the Company and the Holders in writing) (the "Warrant Register") as they are issued. The Company and the Warrant Agent shall be entitled to treat the registered owner of any Warrant as the owner in fact thereof for all purposes and shall not be bound to recognize any equitable or other claim to or interest in such Warrant on the part of any other person.

2.3 Countersignature of Warrants. The Warrant Certificates shall be countersigned by the Warrant Agent and shall not be valid for any purpose unless so countersigned. Warrant Certificates may be countersigned, however, by the Warrant Agent and may be delivered by the Warrant Agent notwithstanding that the persons whose manual or facsimile signatures appear thereon as proper officers of the Company shall have ceased to be such officers at the time of such countersignature, issuance or delivery. The Warrant Agent shall, upon written instructions of the Chief Executive Officer, the Chief Financial Officer, the President, any Vice President, the Treasurer or the Secretary of the Company, countersign, issue and deliver Warrant Certificates entitling the Holders thereof to purchase not more than an aggregate of One Million Five Hundred Thousand (1,500,000) Warrant Shares (subject to adjustment pursuant to Section 8) and shall countersign, issue and deliver Warrant Certificates as otherwise provided in this Agreement.

3. TRANSFER AND EXCHANGE OF WARRANTS

3.1 Transfer and Exchange. Subject to the terms of this Agreement, the Warrant Agent shall initially countersign, register in the Warrant Register, and deliver Warrants in accordance with the written instructions of the Company. Subject to the terms of this Agreement and the receipt of such documentation as the Warrant Agent may reasonably require, the Warrant Agent shall thereafter from time to time register the transfer of any outstanding Warrants upon the Warrant Register upon surrender of the Warrant Certificate or Certificates evidencing such Warrants duly endorsed or accompanied (if so required by it) by a written instrument or instruments of transfer in form reasonably satisfactory to the Warrant Agent (which may be in the form attached to this Agreement), duly executed by the registered Holder or Holders thereof, by the duly appointed legal representative of the Holders, or by a duly authorized attorney. Subject to the terms of this Agreement, each Warrant Certificate may be exchanged for another Warrant Certificate or Certificates entitling the Holder to purchase a like aggregate number of Warrant Shares as the Warrant Certificate or Certificates surrendered then entitles such Holder to purchase. Any Holder desiring to exchange a Warrant Certificate or Certificates shall make such request in writing delivered to the Warrant Agent, and shall surrender, duly endorsed or accompanied (if so required by the Warrant Agent) by a written instrument or instruments in form reasonably satisfactory to the Warrant Agent, the Warrant Certificate or Certificates to be so exchanged. Upon registration of transfer or exchange, the Company shall issue and the Warrant Agent shall countersign and deliver by certified mail a new Warrant Certificate or Certificates to the persons entitled thereto.

3.2 No Service Charges. No service charge shall be made for any exchange or registration of transfer of a Warrant Certificate or of Warrant Certificates, but the Company may require payment of a sum sufficient to cover any stamp tax or other tax or other governmental charge that is imposed in connection with any such exchange or registration of transfer pursuant to Section 5.

3.3 Acceptance of Terms. By accepting the initial delivery, transfer or exchange of Warrants, each Holder shall be deemed to agree to the terms of this Agreement as it may be in effect from time to time, including any amendments or supplements duly adopted in accordance with Section 12.3. A copy of this Agreement may be obtained by a Holder without cost upon written request to the Company at its principal office or to the Warrant Agent.

4. TERM OF WARRANTS; EXERCISE OF WARRANTS; REGISTRATION OF WARRANT SHARES

4.1 Term of Warrants. Subject to the terms of this Agreement, each Holder shall have the right, which may be exercised on any Business Day during the Exercise Period, to receive from the Company the number of Warrant Shares which the Holder may at the time be entitled to purchase upon exercise of such Warrants and payment of the Exercise Price then in effect for such Warrant Shares. The Warrant Shares issued to a Holder upon exercise of its Warrants shall be duly authorized, validly issued, fully paid and non-assessable and shall not have been issued in violation of or subject to any preemptive rights. Each Warrant not exercised prior to the expiration of the Exercise Period shall become void, and all rights under such Warrant and under this Agreement shall cease as of the expiration of the Exercise Period, provided, however, that if the Exercise Period ends during a suspension pursuant to Section 4.3, the Exercise Period shall be extended for an additional period of time equal to the longer of the period of such suspension during the Exercise Period and twenty (20) Business Days after the date on which the Warrant Agent sends notice to the Holders of the expiration of such suspension period.

4.2 Exercise of Warrants.

(a) During the Exercise Period, except as such may be suspended from time to time as set forth in Section 4.3, each Holder may exercise from time to time some or all of the Warrants evidenced by its Warrant Certificate(s) by: (i) surrendering to the Company at the principal office of the Warrant Agent such Warrant Certificate(s) with written notice (in the form attached to this Agreement) duly completed and signed, which signature shall be guaranteed by an eligible guarantor institution (a bank, savings and loan association or credit union with membership in an approved signature guarantee medallion program) pursuant to Rule 17Ad-15 of the Securities Exchange Act of 1934, as amended, and (ii) paying to the Warrant Agent for the account of the Company the aggregate Exercise Price for the number of Warrant Shares in respect of which such Warrants are exercised. Warrants shall be deemed exercised on the date such Warrant Certificate(s) are surrendered to the Warrant Agent and tender of payment of the aggregate Exercise Price is made. Payment of the aggregate Exercise Price shall be made (1) by wire transfer of immediately available funds to the Warrant Agent for the account of the Company, (2) by certified or official bank check or checks payable to the order of the Company (any such payments under subsections (1) or (2) shall be made in lawful money of the United States of America), or (3) by surrender to the Warrant Agent of the right to receive a number of Warrant Shares, calculated to the nearest one one-hundredth of a share, pursuant to the formula below. In the event that a Holder elects to make payment of the aggregate Exercise Price by surrender of the right to receive Warrant Shares as provided in subsection (3) of the preceding sentence, the number of Warrant Shares issuable to such Holder shall be calculated as follows:

$$X = \frac{Y(A-B)}{A}$$

Where: X = the number of Warrant Shares to be issued to such Holder upon exercise (subject to Section 9);
Y = the total number of Warrant Shares purchasable pursuant to the Warrant being exercised (or, if such Warrant is being exercised only in part, the number of Warrant Shares for which it is being exercised);
A = the Trading Price of a share of Common Stock determined as of the date of exercise; and
B = the then-current Exercise Price.

(b) In the event that less than all of the Warrants evidenced by a Warrant Certificate are exercised, the Holder thereof shall be entitled to receive a new Warrant Certificate or Certificates as specified by such Holder evidencing the remaining Warrant or Warrants, and the Warrant Agent is hereby irrevocably authorized by the Company to countersign, issue and deliver the required new Warrant Certificate or Certificates evidencing such remaining Warrant or Warrants pursuant to Section 4.2 and Section 3 of this Agreement. The Company, whenever requested by the Warrant Agent, will supply the Warrant Agent with Warrant Certificates duly executed on behalf of the Company for such purpose.

(c) Upon the exercise of any Warrants in accordance with this Agreement, the Company shall cause the Warrant Agent, on the Company's behalf, to issue and deliver with all reasonable dispatch, to or upon the written order of the Holder and in such name or names as the Holder may designate, a certificate or certificates for the number of full Warrant Shares issuable upon the exercise of such Warrants and shall take or cause the Warrant Agent to take such other actions as are necessary to complete the exercise of the Warrants (including, without limitation, payment of any cash with respect to fractional interests required under Section 9). The certificate or certificates representing such Warrant Shares shall be deemed to have been issued and any person so designated to be named therein shall be deemed to have become a holder of record of such Warrant Shares as of the date the Warrants are exercised.

(d) Upon delivery of the Warrant Shares issuable upon exercise of a Warrant in accordance herewith and of any required new Warrant Certificates, the Company shall direct the Warrant Agent by written order to cancel the Warrant Certificates surrendered upon exercise. Such canceled Warrant Certificates shall then be disposed of by the Warrant Agent in a manner permitted by applicable laws and satisfactory to the Company in accordance with its written instructions to the Warrant Agent. The Warrant Agent shall account promptly to the Company with respect to Warrants exercised and concurrently pay to the Company all amounts received by the Warrant Agent upon exercise of such Warrants.

(e) The Warrant Agent shall keep copies of this Agreement and any notices given or received pursuant to this Agreement available for inspection by the Holders during normal business hours at its office. The Company shall, at its sole expense, supply the Warrant Agent from time to time with such numbers of copies of this Agreement as the Warrant Agent may reasonably request.

4.3 Registration of Warrant Shares; Suspension of Exercise Period.

(a) The Company shall use its Commercially Reasonable Best Efforts to (i) file under the Securities Act, within thirty (30) days of the date hereof, the Registration Statement, (ii) cause such Registration Statement to be declared effective by the SEC within ninety (90) days of the date hereof and (iii) keep such Registration Statement effective at all times during the Exercise Period, and will make such number of Qualifying Prospectuses available to Holders as they shall reasonably request. No shares of Common Stock shall be issued, and the right to exercise all Warrants shall be suspended, for all periods during which there is not an effective Registration Statement and/or there is not a Qualifying Prospectus available to Holders. The Company shall promptly notify the Warrant Agent of any such suspension, and the Warrant Agent shall have no duty, responsibility or liability in respect of any shares of Common Stock issued or delivered prior to its receipt of such notice. The Company shall promptly notify the Warrant Agent of the termination of any such suspension, and the Company shall cause the Warrant Agent to notify the Holders of the termination of such suspension promptly following notice to the Warrant Agent by the Company. Should the ability of the Holders to exercise the Warrants be suspended for more than an aggregate of sixty (60) days in any three hundred sixty five (365) day period pursuant to this Section 4.3(a), the Exercise Period shall be extended by the aggregate number of days in such suspension period(s) in excess of sixty (60) days. The Company represents and warrants that the issuance of the Warrants is exempt from registration pursuant to Section 3(a)(10) of the Securities Act.

(b) Notwithstanding the foregoing, the Company shall have the right, exercisable by giving written notice of the exercise of such right to the Warrant Agent, at any time and from time to time, to suspend the Exercise Period or delay filing for a period not in excess of 60 calendar days during any consecutive three hundred sixty-five (365) day period beginning on the date on which such notice is given, or such shorter period of time as may be specified in such notice or in a subsequent notice delivered by the Company to such effect, if (i) the Company is, in its good faith judgment, in possession of Material Information, (ii) such Material Information would, in the judgment of the Company's board of directors (after consultation with counsel), need to be disclosed so as to permit the Warrant Shares to be sold in compliance with law, and (iii) disclosure of such Material Information would, in the good faith judgment of the Company (after consultation with counsel), be adverse to its interests. Should the ability of the Holders to exercise the Warrants be suspended for more than an aggregate of sixty (60) days in any three hundred sixty five (365) day period pursuant to this Section 4.3(b), the Exercise Period shall be extended by the aggregate number of days in such suspension period(s) in excess of sixty (60) days.

5. PAYMENT OF TAXES

The Company will pay all documentary stamp and other like taxes, if any, attributable to the initial issuance and delivery of the Warrants and the initial issuance and delivery of the Warrant Shares upon the exercise of Warrants. However, the Company shall not be required to pay any tax or taxes which may be payable in respect of any transfer of the Warrants or involved in the issuance or delivery of any Warrant Shares in a name other than that of the Holder of the Warrants being exercised, and the Warrant Agent shall not register any such transfer or issue or deliver any Warrant Certificate(s) or Warrant Shares unless or until the persons requesting the registration or issuance shall have (i) paid to the Warrant Agent for the account of the Company the amount of such tax, if any, (ii) established to the reasonable satisfaction of the Company that such tax, if any, has been paid, or (iii) delivered to the Company an opinion of legal counsel that no such tax is due.

6. LOST OR STOLEN WARRANT CERTIFICATES

In the event that any Warrant Certificate shall be mutilated, lost, stolen or destroyed, the Company shall issue, and the Warrant Agent shall countersign and deliver, a replacement Warrant Certificate representing an equivalent right or interest. The Holder must submit evidence reasonably satisfactory to the Company and the Warrant Agent of such loss, theft or destruction of such Warrant Certificate and an indemnity or bond, if requested by the Company or the Warrant Agent, also reasonably satisfactory to them. An applicant for such a substitute Warrant Certificate shall also comply with such other reasonable procedures as the Company or the Warrant Agent may reasonably require. The Company and Warrant Agent may charge the Holder for their expenses in replacing a Warrant Certificate.

7. RESERVATION OF WARRANT SHARES

7.1 Reservation of Common Stock. The Company shall at all times keep reserved out of its authorized Common Stock, free of all preemptive rights, a number of shares of Common Stock sufficient to provide for the exercise of the rights of purchase represented by the outstanding Warrants. The transfer agent for the Common Stock and every subsequent or other transfer agent for any shares of the Company's capital stock issuable upon the exercise of the Warrants (each, a "Transfer Agent") will be and are hereby irrevocably authorized and directed at all times to reserve such number of authorized shares of Common Stock as shall be required for such purpose. The Company will keep a copy of this Agreement on file with each Transfer Agent. The Company will supply its Transfer Agent with duly executed stock certificates for such purposes and will itself provide or otherwise make available any cash which may be payable as provided in Section 9. The Company will furnish to its Transfer Agent a copy of all notices of adjustments, and certificates related thereto, transmitted to each Holder. The Company will give the Warrant Agent prompt notice of any change in any Transfer Agent or any change of address of any Transfer Agent.

7.2 Corporate Actions. Before taking any action which would cause an adjustment pursuant to Section 8 reducing the Exercise Price, the Company will take any and all corporate action which may be necessary in order that the Company may validly and legally issue fully paid and non-assessable Warrant Shares at the Exercise Price as so adjusted.

8. ADJUSTMENT OF WARRANT SHARES AND EXERCISE PRICE.

8.1 Adjustments. The Warrant Shares purchasable upon the exercise of each Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Adjustment for Change in Capital Stock. Subject to Section 8.1(b), in case the Company shall (i) pay a dividend on its outstanding shares of Common Stock in shares of Common Stock or make a distribution of shares of Common Stock on its outstanding shares of Common Stock, (ii) make a distribution on its outstanding shares of Common Stock in shares of its capital stock other than Common Stock, (iii) subdivide its outstanding shares of Common Stock into a greater number of shares of Common Stock, (iv) combine its outstanding shares of Common Stock into a smaller number of shares of Common Stock, or (v) issue, by reclassification of its shares of Common Stock, other securities of the Company (including any such reclassification in connection with a consolidation or merger in which the Company is the surviving entity) (each, an "Adjustment Event"), then the number of Warrant Shares purchasable upon exercise of each Warrant immediately prior to the Adjustment Event shall be adjusted so that the Holder of each Warrant shall be entitled to receive the kind and number of Warrant Shares or other securities of the Company which such Holder would have owned or have been entitled to receive upon the happening of the Adjustment Event had such Warrant been exercised in full immediately prior to the happening of such Adjustment Event or any record date with respect to such Adjustment Event. If a Holder is entitled to receive shares of two or more classes of capital stock of the Company pursuant to the foregoing sentence upon exercise of Warrants, the allocation of the adjusted Exercise Price between such classes of capital stock shall be determined reasonably and in good faith by the Board of Directors of the Company. After such allocation, the exercise privilege and the Exercise Price with respect to each class of capital stock shall thereafter be subject to adjustment on terms substantially identical to those applicable to Common Stock in this Section 8. An adjustment made pursuant to this Section 8.1(a) shall become effective immediately after the record date for such Adjustment Event or, if none, immediately after the effective date of such Adjustment Event. Such adjustment shall be made successively whenever an Adjustment Event occurs.

(b) Minimum Adjustment. No adjustment in the number of Warrant Shares purchasable by a Holder pursuant to Section 8.1(a) shall be required unless such adjustment would require an increase or decrease of at least one percent (1%) in the number of Warrant Shares purchasable upon the exercise of each Warrant. The amount by which any adjustment is not made by reason of this subsection shall be carried forward and taken into account in any subsequent adjustment. All calculations shall be made to the nearest one-hundredth of a Warrant Share.

(c) Adjustment in Exercise Price. Whenever the number of Warrant Shares purchasable upon the exercise of each Warrant is adjusted pursuant to Section 8.1(a), the Exercise Price payable for each Warrant Share immediately prior to such adjustment shall be adjusted (to the nearest cent) by multiplying such Exercise Price by a fraction, the numerator of which shall be the number of Warrant Shares purchasable upon the exercise of each Warrant immediately prior to the Adjustment Event and the denominator of which shall be the number of Warrant Shares purchasable immediately after the Adjustment Event.

8.2 Notice of Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of each Warrant or the Exercise Price of Warrant Shares is adjusted, the Company shall cause the Warrant Agent promptly to mail to each Holder, at the sole expense of the Company, by first class mail, postage prepaid, notice of such adjustment or adjustments and shall deliver to the Warrant Agent a certificate of an officer of the Company setting forth: (a) the number of Warrant Shares purchasable upon the exercise of each Warrant and the Exercise Price for each Warrant Share after such adjustment, (b) a brief statement of the facts requiring such adjustment, and (c) the computations by which such adjustment was made. The Warrant Agent shall be entitled to rely on such certificate and shall be under no duty or responsibility with respect to any such certificate, except to exhibit the same, from time to time, to any Holder requesting an inspection of such certificate during reasonable business hours.

8.3 Merger or Consolidation.

(a) In case of any consolidation or merger of the Company into another entity, or any sale of all or substantially all assets of the Company (collectively, a "Reorganization"), the Company or such successor entity shall on or before the date of consummation of the Reorganization (the "Closing Date"), at its option, either:

(i) deliver to the Warrant Agent a notice of redemption (the "Redemption Notice"), which shall be binding on the Company and on all Holders, and redeem all Warrants by payment, in cash, to each Holder of an amount equal to the excess, if any, of (A) the value of the consideration that each such Holder would have been entitled to receive upon the consummation of the Reorganization had such Holder exercised all of such Holder's Warrant(s) immediately prior to such Reorganization, over (B) the aggregate Exercise Price that would have been payable by each such Holder upon any such exercise immediately prior to such Reorganization, such payments to be made within ten (10) Business Days of the Closing Date; or

(ii) execute and deliver to the Warrant Agent an agreement, which shall be binding on the Holders, that each Holder shall have the right thereafter upon payment of the Exercise Price in effect immediately prior to such action (after giving effect to any applicable adjustments) to purchase upon exercise of each Warrant the kind and amount of shares and other securities and property (including cash) which such Holder would have owned or have been entitled to receive upon the consummation of the Reorganization had such Warrant been exercised immediately prior to such Reorganization. The Company shall at its sole expense mail, by first class mail, postage prepaid, to each Holder notice of the execution of any such agreement. Such agreement shall provide for adjustments, which shall be substantially identical to the adjustments provided for in this Section 8.

(b) In the event the Company delivers a Redemption Notice, any right to exercise a Warrant shall terminate at 5:00 p.m., Holland, Michigan time, on the Closing Date. On and after the Closing Date, the Holders of the Warrants shall have no further rights except to receive, upon surrender of the Warrant, the Redemption Price, without interest.

(c) The Company shall not merge or consolidate with or into any other entity, unless the successor entity (if not the Company) shall expressly assume, by supplemental agreement reasonably satisfactory in form and substance to the Warrant Agent in its sole judgment and executed and delivered to the Warrant Agent, the performance and observance of each and every covenant and condition of this Agreement to be performed and observed by the Company. The provisions of this Section 8.3 shall similarly apply to successive consolidations or mergers.

8.4 Other Events. If any event occurs of the type contemplated by the provisions of this Section 8 but not expressly provided for by such provisions, then the Company's Board of Directors will in good faith make an appropriate adjustment in the Exercise Price and the number or type of Warrant Shares so as to protect the rights of the Holders.

8.5 Statement on Warrants. Irrespective of any adjustments in the Exercise Price or the number or kind of securities purchasable upon the exercise of the Warrants, Warrants previously issued may continue to express the same Exercise Price and number and kind of Warrant Shares as are stated in the Warrants when initially issued.

8.6 No Impairment. The Company shall not, for the purpose of avoiding or seeking to avoid the observance or performance of any of the terms and provisions of this Agreement, amend its Articles of Incorporation or engage in any reclassification, reorganization, consolidation, merger, dissolution, liquidation, issue, sale or exchange of securities or any other voluntary action.

9. FRACTIONAL INTERESTS

Neither the Company nor the Warrant Agent shall be required to issue fractional Warrant Shares on the exercise of Warrants. If more than one Warrant shall be exercised at the same time by the same Holder, the number of full Warrant Shares which shall be issuable upon such exercise shall be computed on the basis of the aggregate number of Warrants so exercised. If any fraction of a Warrant Share would, except for the provisions of this Section 9, be issuable on the exercise of any Warrant, the Company shall pay an amount in cash equal to the Trading Price for one share of Common Stock on the date the Warrant Certificate is presented for exercise, multiplied by such fraction.

10. NO RIGHTS AS STOCKHOLDERS

10.1 No Rights. Nothing contained in this Agreement or in any of the Warrants shall be construed as conferring upon the Holders or their transferees the right to vote, to receive dividends, to receive notice as stockholders in respect of any meeting of stockholders for the election of directors of the Company or any other matter, or to receive any rights whatsoever as stockholders of the Company.

10.2 Notice of Certain Events. In the event the Company shall:

(a) authorize the issuance to all holders of shares of Common Stock of rights, options or warrants to subscribe for or purchase shares of Common Stock or any other subscription rights, options or warrants;

(b) authorize the distribution to all holders of shares of Common Stock of securities or assets (other than cash dividends);

(c) effect any Reorganization, any reclassification or change of Common Stock issuable upon exercise of the Warrants (other than a change in par value or as a result of a subdivision or combination of outstanding shares of Common Stock), or a tender offer or exchange offer for shares of Common Stock; or

- (d) effect a voluntary or involuntary dissolution, liquidation or winding up of the Company;

then the Company shall cause to be filed with the Warrant Agent and shall cause to be given to each Holder at its address appearing on the Warrant Register, at least twenty (20) calendar days prior to the applicable record date hereinafter specified, or promptly in the case of events for which there is no record date, by first class mail, postage prepaid, a written notice stating (x) the date as of which the Holders of record of shares of Common Stock entitled to receive any such rights, options, warrants or distribution are to be determined, (y) the initial expiration date set forth in any tender offer or exchange offer for shares of Common Stock, or (z) the date on which any such reclassification, Reorganization, dissolution, liquidation or winding up is expected to become effective or consummated, as well as the date as of which it is expected that Holders of record of shares of Common Stock shall be entitled to exchange such shares for securities or other property, if any, deliverable upon such reclassification, Reorganization, dissolution, liquidation, or winding up. The failure to give the notice required by this Section 10.2 or any defect therein shall not affect the legality or validity of any distribution, right, option, warrant, reclassification, Reorganization, dissolution, liquidation, winding up or action, or the vote upon any of the foregoing.

11. WARRANT AGENT

11.1 Appointment. The Company hereby appoints the Warrant Agent to act as agent for the Company in accordance with the terms and conditions of this Agreement, and the Warrant Agent hereby accepts such appointment. The Warrant Agent undertakes the duties and obligations imposed by this Agreement upon the terms and conditions set forth in this Agreement.

11.2 Rights and Duties of Warrant Agent.

(a) Agent for the Company. In acting under this Agreement and in connection with the Warrant Certificates, the Warrant Agent is acting solely as agent of the Company and does not assume any obligation or relationship or agency or trust for or with any of the Holders or beneficial owners of Warrants.

(b) Counsel. The Warrant Agent may consult with counsel satisfactory to it (who may be counsel to the Company), and the Warrant Agent shall incur no liability or responsibility to the Company or to any Holder in respect of any action taken, suffered or omitted by it in good faith and in accordance with the opinion or the advice of such counsel.

(c) Documents. The Warrant Agent shall incur no liability for or in respect of any action taken, suffered or omitted by it in reliance upon any Warrant Certificate, notice, direction, consent, certificate, affidavit, statement or other paper or document reasonably believed by it to be genuine and to have been presented or signed by the proper parties.

(d) No Implied Obligations. The Warrant Agent shall be obligated to perform only such duties as are specifically set forth in this Agreement and in the Warrant Certificates, and no implied duties or obligations of the Warrant Agent shall be read into this Agreement or the Warrant Certificates against the Warrant Agent. The Warrant Agent shall have no duty or responsibility in case of any default by the Company in the performance of its covenants or agreements contained in this Agreement or in the Warrant Certificates.

(e) Not Responsible for Adjustments or Validity of Stock. The Warrant Agent shall not at any time be under any duty or responsibility to any Holder to conduct any review or investigation to determine whether any facts exist that may require an adjustment of the number of Warrant Shares or other property issuable upon exercise of each Warrant or the Exercise Price, with respect to the nature or extent of any adjustment when made, or with respect to the method employed in making such adjustment. The Warrant Agent shall not be accountable with respect to the validity or value of any shares of Common Stock or of any securities or property which may at any time be issued or delivered upon the exercise of any Warrant or upon any adjustment. The Warrant Agent shall not be responsible for any failure of the Company to make any cash payment or to issue, transfer or deliver any shares of Common Stock or stock certificates upon the surrender of any Warrant Certificate for the purpose of exercise or upon any adjustment.

11.3 Other Transactions in Securities of the Company. The Warrant Agent and any stockholder, director, officer or employee of the Warrant Agent may buy, sell or deal in any of the Warrants or any other securities of the Company, acquire a pecuniary interest in any transaction in which the Company may be interested, contract with or lend money to the Company and otherwise act as fully and freely as though it were not Warrant Agent under this Agreement. Nothing herein shall preclude the Warrant Agent from acting in any other capacity for the Company or for any other Person.

11.4 Compensation and Indemnity. The Company agrees that the Warrant Agent is entitled, from time to time, to reasonable compensation for its services as mutually agreed and to reimbursement for all reasonable out-of-pocket expenses incurred by it, including the reasonable compensation and expenses of the Warrant Agent's agents and counsel. The Company shall indemnify the Warrant Agent against any loss, liability or expense, including reasonable attorneys' fees, incurred by it without negligence, willful misconduct, or bad faith on its part arising out of or in connection with the acceptance or performance of its duties under this Agreement. The Warrant Agent shall notify the Company promptly of any claim for which it may seek indemnity. The Company need not reimburse any expense or indemnify against any loss or liability incurred by the Warrant Agent through willful misconduct, negligence or bad faith. The Company's payment obligations pursuant to this Section 11.4 shall survive the termination of this Agreement.

11.5 Instructions from Company. The Warrant Agent is hereby authorized and directed to accept instructions with respect to the performance of its duties from the Chairman of the Board, the President, a Vice President, the Treasurer or the Secretary of the Company, and to request from such officers advice or instructions in connection with its duties. The Warrant Agent shall not be liable for any action taken, suffered or omitted by it in good faith in accordance with instructions of any such officer or officers, provided such instructions are not in contravention of this Agreement.

11.6 Successor Warrant Agent.

(a) Resignation and Removal. Upon sixty (60) days' prior written notice, the Warrant Agent may resign at any time, and such notice shall specify the date on which the resignation shall become effective. The Warrant Agent may be removed at any time by the Company upon sixty (60) days' prior written notice, which notice shall specify the date on which the removal shall become effective. Notwithstanding the foregoing, no resignation or removal shall take effect until the appointment by the Company of a successor Warrant Agent and the acceptance of such appointment by such successor Warrant Agent.

(b) Appointment of Successor. In the event that the Warrant Agent shall resign or be removed, shall become insolvent, shall consent to the appointment of or taking possession by a receiver, custodian, liquidator, assignee, trustee, sequestrator (or other similar official) of the Warrant Agent or its property or affairs, shall make an assignment for the benefit of creditors, or shall admit in writing its inability to pay its debts generally as they become due, a successor Warrant Agent shall be appointed by the Company. Any successor Warrant Agent shall be a bank or trust company, in good standing, incorporated under the laws of the United States of America or any state thereof, and having at the time of its appointment as Warrant Agent a combined capital and surplus of at least \$100,000,000.

(c) Successor To Expressly Assume Duties. Any successor Warrant Agent shall execute, acknowledge and deliver to its predecessor and to the Company an instrument accepting such appointment, and upon the delivery of such instrument, the successor Warrant Agent, without any further act, deed or conveyance, shall become vested with all the rights and obligations of such predecessor with like effect as if originally named as Warrant Agent under this Agreement, and the predecessor Warrant Agent, upon payment of its charges and disbursements then unpaid, shall become obligated to transfer, deliver and pay over all monies, securities and other property on deposit with or held by such predecessor as Warrant Agent. Upon the appointment of a successor Warrant Agent, the successor Warrant Agent shall mail, by first class mail, postage prepaid, to each Holder, written notice of such removal or resignation of the predecessor Warrant Agent and the name and address of the successor Warrant Agent.

(d) Successor by Merger. Any corporation or entity into which the Warrant Agent may be merged or consolidated, any corporation or entity resulting from any merger or consolidation to which the Warrant Agent shall be a party, or any corporation to which the Warrant Agent shall sell or otherwise transfer all or substantially all of its assets and business shall be the successor Warrant Agent under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties to this Agreement, provided that the successor Warrant Agent is eligible for appointment as a successor Warrant Agent under the provisions of this Section 11.6. If at the time a successor Warrant Agent is appointed any of the Warrant Certificates shall have been countersigned but not delivered, any such successor Warrant Agent may adopt the countersignature of the original Warrant Agent and deliver such Warrant Certificates so countersigned, and all such Warrant Certificates shall be fully valid and effective as provided in this Agreement.

(e) Name Change. If the name of the Warrant Agent shall be changed and at such time any of the Warrant Certificates shall have been countersigned but not delivered, the Warrant Agent may adopt the countersignatures under its prior name and deliver such Warrant Certificates so countersigned, and all such Warrant Certificates shall be fully valid and effective as provided in this Agreement.

12. MISCELLANEOUS

12.1 Notices.

(a) Any notice pursuant to this Agreement shall be in writing addressed to the relevant address set forth below or such other relevant address as may be specified in writing by the relevant party. A notice shall be deemed properly made: (i) upon personal delivery, (ii) five (5) days after deposit in the mail, postage prepaid, first class mail, or (iii) one (1) day after deposit with a recognized overnight courier, postage prepaid.

If to the Company:

Macatawa Bank Corporation
10753 Macatawa Drive
Holland, Michigan 49424
Attn: Chief Financial Officer
Facsimile: (616) 494-7644

If to the Warrant Agent:

Registrar and Transfer Company
10 Commerce Drive
Cranford, New Jersey 07016
Attn: Daniel Flynn
Facsimile: (908) 497-2310

(b) Any notice pursuant to this Agreement by the Company or the Warrant Agent to the Holders shall be in writing and shall be delivered to such Holders at their respective addresses in the Warrant Register. The address of each Holder shall be as provided in the Warrant Register. Any Holder may change its address by notice to the Company and the Warrant Agent given in accordance with this Section 12.1. Failure to provide notice to a Holder or any defect in such notice shall not affect its sufficiency with respect to other Holders. If a notice is mailed in the manner provided by this Section 12, it is duly given, whether or not the addressee receives it.

12.2 Cancellation of Warrants. In the event the Company shall purchase or otherwise acquire Warrants, such Warrants shall be delivered to the Warrant Agent and be cancelled by it and retired. The Warrant Agent shall cancel any Warrant Certificate surrendered for exchange, substitution, transfer or exercise in whole or in part.

12.3 Supplements and Amendments. The Company and the Warrant Agent may from time to time supplement or amend this Agreement, the Warrants and the Warrant Certificates without approval of any Holder, in order to: (a) cure any ambiguity or correct or supplement any provision contained in the Agreement, the Warrants and the Warrant Certificates that may be defective or inconsistent with any other provision in such documents, (b) comply with the requirements of any national securities exchange or the Market, or (c) make any other changes to this Agreement, the Warrants and the Warrant Certificates that (i) the Company and the Warrant Agent may deem necessary or desirable, (ii) shall not be inconsistent with the provisions of this Agreement, the Warrants and the Warrant Certificates, and (iii) shall not adversely affect the rights of any Holder. Any other supplement or amendment to this Agreement, the Warrants and the Warrant Certificates may be made with the approval of the Holders of a majority of the then outstanding Warrants, provided, however, that no such supplement or amendment shall, without the written consent of each Holder affected thereby, (w) shorten the Exercise Period for any Warrant, (x) increase the Exercise Price payable pursuant to any Warrant, (y) modify the provisions of this Section 12.3 or (z) increase the obligations of any Holder or otherwise disproportionately adversely affect the rights of any Holder. The Company shall give or cause the Warrant Agent to give prompt notice to all Holders of any supplement or amendment pursuant to this Section 12.3.

12.4 Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Warrant Agent shall bind and inure to the benefit of the Company or the Warrant Agent and their respective successors.

12.5 Applicable Law. The terms and conditions of this Agreement and the Warrants shall be governed, construed, interpreted, and enforced in accordance with the domestic laws of the State of Michigan, without regard to its conflict of laws principles.

12.6 Benefits of this Agreement. Nothing in this Agreement shall be construed to give any person or corporation other than the Company, the Warrant Agent and the Holders any legal or equitable right, remedy or claim under this Agreement. This Agreement shall be for the sole and exclusive benefit of the Company, the Warrant Agent, their respective assigns and the Holders.

12.7 Execution in Counterparts. This Agreement may be executed in multiple counterparts, which, when taken together, shall constitute one and the same instrument.

12.8 Captions. The captions of the sections and subsections of this Agreement have been inserted for convenience only and shall have no substantive effect.

THIS WARRANT IS GOVERNED BY AND SUBJECT TO THE TERMS AND CONDITIONS CONTAINED IN THE WARRANT AGREEMENT. A COPY OF THE WARRANT AGREEMENT MAY BE OBTAINED UPON REQUEST FROM MACATAWA BANK CORPORATION OR THE WARRANT AGENT .

Warrant to Purchase Common Stock of Macatawa Bank Corporation

This Warrant (the "Warrant") is issued to _____, or his, her or its registered assigns (the "holder") by Macatawa Bank Corporation, a Michigan corporation (the "Company"), on _____, 2009 (the "Warrant Issue Date"). This Warrant is issued pursuant to that certain Warrant Agreement, dated _____, 2009 (the "Warrant Agreement"), between the Company and Registrar and Transfer Company, a New Jersey corporation (the "Warrant Agent") and in furtherance of that certain Settlement and Release and Stock and Warrant Issuance Agreement, dated [November 26, 2008], in settlement of the lawsuit pending in the United States District Court for the Western District of Michigan, entitled *In re Trade Partners, Inc. Investor Litigation*, Case No. 1:07-MD-1846-RHB, and the lawsuit pending in the Kent County Circuit Court in Grand Rapids, Michigan, entitled *Giese et al. v. Macatawa Bank Corp et al.*, Case No. 06-11707-CZ.

1. **Definitions.** All capitalized terms not defined herein shall have the meanings ascribed to them in the Warrant Agreement.

2. **Purchase Shares.** Subject to the terms and conditions hereinafter set forth, the holder is entitled, upon surrender of this Warrant to the Warrant Agent, to purchase from the Company up to _____ (_____) fully paid and non-assessable shares of the Company's Common Stock. The number of shares of Common Stock issuable pursuant to this Section 2 shall be subject to adjustment pursuant to Section 8 of the Warrant Agreement.

3. **Exercise Price.** The purchase price for each Warrant Share shall be \$9.00 per share, as adjusted from time to time pursuant to Section 8 of the Warrant Agreement (the "Exercise Price"). All payments shall be made in lawful money of the United States of America by certified or official bank check or checks payable to the order of the Company or by wire transfer.

4. **Exercise Period.** This Warrant shall be exercisable, in whole or in part, on any Business Day, from and after the later of (a) _____, 2009 and (b) the Effective Date of the Registration Statement and until 5:00 p.m., Holland, Michigan time, on the fifth anniversary of the later of (a) or (b), as such period may be extended pursuant to the terms of the Warrant Agreement (the "Exercise Period").

5. **Method of Exercise.** While this Warrant remains outstanding and during the Exercise Period, the holder may exercise, in whole or in part, the purchase rights evidenced hereby. Such exercise shall be effected by: (a) the surrender of this Warrant, together with a duly executed copy of the form of Notice of Election (attached to this Warrant), to the Warrant Agent at its principal offices; and (b) the payment to the Warrant Agent for the account of the Company of an amount equal to the aggregate Exercise Price for the number of Warrant Shares being purchased in any manner permitted in the Warrant Agreement.

6. **Certificates for Warrant Shares.** Upon the exercise of the purchase rights evidenced by this Warrant, one or more certificates for the number of Warrant Shares so purchased shall be issued as soon as practicable thereafter (with appropriate restrictive legends, if applicable), and in any event within thirty (30) days of the delivery of the Notice of Election. In case the holder shall exercise this Warrant with respect to less than all of the Warrant Shares that may be purchased under this Warrant, the Company shall execute a new warrant in the form of this Warrant for the balance of such Warrant Shares and deliver such new warrant to the holder of this Warrant.

7. No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares shall be issued upon the exercise of this Warrant, but in lieu of such fractional shares, the Company shall make a cash payment for such fractional shares or scrip on the basis of the Trading Price determined as of the date of exercise.

8. No Shareholder Rights. Prior to exercise of this Warrant, the holder shall not be entitled to any rights of a shareholder with respect to the Warrant Shares, including (without limitation) the right to vote such Warrant Shares, receive dividends or other distributions thereon, exercise preemptive rights or be notified of shareholder meetings, and such holder shall not be entitled to any notice or other communication concerning the business or affairs of the Company. However, nothing in this Section 8 shall limit the right of the holder to be provided the notices required under the Warrant Agreement.

9. Transfers of Warrant. Subject to compliance with applicable federal and state securities laws, this Warrant and all rights (but only with all related obligations) under this Warrant are transferable in whole or in part by the holder. The transfer shall be recorded on the books of the Company upon (a) the surrender of this Warrant, properly endorsed, or as otherwise provided for in Section 3 of the Warrant Agreement, to the Warrant Agent at its principal offices, and (b) the payment to the Company of all transfer taxes and other governmental charges imposed on such transfer. In the event of a partial transfer, the Company shall issue to the holders one or more appropriate new warrants.

10. Successors and Assigns. The terms and provisions of this Warrant and the Warrant Agreement shall inure to the benefit of, and be binding upon, the Company and the holders hereof and their respective successors and assigns.

11. Amendments and Waivers. Any term of this Warrant may be amended and the observance of any term of this Warrant may be waived (either generally or in a particular instance and either retroactively or prospectively), with the written consent of the Company and the holder. Any waiver or amendment effected in accordance with this Section shall be binding upon each holder of any Warrant Shares purchased under this Warrant at the time outstanding (including securities into which such Warrant Shares have been converted), each future holder of all such Warrant Shares, and the Company.

12. Notices. All notices required under this Warrant shall be deemed to have been given or made for all purposes (a) upon personal delivery, (b) five (5) days after deposit in the mail, postage prepaid, first class mail, or (c) one (1) day after deposit with a recognized overnight courier, postage prepaid. Notices to the Company shall be sent to 10753 Macatawa Drive, Holland, Michigan 49424 (or at such other place as the Company shall notify the holder hereof in writing). Notices to the holder shall be sent to the address of the holder in the Warrant Register. Notices to the Warrant Agent shall be sent to 10 Commerce Drive, Cranford, New Jersey 07016, Attn: Dan Flynn (or such other address as the Warrant Agent shall indicate in a notice to the Company and the holder).

13. Captions. The section and subsection headings of this Warrant are inserted for convenience only and shall not constitute a part of this Warrant in construing or interpreting any provision hereof.

14. Governing Law. The terms and conditions of this Warrant shall be governed, construed, interpreted, and enforced in accordance with the domestic laws of the State of Michigan, without regard to its conflict of laws principles.

15. Warrant Agreement. This Warrant is governed by and subject to the terms and conditions contained in the Warrant Agreement. In the event of a conflict between the provisions of the Warrant Agreement and this Warrant, the provisions of the Warrant Agreement shall govern. A copy of the Warrant Agreement may be obtained at no cost upon request from the Company at its principal office or from the Warrant Agent.

IN WITNESS WHEREOF, the Company and the Warrant Agent have caused this Warrant to be executed by their duly authorized officers.

EXHIBIT 31.1

I, Ronald L. Haan, certify that:

1. I have reviewed this quarterly report on Form 10-Q for the quarter ended March 31, 2014 of Macatawa Bank Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
